The Boy Knight: A Tale of the Crusades Simon and Schuster

"Time travel, UFOs, mysterious planets, stigmata, rock-throwing poltergeists, huge footprints, bizarre rains of fish and frogs-nearly a century after Charles Fort's Book of the Damned was originally published, the strange phenomenon presented in this book remains largely unexplained by modern science. Through painstaking research and a witty, sarcastic style, Fort captures the imagination while exposing the flaws of popular scientific explanations. Virtually all of his material was compiled and documented from reports published in reputable journals, newspapers and periodicals because he was an avid collector. Charles Fort was somewhat of a recluse who spent most of his spare time researching these strange events and collected these reports from publications sent to him from around the globe. This was the first of a series of books he created on unusual and unexplained events and to this day it remains the most popular. If you agree that truth is often stranger than fiction, then this book is for you"--Taken from Good Reads website.

Damned Simon and Schuster

A tantalizing selection of stories from some of the best female authors who've helped define the modern vampire. Bram Stoker was hardly the first author—male or female—to fictionalize the folkloric vampire, but he defined the modern iconic vampire when Dracula appeared in 1897. Since then, many have reinterpreted the ever-versatile vampire over and over again—and female writers have played vital roles in proving that the vampire, as well as our perpetual fascination with it, is truly immortal. These authors have devised some of the most fascinating, popular, and entertaining of our many vampiric variations: suavely sensual . . . fascinating but fatal . . . sexy and smart . . . undead but prone to detection . . . tormented or terrifying . . . amusing or amoral . . . doomed or deadly . . . badass and beautiful . . . cutting-edge or classic . . . Blood Sisters collects a wide range of fantastical stories from New York Times bestsellers Holly Black, Nancy Holder, Catherynne M. Valente, and Carrie Vaughn, and critically acclaimed writers Chelsea Quinn Yarbro and Tanith Lee, all of whom have left their indelible and unique stamps on the vampire genre. Whether they are undeniably heroes and heroines or bloodthirsty monsters (or something in between), the undead are a lively lot. This anthology offers some of the best short fiction ever written by the "blood sisters" who know them best: stories you can really sink your teeth into.
