Dictionary Simon and Schuster
Aurora Boswell, an African American woman in her late forties, has worked her way up the corporate ladder at the City Conference and Exhibition Center in Memphis, Tennessee. But apparently, her ladder of success has just hit a very low ceiling. Trying to work hard and prove herself worthy of advancement does nothing to convince those above her that Aurora deserves to be promoted. She is repeatedly denied promotions while younger, less-qualified employees are given the higher-paying jobs for which she applies. After being harassed by some of her female coworkers, Aurora files a complaint with the Equal Employment Opportunity Commission and is wrongfully terminated from her job. The backstabbing, lying, and underhanded tactics used by Executive Director Gary Davis and his "band of idiots" are not just unnerving, but are proof positive of the lows to which people will stoop to make another's life miserable. Aurora's immediate supervisor, Lou Ann Houser, is not a bright woman, and her scheming ways just might come back to haunt her once the case reaches the courtroom. Aurora's lawyer is determined to prove to the court the real personalities of the people in management. Will Aurora have the personal strength to stand up and fight for her rights?

In 1995, David W. McFadden published *An Innocent in Ireland: Curious Rambles and*

Singular Encounters, a quirky and affectionate account of his travels around Ireland. In undertaking the trip, he chose as his guide H. V. Morton, the prolific travel writer of the 1920s and 1930s, whose *In Search of Ireland* (part of Morton's famous *In Search of...* series) had been familiar to him since childhood. Now, setting out to explore Scotland, his

family's ancestral home, McFadden plans to use the same technique: to follow Morton's route around the country, observing how things have changed and in what ways they remain the same. As in *An Innocent in Ireland*, however, his own inquiring mind and engaging personality take over, and Morton appears less and less as McFadden becomes increasingly absorbed by the landscape -

and particularly by the people. Starting in the Lowlands, he travels through Burns country (examining verses that Burns is alleged to have inscribed on a Dumfries window with his diamond ring) and up the east coast to the Highlands. There he lingers by Loch Ness (spotting nothing but tourists), before heading over to the west coast and falling in love with	it - particularly with the islands of Mull and Iona. Through the entire trip, McFadden charts an erratic course, led only by H. V. Morton and his own acute eye and very lively curiosity. As he does so, he records his extremely personal impressions, which are wry, amused - and often more astute than he lets on. The reader won't find many of the traditional Scottish	tourist sites in this account. Rather, as in <i>An Innocent in Ireland</i> , McFadden loves a good chat, and he wisely lets the many characters he meets speak for themselves. He gives generous attention to a variety of talkative barmen, hoteliers, shopkeepers, as well as to passersby that he encounters in the course of his travels. Their conversations,

ranging from the instructive or humorous to the eccentric and even surreal, give a thoroughly entertaining view of a Scotland the guidebooks never reveal. Still quirky, affectionate, always ready to be intrigued or amused, David McFadden makes an ideal companion for any armchair traveller.
