Evolution (CBSE and NCERT)Creation vs Evolution Studies

Evolution is a theory proposed by scientists to explain the origin of all species. Because both explanations are theories, neither can be proven right or wrong. To make a decision on which theory is correct, people must choose either religion or science. The first theory about the origin of man is called creationism. Doing a Report on Creation vs. Evolution | Answers in Genesis of evolution by saying that the Big Bang is merely a theory. The only reply that the scientific world can refute this with is the fact that relativity and gravity, are also theories. This argument by creationists is obviously not in their favor. The creation of the universe by scientific means is a world-wide theory that many creationists
