novelist and poet. He was influenced by Romanticism and it has been reflected in his novels and poetry. He was criticised by the victorian society on the issue of the declining status of rural people in Britain. He was basically a poet. Initially he started writing poems. But he gained fame after his novels, such as - Far from the Madding Crowd, The Mayor of Casterbridge, Tess of the d'Urbervilles and Jude the Obscure. Two of his novels, 'Tess of the d'Urbervilles' and 'Far from the Madding Crowd', were listed in top 50 on the BBC survey- The Big Road. The story of 'Tess of the d'Urbervilles' revolves around a 16 year old very simple girl, named Tess Durbeyfield, who is the eldest daughter of John and Joan Durbeyfield. Since the family suffers acute financial crisis, so they approach the d'Urbervilles family who are holding huge land and having lot of money. There Tess meets Alec d'Urberville, who finds himself attracted to Tess. When Tess started working as a caretaker of Alec's blind mother's poultry farm, Alec gets an opportunity to rape her. After that there are many ups and down in Tess' life. She meets Mr. Crick for another job. She also meets one more fellow Angel Clare, who is a travelling farmer's apprentice. They marry each other. But after knowing her story, again there is a turn in Tess' life. How she

manages all such situation, how she meets all the financial aspects, lot of things happen with Tess. Even Alec and Angel both start searching for Tess. So, the story has become very interesting, full of climax. How Tess meets Alec or Angel? Whether she gets involved with any of these two again? There are so many presumptions. Readers will surely enjoy the story, full of suspense and never expected ups & downs in the life of all the characters. At

last, how Angel helps Tess and her family is the climax. Go ahead and must grab the book. A must read book for self development and how to be a good leader.

Killer Child Quirk Books

This second edition of "Children's needs - parenting capacity" updates the original exploration of the research literature in the light of legal and policy changes in England and findings from more recent national and international research. The edition has

also been expanded to cover parental learning disabilities and how it may impact on parenting and children's health and development. The findings show that these parenting issues affect children differently depending on their age and individual circumstances. While some children grow up apparently unscathed, others exhibit emotional and behavioural disorders. This knowledge can inform practitioners undertaking assessments of the needs of children and their families

and effective service responses. This publication is essential reading for practitioners, managers and policy makers concerned with improving the outcomes for children and families who are experiencing such problems.

Things Fall Apart Allison & Busby

England's controversial #1 best-seller. What brings a child to kill another child? In 1968, at age eleven, Mary Bell was tried and convicted of murdering two small boys in Newcastle upon Tyne, England. Gitta Sereny, who covered the sensational

trial, never believed the characterization of Bell as the incarnation of evil, the bad seed personified. If we are ever to understand the pressures that lead children to commit serious crimes, Sereny felt, only those children, as adults, can enlighten us. Twenty-seven years after her conviction, Mary Bell agreed to talk to Sereny about her harrowing childhood, her terrible acts, her public trial, and her years of imprisonment-to talk about what was done to her and what she did, who she was and who she became. Nothing Bell says is intended as an excuse for her crimes. But her

devastating story forces us to ponder society's responsibility for children at the breaking point, whether in Newcastle, Arkansas, or Oregon. A masterpiece of wisdom and sympathy, Gitta Sereny's wrenching portrait of a girl's damaged childhood and a woman's fight for moral regeneration urgently calls on us to hear the cries of all children at risk.

A riveting and powerful story of an unforgiving time, an unlikely friendship and an indestructible love

The Short Lives and Strange Deaths of Marybeth Tinning's Nine Children Penguin Group USA

Here is a book as joyous and painful, as mysterious and memorable, as childhood itself. *I Know Why the Caged Bird Sings* captures the longing of lonely children, the brute insult of bigotry, and the wonder of words that can make the world right. Maya Angelou's debut memoir is a modern American classic beloved worldwide. Sent by their mother to live with their devout, self-sufficient grandmother in a small Southern town, Maya and her brother, Bailey, endure the

ache of abandonment and the prejudice of the local "powhitetrash." At eight years old and back at her mother's side in St. Louis, Maya is attacked by a man many times her age—and has to live with the consequences for a lifetime. Years later, in San Francisco, Maya learns that love for herself, the kindness of others, her own strong spirit, and the ideas of great authors ("I met and fell in love with William Shakespeare") will allow her to be free instead of imprisoned. Poetic and powerful, *I Know Why the Caged Bird Sings* will touch hearts and change minds for as long as people read. "I

Know Why the Caged Bird Sings liberates the reader into life simply because Maya Angelou confronts her own life with such a moving wonder, such a luminous dignity."—James Baldwin From the Paperback edition.

