Countless billions of miles from home, they search for mineral resources that will feed the industries of an exhausted Earth. They know the rules: if anything goes wrong, no one is coming to help them. They are on their own. A catastrophic collision with a mystery vessel leaves the Caliban crippled and drifting, systems failing, crew desperate. Their one chance lies aboard the other ship--an alien hulk apparently long-abandoned,

with a cargo in her holds beyond all human comprehension. But deep in those endless hallways something else is stirring. And soon the few survivors are dying, seemingly at the hands of one of their own comrades. Crossed Avatar Press "The Crossed outbreak created a miserable grueling world of monsters that dash out all hope of survival and ensures a terrifying end to everything in their path. For the first time, master storyteller Garth Ennis takes you back to the early days of outbreak and delivers the unexpected--a patient zero tale. With the outbreak

spreading like wildfire across the globe, a group of soldiers attempt to piece together how the disease spread so quickly and to reverse the horror they see taking place in the streets. And as they struggle to catch up with events, a fleet of nuclear-armed planes carry the extinction of the human race as they race towards America, with only one British flight crew to stand in their way. No one can deliver this level of poignant horror like Garth Ennis. In a world where there is no help and there is no hope...there is only the

Simon Spurrier's award winning Crossed: Wish You Were Here is the first and only long form story set in Garth Ennis' horrific world of infection and depravity. A contagion - or a curse - has decimated the planet. Marked with a bloody cross, the Infected are driven to indulge their sickest desires. In this world of psychos, savages, and sexual predators, the few remaining uninfected learn to keep moving, endlessly fleeing fate. This is the story of those who refused. Those who are too desperate, too angry, or too broken to hide from horror. It's the story of a comic-book writer who witnessed the

downfall of London, and now finds himself in the midst of a new community, a new start, on a barren island off the Scottish coast. Pretending, just for a while, that he's safe, that he's useful... that he has a future. It won't last. There's no sanctuary. No fighting back. No hope. There's only the Crossed. This four-volume collection of Crossed: Wish You Were Here is beautifully presented in a value-priced collector's slipcase edition for the first time.

Features the wrenching finale of Paul Jenkins's never-before-collected run on the title, as well as Garth Ennis and John Higgins's brutal five-issue coda, "Son of Man." For a man as cynical and jaded as John Constantine, there's only one kind of torment for which he is unprepared: contentment. But the fact is (even though he recently cut off a piece of his soul and marooned it in Hell

to suffer for his sins), things are actually going pretty well. He's got a new girlfriend that he hasn't yet killed or damned or driven insane; his surviving friends and family are, by all accounts, still alive and healthy; and his enemies, for the most part, are either dead or trapped in some form of eternal torment. Not a bad score, overall. Naturally, this means that it's time for everything to go up in flames. Because when you're as prolific at making enemies as John Constantine is, there's always going to be a few that you don't know about, as well as one or two heavyweights who can afford to bide their time. When the two meet, it's best to get as far away as possible if the collateral damage

alone promises to be as deadly as it is indiscriminate. Collects HELLBLAZER #121-133.
