Have you read any of these
other credit repair books? I
have read almost all of them.
Most should be filed in the
fiction section of
Amazon. Seriously I know
most of these people have no
idea what they are talking
about. It's like someone got
something deleted from their
report and they are experts. I
first started working in the
credit business many years
ago. My first job was working

as a loans officer for a
national bank. My job was to
get financing for people with
very shaky credit. Much of
my pay was commission
based. This really drove me
to help people get the loans
they needed. The only way to
do this was to rapidly
increase their credit score. At
first this seemed impossible
but after a chance encounter
with a man named Tom
Bradley things started to
change. Tom worked at a
national credit bureau and
we met at a business
convention about

mortgages. Tom showed me many techniques on Rapid Rescoring and Quick Credit Repair Techniques. Me and Tom stayed in touch and a few years before he retired he got me a job at his credit bureau. When I first got there I was very surprised at how high up in the company he was. He took me under his wing and that's when school got kicked into high gear. We worked 9 hour days and every second Saturday. Talk about a lesson on the credit industry. He showed me things that would be the difference between someone losing their house or not. It was very powerful stuff. I could go on and on here about my experience working as a credit bureau manager or how I was a loans officer for 6 years but I won't bore you with all the details. This really is not about me anyways. It's about you and your credit. You can choose to believe me or not. But here are some things to consider 1) I am a real person, with my book I include my phone number and email. 2) Don't ever (like all these books tell you) get your free report from www.annualcreditreport.com. This gives the bureau's 45 days to respond instead of 30 days. 3) When you get your report Opt out of the mandatory arbitration agreement or you are already starting to lose the game. 4) Your credit dispute has been **OUTSOURCED TO INDIA**. 5) My book was updated in 2016 not some old stuff these books try to tell you will work. For the cost of a few overpriced Starbucks Frappuccino's I am going to

sit down with you through my book and give you the real deal. You will learn how to beat the system legally. See you on the other side.
