A classic work of female psychology that uses seven archetypal goddesses as a way of describing behavior patterns and personality traits is being introduced to the next generation of readers with a new introduction by the author. Psychoanalyst Jean Bolen's career soared in the early 1980s when Goddesses in Everywoman was published. Thousands of women readers became fascinated with identifying their own inner goddesses and using these archetypes to guide themselves to greater self-esteem, creativity, and happiness. Bolen's radical idea was that just as women used to be unconscious of the powerful effects that cultural stereotypes had on them, they were also unconscious of powerful archetypal forces within them that influence what they do and how they feel, and which account for major differences among them. Bolen believes that an understanding of these inner patterns and their interrelationships offers reassuring,

true-to-life alternatives that take women far beyond such restrictive dichotomies as masculine/feminine, mother/lover, careerist/housewife. And she demonstrates in this book how understanding them can provide the key to self-knowledge and wholeness. Dr. Bolen introduced these patterns in the guise of seven archetypal goddesses, or personality types, with whom all women could identify, from the autonomous Artemis and the cool Athena to the nurturing Demeter and the creative Aphrodite, and explains how to decide which to cultivate and which to overcome, and how to tap the power of these enduring archetypes to become a better "heroine" in one's own life story.

Sophia's Return is an exploration of Goddess spirituality and an instructional book. It encourages women to lead their own sacred circle using the Celtic Wheel of the Year and shows them how to run a sacred or spirituality circle. This book includes the script for eight ceremonies typically used for the Celtic Wheel of the Year, for example, Summer Solstice, Autumn Equinox, Winter Solstice and Spring Equinox. Each ceremony includes a guided meditation and information about the Goddess honoured during that ceremony. Sample Maiden, Mother and Crone ceremonies as well as a personal memoir recounting the author's

own story and Goddess experience are included. This book is a beneficial tool for women of all ages who might be feeling a call for spirituality with the Feminine at its centre. One of the goals with this book is to give the reader the basic tools and foundation of knowledge to get started to run their own sacred circle in a simple and easy-to-use format.

It has been over twenty years since the full manuscript of my book was edited for publication in 1998. I had begun writing it in the previous decade, the 1980 ' s... a period of flourishing women ' s liberation movements against the patriarchal status quo. Books about women ' s sexuality and spirituality were flooding the bookstores, and many writers were producing profound studies of the untold heroism of women throughout history. I was a pioneer in the burgeoning field of Sex therapy and education at the University of Minnesota Medical School ' s " Program in Human Sexuality. " In addition, I conducted women ' s self-enrichment groups and workshops in my private practice... " Woman ' s Discovery Institute " ... where I also gave professional Astrology readings and classes. This rich mix of psychology, philosophy, spirituality, and a knowledge of the cyclic patterns of life shown by astrology created within me an avid interest in researching women ' s unsung heroism throughout history. It brewed in me a heady fascination to stitch it all together in a circle montage that connects all women and all aspects of our multi-layered lives. I based my theory on the lunar cycle, which is eternally linked to women ' s menstrual, emotional, and psychic cycles. With a friend, I created a series of workshops for women to celebrate their many-faceted selves and gain confidence to pursue their goals. Yet for various reasons my book manuscript remained in my own bookshelf, never getting published. Until now... the times again call for women to claim their autonomy and gain

equality in an overly male-dominated and viciously callous world. I am blessed to find in Xlibris a publisher ready to take on the project with me. I am thrilled to finally see my "Life's Masterwork" in print. You will find many divergent ideas in these two volumes. No single woman encompasses all that are described, but as you read and recognize these characters in yourselves and your friends, I hope it will help you gain a full appreciation of your own awesome erotic spirit and sacred sexual powers.

Lawrence Meredith writes with one question in mind: What constitutes life before death? The Hindus teach that there is life before life. So do the Mormons and the primal-scream therapists. The Muslims teach that there is life after death, and so does just about anybody else who's willing to be called religious. Meredith argues that these views are "felonious." We have the responsibility, he writes, to live life in the here-and-now and seek to experience our own religion of the body. Defining and exploring the different stages of the body is key to understanding Life Before Death: -The body as God -The body as Christ -The body as spirit -The body as dance -The body as play -The body as mortal What readers are saying about this book: It takes no courage to say one is a Christian, but it takes great courage to be a Christian. It takes no courage to say one is a writer, but it takes great courage to be a writer and write so others can comprehend the content. Larry Meredith, in Life Before Death, shows that he has enormous courage. After finishing this book, the reader is more prepared to face death and even more prepared to face life. - Maya Angelou, Author Life Before Death reminds us of the value of our todays, the here and now, and the joys to be savored one day at a time, one victory at a time, one championship at a time. And when Life is the ultimate championship, we don't need 'just a little bit more.' - Cedric Dempsey, President, NCAA Meredith's vision is kaleidoscopic, and his supreme revelation is that 'the Word made flesh' is a vital form of Amazing Grace - Earle Labor, Ph.D., Wilson Professor of American Literature and Director of the Jack London Research Center

