“ When a girl leaves home at eighteen, she does one of two things. Either she falls into saving hands and becomes better, or she rapidly assumes the cosmopolitan standard of virtue and becomes worse. ” With *Sister Carrie*, first published in 1900, Theodore Dreiser transformed the conventional “ fallen woman ” story into a genuinely innovative and powerful work of fiction. As he hurled his impressionable midwestern heroine into the throbbing, amoral world of the big city, he revealed, with brilliant insight, the deep and driving forces of American culture: the restless idealism, glamorous materialism, and basic spiritual innocence. *Sister Carrie* brought American literature into the twentieth century. This volume, which reprints the text Dreiser approved for publication during his lifetime and includes a special appendix discussing his earlier, unedited manuscript, is the original standard edition of one of the great masterpieces of literary realism.

Perfect for fans of John Green's *Turtles All the Way Down* and Nina LaCour's *We Are Okay*, this is the poignant and uplifting story of Maeve, who is dealing with anxiety while falling in love with a girl who is not afraid of anything. Think positive. Don't worry; be happy. Keep calm and carry on. Maeve has heard it all before. She's been struggling with severe anxiety for a long time, and as much as she wishes it was something she could just talk herself out of, it's not. She constantly imagines the worst, composes obituaries in her head, and is always ready for things to fall apart. To add to her troubles, her mom—the only one who really gets what Maeve goes through—is leaving for six months, so Maeve will be sent to live with her dad in Vancouver. Vancouver brings a slew of new worries, but Maeve finds brief moments of calm (as well as even more worries) with Salix, a local girl who doesn't seem to worry about anything. Between her dad's wavering sobriety, her very pregnant stepmom insisting on a home birth, and her bumbling courtship with Salix, this summer brings more catastrophes than even Maeve could have foreseen. Will she be able to navigate through all the chaos to be there for the people she loves?
