Michael O'Leary was born in Iveleary, the ancient tribal homeland of the O'Leary clan. It is a land of the warrior and the poet, where history and story go hand in hand, and the spiritual and the natural complement each other without contradiction or contrivance. This is a story of Ireland with the clan O'Leary at its core. It offers a perspective of Irish history as viewed from the half-door of a hillside cottage in Iveleary. It is a saga that thunders along the beautiful green and leafy Lee Valley - from its mystical source high up over Gougán, all the way to the Gearagh and the broad meandering latticework of waterways of Corcach Mór na Mumhan. Iveleary is not just a destination, it is a journey into time; it is a sound, a scent, a state of mind. Cónal Creedon invites you to join him on his voyage of discovery into the heartland of O'Leary country; a land where fact and fiction dovetail together seamlessly, and pagan tradition and Christian belief become one.

The acclaimed Korean author weaves a “disturbing, beautifully controlled” metaphysical detective story “of doubles, shadows, and parallel worlds” (Financial Times). It's Ayami's final day working the box-office at Seoul's only audio theater for the blind. Her last shift completed, she walks the streets with her former boss, searching for a missing friend. Their conversations take in art, love, food, and the inaccessible country to the north. The next day, Ayami acts as a guide for a detective novelist visiting from abroad. But as they contend with the summer heat, the edges of reality start to fray. Ayami enters a world of increasingly tangled threads, and the past intrudes upon the present as overlapping realities repeat, collide, change, and reassert themselves. Blisteringly original, Untold Night and Day upends the very structure of narrative storytelling. By one of the boldest and most innovative voices in contemporary Korean literature, and masterfully realized in English by Man Booker International Prize – winning translator Deborah Smith, Bae Suah's hypnotic novel asks whether more than one version of ourselves can exist at once.