Urgent Message from Mother Wipf and Stock Publishers Focusing on the early Modern and Victorian periods, the author finds covert revolutionaries in four familiar practitioners of a

strategy she calls creative negativity: poet-photographer Julia Margaret Cameron (1815-1879), novelist-essayist Anne Thackeray Ritchie (1837-1919), activist-spiritual leader Annie Besant (1847-1933), and actress-writer Elizabeth Robins (1862-1952).

In a time of social distancing and isolation, a meditation on the beauty of solitude from renowned Buddhist writer Stephen Batchelor "Whatever a soul is, the author goes a long way toward soothing it. A very welcome instance of philosophy that can help readers live a good life." —Kirkus Reviews "Elegant and formally ingenious." —Geoff Wisner, Wall Street Journal When world renowned Buddhist writer Stephen Batchelor turned sixty, he took a sabbatical from his teaching and turned his attention to solitude, a practice integral to the meditative traditions he has long studied and taught. He aimed to venture more deeply into solitude, discovering its full extent and depth. This beautiful literary collage documents his multifaceted explorations. Spending time in remote places, appreciating and making art, practicing meditation and participating in retreats, drinking peyote and ayahuasca, and training himself to keep an open, questioning mind have all contributed to Batchelor's ability to be simultaneously alone and at ease. Mixed in with his personal narrative are inspiring stories from solitude's devoted practitioners, from the Buddha to Montaigne, from Vermeer to Agnes Martin. In a hyperconnected world that is at the same time plagued by social isolation, this book shows how to enjoy the inescapable solitude that is at the heart of human life.

An essential collection of Stephen Batchelor's most probing and important work on secular Buddhism As the practice of mindfulness permeates mainstream Western culture, more and more people are engaging in a traditional form of Buddhist meditation. However, many of these people have little interest in the religious aspects of Buddhism, and the practice occurs within secular contexts such as hospitals, schools, and the workplace. Is it possible to recover from the Buddhist teachings a vision of human flourishing that is secular rather than religious without compromising the integrity of the tradition? Is there an ethical framework that can underpin and contextualize these practices in a rapidly changing world? In this collected volume of Stephen Batchelor's writings on these themes, the author explores the complex implications of Buddhism's secularization. Ranging widely--from reincarnation, religious belief, and agnosticism to the role of the arts in Buddhist practice--he offers a detailed picture of contemporary Buddhism and its attempt to find a voice in the modern world.

Our world is bathed in ongoing biological, political, cultural, climate, and spiritual crises that seem endless. If anything, these disruptions appear to be spiraling into ever larger threat fronts that challenge our survival as a species. Carl Gustav Jung, renowned Swiss psychiatrist, avowed in his archetypal psychology that there is a portal of transforming possibility if we have the courage to enter that doorway. That threshold entering demands that we embrace our individual and collective sufferings and then seek the path of meaning and destiny that is always resident deeply at the core of such trauma. This book narrates how this destiny is found and lived forward for both each individual life and for our varied human cultures. It affirms and gives examples of the deep-soul dimension of life that lies under the often chaotic surface--the liminal realm of animate and guiding dream, vision, myth, and spirituality where the gods meet us so that we all can find our mutual way Home. This liminal world is navigated through the metaphoric and literalness of pilgrimage, performance, and political processes in our personal and cultural lives. What might be your path of destiny?

Discovering the Body's Wisdom Harper Collins

This is a book for any person who is living with a life-threatening illness and for anyone who is caring for and/or loves a person who is ill. Bolen affirms that the price of going into the scary places, of feeling like a piece of green meat on a hook, is high, but worth it. We have no choice. We will all face health crises--our own and others. We can try to bury our heads in the sand. Or we can travel to the underworld. We can probe. We can listen. We can connect to what we know in our bones. In the ten years since the original publication of *Close to the Bone*, Jean Bolen has continued to explore the impact and the possibilities for finding purpose that confronting a serious illness and possible death present us. This expanded edition includes a new section about forming circles in the time of crises, plus more stories that support the process of hope and the desire to live and change as well as a very personal passage in which Dr. Bolen tells the story of the death of her son. This book is meant to help and heal, to make people less afraid, and to encourage them to trust the wisdom they have inside--what they know in their bones. * 10th Anniversary revised edition, with a guide for those who want to form support circles.

