Simon and Schuster
From the grand master of international suspense comes his most intriguing story ever—his own. For more than forty years, Frederick Forsyth has been writing extraordinary real-world novels of intrigue, from *The Day of the Jackal* on. Whether writing about the murky world of arms dealers or the intricacies of worldwide drug cartels, every plot has been chillingly plausible because every detail has been

minutely researched. But what most people don't know is that some of his greatest stories of intrigue have been in his own life. He was the RAF's youngest pilot at the age of nineteen, barely escaped the wrath of an arms dealer in Hamburg, got strafed by a MiG during the Nigerian Civil War, landed during a bloody coup in Guinea-Bissau (and has himself been accused of helping fund a 1973 coup in Equatorial Guinea). The Stasi arrested him, the Israelis feted him, the IRA threatened him, and a certain attractive Czech secret police agent, well, her actions were a bit more . . . intimate. And that's just for starters. Nominated for the Edgar Award for best

critical/biographical work of 2015.

A comedic paranormal romance about a vampire concierge, set in Molly Harper's popular world of Half-Moon Hollow. Iris Scanlon, Half-Moon Hollow's only daytime vampire concierge, knows more about the undead than she'd like. Running their daylight errands—from letting in the plumber to picking up some chilled Faux Type O—gives her a look at the not-so-glamorous side of vamps. Her rules are strict; relationships are purely business, not friendship—and certainly not anything more. Then she finds her newest client, Cal, poisoned on his kitchen floor, and her quiet life turns upside down. Cal—who would be devastatingly sexy, if Iris thought vampires were sexy—offers Iris a hefty fee for hiding him at her place. And even though he's imperious, unfriendly, and doesn't seem to understand the difference between "employee" and "servant," she agrees. But as they search for who wants him

permanently dead, Iris is breaking more and more of her own rules...particularly those about nudity. Could it be that what she really needs is some intrigue and romance—and her very own stray vampire?
