Discusses the use of leveled texts in kindergarten through eighth-

grade classrooms, level books. examines the "text base" needed for effective language literacy instruction, provides guidelines for creating a high-quality leveled book collection and matching books to readers, and explains how to analyze and grade classrooms, level books. A Story of Failed States, Financial Crises, and the Wealth and Poverty of Nations Scholastic Inc. This action packed reader-gripping book is a grueling harsh journey of Zimbabweans who cross

borders into South Africa illegally, in search of greener pastures. Their worst nightmare is not only the crocodile infested river Limpopo that they cross, but also what they locally call Amagumaguma, a notorious gang of thieves and contract slayers who prey on the little possessions they migrate with, rape or sodomize them and ruthlessly butcher the vulnerable in order to sell their body parts to local witchdoctors and those afar. These grisly murderers have laid into graves many lives! The ill-fated border jumpers also have to contend with vicious, ravenous predators like lions, leopards and hyenas and other such carnivores in search of easy prey. Brutal soldiers vigilantly guarding these borders for trespassers also add to their woes. Of course, these law-breaking border-jumpers have those who help them out. For a fee of a thousand five hundred rands or two hundred American dollars, the Malayisha (cross-border taxi drivers) transport them from various parts of Zimbabwe to the Beit-Bridge border post, where they are handed over to the Impisi (escorts) at secluded rendezvous outside the border posts. These Impisi are paid by the Malayisha to escort their passengers without passports, across river Limpopo right up to near Musina in South Africa where they pick them up again and take them to Johannesburg. The border jumpers however risk all these predators that hunt down anything that moves throughout the night. In the novel, we meet Themba Khumalo who had always wanted to go to the lucrative South Africa but

did not have Malayisha's fees until when his father died, he inherited two of his father's donkeys and gave them to a local Malayisha as payment in kind, for the fees to take him to Johannesburg. What he did not know was that where he was going, the familiar became mysterious and the unfamiliar, gruesome and bizarre indeed! It was a place of delusion and paradox with a very thin line between life and death, as too many predatory eyes were fixed on the prey!

Winner of The 2003 ASPCA Henry Bergh Children's Book Award Included on VOYA's ninth annual Nonfiction Honor List Since the first hungry wolf bravely approached an ancient cooking fire and was rewarded with a scrap of meat, our lives and the lives of dogs have been interwoven. Dogs have worked for us as warriors with ammunition strapped to their bodies. Dogs have gone through snow, icy seas, and into the dangerous rubble of collapsed buildings to rescue us. Dogs, with their spectacular ability

to detect odors, keep us safe by finding drugs and explosives. They lead us if we cannot see and react for us when we cannot hear. Most of all, they love us – and we love them. This fascinating book by Norma Fleck Award-winner, Gena K. Gorrell, describes the dogs of history, the evolution of breeds for different purposes, and the training involved in preparing the modern-day heroes who find lost children, nab criminals, and point out contraband – heroes who just happen to be dogs.

From the acclaimed author of *Conquistador* comes this thrilling account of one of history's greatest adventures of discovery. With cinematic immediacy and meticulous attention to historical detail, here is the true story of a legendary sixteenth-century explorer and his death-defying navigation of the Amazon—river of darkness, pathway to gold. In 1541, the brutal conquistador Gonzalo Pizarro and his well-born lieutenant Francisco Orellana set off from Quito in search of La Canela, South America's rumored Land of Cinnamon, and the fabled El Dorado, "the golden man." Driving an enormous retinue of mercenaries, enslaved natives, horses, hunting dogs, and other animals across the Andes, they watched their proud expedition begin to disintegrate even before they descended into the nightmarish jungle, following the course of a powerful river. Soon hopelessly lost in the swampy labyrinth, their numbers diminishing daily through disease, starvation, and Indian attacks, Pizarro and Orellana made a fateful decision to separate. While Pizarro eventually returned home barefoot and in rags, Orellana and fifty-seven men, in a few fragile craft, continued downriver into the unknown reaches of the mighty Amazon, serenaded by native war drums and the eerie cries of exotic predators. Theirs would be the greater glory. Interweaving eyewitness accounts

of the quest with newly uncovered details, Buddy Levy reconstructs the seminal journey that has electrified adventurers ever since, as Orellana became the first European to navigate and explore the entire length of the world ' s largest river. Levy gives a long-overdue account of the native populations—some peaceful and welcoming, offering sustenance and life-saving guidance, others ferociously hostile, subjecting the invaders to gauntlets of unremitting attack

and intimations of terrifying rituals. And here is the Amazon itself, a powerful presence whose every twist and turn held the promise of new wonders both natural and man-made, as well as the ever-present risk of death—a river that would hold Orellana in its irresistible embrace to the end of his life. Overflowing with violence and beauty, nobility and tragedy, *River of Darkness* is both riveting history and a breathtaking adventure that will sweep readers along on an epic voyage unlike any other.

themes of religion, violence, and love—all told with sly humor and a dash of magical realism. Established by the leaders of the country's only successful slave revolt in the mid-nineteenth century, Cross River still evokes the fierce rhythms of its founding. In lyrical prose and

singular dialect, a saga beats forward that echoes the fables carried down for generations—like the screecher birds who swoop down for their periodic sacrifice, and the water women who lure men to wet deaths. Among its residents—wildly spanning decades, perspectives, and species—are David

Sherman, a struggling musician who just happens to be God's last son; Tyrone, a ruthless PhD candidate, whose dissertation about a childhood game ignites mayhem in the neighboring, once-segregated town of Port Yooga; and Jim, an all-too-obedient robot who serves his Master. As the book builds to

its finish with Special Topics in Loneliness Studies, a fully-realized novella, two unhinged professors grapple with hugely different ambitions, and the reader comes to appreciate the intricacy of the world Scott has created—one where fantasy and reality are eternally at war.

Contemporary and essential, *The World Doesn't Require You* is a "leap into a blazing new level of brilliance" (Lauren Groff) that affirms Rion Amilcar Scott as a writer whose storytelling gifts the world very much requires. To Build a Fire Scholastic Inc. John Reynolds

story of a frontier boy raised by Indians, The Light in the Forest is a beloved American classic. When John Cameron Butler was a child, he was captured in a raid on the Pennsylvania frontier and adopted by the great warrior Cuyloga. Renamed True Son, he came to think of himself as fully Indian. But

eleven years later his tribe, the Lenni Lenape, has signed a treaty with the white men and agreed to return their captives, including fifteen-year-old True Son. Now he must go back to the family he has forgotten, whose language is no longer his, and whose ways of dress and behavior are

as strange to him as the ways of the forest are to them.