There are several divisive issues that separate Christian from Christian in the current century. One issue is the church ' s management of clergy sexual abuses of children, teens and adults. A second is the issue of sexual gender orientation and church membership. Contemporary Christian denominations often intermingle the divisive issue of clergy and religious leader sexual abusiveness with the equally divisive issue of sexual gender orientation. In this book Professors Krall and Schirch disentangle and discuss these two issues. They discuss their personal and their professional opinions about ways in which religious and spiritual teaching communities can avoid the institutional perils of abusive clericalism and divisive denominational management practices. Throughout the book, they apply Anabaptist-Mennonite principles of peace-making in situations of sexual violation. Case studies are provided. A feminist hermeneutic is applied. Each letter-essay is auto-ethnographic in style: the professional and the personal are deliberately blurred inside a framework of narrative and story. Each essay is deeply rooted in its author ' s academic interests and in her personal life history. This book can be a text in graduate and undergraduate classrooms. It can also be used in denominational self-study programs.

Contemporary western Paganism is now a global religious phenomenon with Pagans in many parts of the world sharing much in common - from a nature-revering worldview and lifestyle to a host of chants, invocations, ritual tools and magical practices. But there are also locally-specific differences. Local religious contexts, landscapes, histories, traditions, politics, values and norms all impact on local Paganisms. This is nowhere more evident than in a strongly Catholic society, where religion and culture are deeply entwined. Taking the Mediterranean society of Malta as a case study, this book invites readers inside the world of a small, hidden sub-culture. Showing what it is like being Pagan in a society where the vast majority of the population is Roman Catholic, and Catholicism permeates every sphere of public and domestic, social and political life, Rountree reveals that Paganism here is a unique brew of indigenous and global influences. Pagans employ both creativity and borrowing in constructing identities within a cultural context characterized by antagonism as well as continuity. This book explores the intersections of religious and cultural identity, the global and local, Paganism and Christianity, with insights grounded in rich ethnographic detail based on long-term fieldwork. Rountree makes invaluable comparisons with other studies of modern Pagans and their various worlds.

The Art of Solitude John Wiley & Sons

" This is the most inspiring and optimistic book I ' ve read in years. It tells how women working together can bring us peace and save the planet. " —Isabel Allende Jean Shinoda Bolen ' s unique combination of

visionary thinking and practical how-to seeks to galvanize the power of women acting together in order to save our world. Bolen outlines the lessons we can learn from the women's movement, draws on Jungian psychology and the sacred feminine, and gives powerful examples of women coming together all over the globe to make a significant impact. Her life's work—which includes her Jungian-inspired insights in *The Tao of Psychology*, her bestseller *Goddesses in Every Woman*, *Crones Don't Whine*, and *The Millionth Circle*—culminates in this timely book, *Urgent Message from Mother*. “ A book whose time has come. Our earth home and all forms of life in it are at grave risk. We men have had our turn and made a proper mess of things. We need women to save us. I pray that many will read Bolen's work and be inspired then to act appropriately. Time is running out. ” —Desmond Tutu “ Always urging us into circle and into peace, the healing power of Jean Shinoda Bolen's work and thought transforms all who will allow encounter. Jean never tires of wanting, and working for, our freedom, our healing and our health. ” —Alice Walker “ Jean Shinoda Bolen shows us how the cult of masculinity is endangering us all. Women and men are equally human and fallible but at least women don't have our masculinity to prove—and that alone may make us the main saviors of this fragile Spaceship Earth. ” —Gloria Steinem

In today's polarized publics, we are rarely prepared to encounter one another peaceably and deeply across irreconcilable difference. *A Companionable Way* invites inquisitive minds, body-souls, and spiritual hearts into the delightful but demanding inner work required for peaceable encounters with integrity across interreligious and intercultural difference. Unmet yearnings and the unconscious refusal of deep feeling in so many of our cultures need redress, not only within scholarly-analytical habits of mind but also in aging communal "containers" not adept at holding deep feeling without harm. Ancient but 'new' containers today--webs of spiritual friendship and circle-way communities of practice--offer hope for new learning and formative encounters with difference toward an expressive delight able to companion the suffering of self and others. Part memoir of a deep-feeling academic, part toolbox for the curiously contemplative, *A Companionable Way* witnesses to the deeply rooted Sacred available to each of us in a return to the body, devotion in conscious love, and new ways of being human together across irreconcilable difference, held gently in a patient and living wisdom particular to each but needed by all.
