Caney Paxton wanted his cafe to have the biggest and brightest sign in Eastern Oklahoma-the "opening soon" part was supposed to be just a removable, painted notice. But a fateful misunderstanding gave Vietnam vet Caney the flashiest joke in the entire state. Twelve years later, the once-busy highway is dead and the sign is as worn as Caney, who hasn't ventured outside the diner since it opened. Then one blustery December day, a thirtyish Crow woman blows in

with a three-legged dog in her arms and a long-buried secret on her mind. Hiring on as a carhop, Vena Takes Horse is soon shaking up business, the locals, and Caney's heart...as she teaches them all about generosity of spirit, love, and the possibility of promise—just like the sign says.

Named one of the most important nonfiction books of the 21st century by Entertainment Weekly, Slate, Chronicle of Higher Education, Literary Hub, Book Riot, and Zora A tenth-anniversary edition of the iconic bestseller—"one of the most influential books of the past 20 years," according to the Chronicle of Higher Education—with a new preface by the author "It is in no small part thanks to Alexander's account that civil rights organizations such as Black Lives Matter have focused so much of their energy on the criminal justice system." —Adam Shatz, London Review of Books
Seldom does a book have the impact of Michelle Alexander's *The New Jim Crow*. Since it was first published in 2010, it has been cited in judicial decisions and has been adopted in campus-wide and community-wide reads; it helped inspire the creation of the Marshall Project and the new \$100 million Art for Justice Fund; it has been the winner of numerous prizes, including the prestigious NAACP Image Award; and it has spent

nearly 250 weeks on the New York Times bestseller list. Most important of all, it has spawned a whole generation of criminal justice reform activists and organizations motivated by Michelle Alexander's unforgettable argument that "we have not ended racial caste in America; we have merely redesigned it." As the Birmingham News proclaimed, it is "undoubtedly the most important book published in this century about the U.S." Now, ten years after it was first published, The New Press is proud to issue a tenth-anniversary edition with a new preface by Michelle Alexander that discusses the impact the book has had and the state of the criminal justice reform movement today.

An Irish mobster. A missing friend. Two loyalties, ripping me apart. I had a plan. Get in, get my information, and get out. Easy, right? Turns out, infiltrating the Irish mafia isn't exactly what I thought it would be. I just wanted a soldier. Someone I could flirt with to get me in the door. That's when Lachlan Crow noticed me. Problem was, he wasn't a soldier. No, he was next in line for the

throne of the Irish underworld. And he was determined to hate me from the outset. My sob story about needing a job? Yeah, he wasn't buying that either. Too bad for him, I won't let anyone get in the way of my mission. Who cares if we have some kind of crazy chemistry? He's the worst kind of wrong- and I would never in a million years be with a guy like him. Because they took her from me, and I'm going to make them pay

The hierarchy of caste is not about feelings or morality. It is about power—which groups have it and which do not." In this brilliant book, Isabel Wilkerson gives us a masterful portrait of an unseen phenomenon in America as she explores, through an immersive, deeply researched narrative and stories about real people, how America today and throughout its history has been shaped by a hidden caste system, a rigid hierarchy of human rankings. Beyond race, class, or other factors, there is a powerful caste system that influences people's lives and behavior and the nation's fate. Linking the caste systems of America, India, and Nazi Germany, Wilkerson explores eight pillars that underlie caste systems across civilizations, including divine will, bloodlines, stigma, and more. Using riveting

stories about people—including Martin Luther King, Jr., baseball's Satchel Paige, a single father and his toddler son, Wilkerson herself, and many others—she shows the ways that the insidious undertow of caste is experienced every day. She documents how the Nazis studied the racial systems in America to plan their out-cast of the Jews; she discusses why the cruel logic of caste requires that there be a bottom rung for those in the middle to measure themselves against; she writes about the surprising health costs of caste, in depression and life expectancy, and the effects of this hierarchy on our culture and politics. Finally, she points forward to ways America can move beyond the artificial and destructive separations of human divisions, toward hope in our common humanity. Beautifully written, original, and revealing, *Caste: The Origins of Our Discontents* is an eye-opening story of people and history, and a reexamination of what lies under the surface of ordinary lives and of American life today.

 "Both a page-turning drama and an inspiration for every reader" -- Hillary Rodham Clinton
 Soon to be a major television event, the nail-biting climax of one of the greatest political battles in American history: the ratification of the constitutional amendment that granted women the right to vote. Nashville, August 1920. Thirty-five states have approved the Nineteenth Amendment, granting women the right to vote; one last state--Tennessee--is needed for women's voting rights

to be the law of the land. The suffragists face vicious opposition from politicians, clergy, corporations, and racists who don't want black women voting. And then there are the "Antis"--women who oppose their own enfranchisement, fearing suffrage will bring about the nation's moral collapse. And in one hot summer, they all converge for a confrontation, replete with booze and blackmail, betrayal and courage. Following a handful of remarkable women who led their respective forces into battle, *The Woman's Hour* is the gripping story of how America's women won their own freedom, and the opening campaign in the great twentieth-century battles for civil rights.

"Breathtaking . . . Perhaps the best work of fiction ever done about the civil rights movement" from the award-winning actress and activist (Newsday). When University of Michigan sophomore Celeste Tyree travels to Mississippi to volunteer her efforts in the Freedom Summer of 1964, she's assigned to help register voters in the small town of Pineyville, a place best known for a notorious lynching that occurred only a few years earlier. As the long, hot summer unfolds,

Celeste befriends several members of the community, but there are also those who are threatened by her and the change that her presence in the South represents. Finding inner strength as she helps lift the veil of oppression and learns valuable lessons about race, social change, and violence, Celeste prepares her adult students for their showdown with the county registrar. All the while, she struggles with loneliness, a worried father in Detroit, and her burgeoning feelings for Ed Jolivet, a young man also in Mississippi for the summer. By summer's end, Celeste learns there are no easy answers to the questions that preoccupy her—about violence and nonviolence, about race, identity, and color, and about the strength of love and family bonds. In *Freshwater Road*, Denise Nicholas has created an unforgettable story that—more than ten years after first appearing in print—continues to be one of the most cherished works of Civil Rights fiction. "A bold new novel that explores the fault lines of class and race in 1964 Mississippi." —The Washington Post "Hypnotic . . .