Reflections on Sacred Drugs, Mysticism, and Science A&C Black

Jonathan Paul goes behind the sensationalist headlines of 'child killers' to investigate why these crimes happen. He examines child homicide in today's violent, confusing world and

contextualises it against the cruel unforgiving retribution of yesterday. Children are increasingly experimenting with drugs and committing offences, but there are those who commit the worst possible crimes: to end another person's life before their own could properly have begun. The cases are shocking but sometimes the path towards them is even more so. This is a fascinating exploration of disturbing events aimed at discovering what happens

when childhood is trodden underfoot, and when and why kids kill.

Friday, 12th February, 1993. Two outwardly unremarkable ten-year-old boys began the day by playing truant and ended it running an errand for the local video shop. In between they abducted and killed a two-year-old boy, James Bulger. In search of an explanation, award-winning journalist David James Smith looks behind the misinformation, misunderstanding and sensational reporting to an exact account of the events of that day. A

sensitive and definitive account, *The Sleep of Reason* achieves a unique understanding of the James Bulger case, and comes as close as may ever be possible to explaining how two ten-year-olds could kill.

A group of children use an abandoned shed in the fields near their apartment block as a summer hang-out. Three boys and two ten-year-old girls. Lazily, in the stifling heat, they listen to their REM tapes and explore each other's bodies. Away from parental eyes and in imitation of their older brothers and sisters, they start to take things too far, but it is only when the

ringleader and wild card, 14yr old Mirko, introduces the adult world of pornography into their games that irreparable damage is done. An intelligent and deeply disturbing first novel that bravely confronts the sexuality of children.

The Book Thief Penguin UK
What can drive a young and seemingly innocent child to kill? Murder is horrible enough when perpetrated by adults, and yet the concept takes on a whole new level of chilling morbidity when a murderer is revealed to be a young boy or girl. Is it the result of severe trauma manifesting itself in the most macabre of ways? Is it the progeny of some severe mental disorder? Or were they influenced by the actions of the people they grew up with? Most of the time, the answers to such a question are simple but no less horrific. Eleven-

year-old Mary Flora Bell was tried and found guilty, in 1968, for the coldhearted murders of two very young boys - crimes which she committed without any hint of remorse. After her past and motives have been examined, hindsight asks the pressing question: Had Mary being a victim herself turned her into a killer? In this brand new expanded edition, the author sets out to discover what really happened to turn young Mary into an infamous killer. In addition to the previously printed material, you will find an all-new introduction and chapters filled with the author's never before published in-depth study into

what made Mary angry enough to kill and her life after the crimes. From the details of her murders to the dark childhood she suffered, Mary Flora Bell's short, but horrific, time as a child serial killer will be analyzed in detail within *Mary Flora Bell: The Horrific True Story Behind An Innocent Girl Serial Killer*. Get your copy now and learn the tragic nature of a good girl gone bad and her road to redemption.

A controversial psychological examination of how soldiers' willingness to kill has been encouraged and exploited to the detriment of contemporary civilian society. Psychologist and US Army Ranger Dave Grossman writes that the vast majority of soldiers are loath to pull the trigger in battle. Unfortunately, modern armies, using Pavlovian and operant conditioning, have developed sophisticated ways of overcoming this instinctive aversion. The mental cost for members of the military, as witnessed by the increase in

post-traumatic stress, is devastating. The sociological cost for the rest of us is even worse: Contemporary civilian society, particularly the media, replicates the army's conditioning techniques and, Grossman argues, is responsible for the rising rate of murder and violence, especially among the young. Drawing from interviews, personal accounts, and academic studies, *On Killing* is an important look at the techniques the military uses to overcome the powerful reluctance to kill, of how killing affects the soldier, and of the societal implications of escalating violence.
