ONE OF THE BEST BOOKS OF THE YEAR: THE NEW YORK TIMES • NPR • THE GUARDIAN From pole to pole and across decades of lived experience, National Book Award-winning author Barry Lopez delivers his most far-ranging, yet personal, work to date. Horizon moves indelibly, immersively, through the author's travels to six regions of the world: from

Western Oregon to the High Arctic; from the Galápagos to the Kenyan desert; from Botany Bay in Australia to finally, unforgettably, the ice shelves of Antarctica. Along the way, Lopez probes the long history of humanity's thirst for exploration, including the prehistoric peoples who trekked across Skraeling Island in northern Canada, the colonialists who plundered Central Africa, an enlightenment-era Englishman who sailed the Pacific, a Native American emissary who found his way into isolationist Japan, and today's ecotourists in the tropics. And always, throughout his journeys to some of the hottest, coldest, and most desolate places on the globe, Lopez searches for meaning and purpose in a broken world.

NEW YORK TIMES BESTSELLER • A “brilliant [and] entrancing” (The Guardian) journey into the hidden lives of fungi—the great connectors of the living world—and their astonishing and intimate roles in human life, with the power to heal our bodies, expand our minds, and help us address

our most urgent environmental problems. “ Grand and dizzying in how thoroughly it recalibrates our understanding of the natural world. ” —Ed Yong, author of *I Contain Multitudes* ONE OF THE BEST BOOKS OF THE YEAR—Time, BBC Science Focus, The Daily Mail, Geographical, The Times, The Telegraph, New Statesman, London Evening Standard, Science Friday When we think of fungi, we likely think of mushrooms. But mushrooms are only fruiting bodies, analogous to apples on a tree. Most fungi live out of sight, yet make up a massively diverse kingdom of organisms that supports and sustains nearly all living systems. Fungi provide a key to understanding the planet on which we live, and the ways we think, feel, and behave. In *Entangled Life*, the brilliant young biologist Merlin Sheldrake shows us the world from a fungal point of view, providing an exhilarating change of perspective. Sheldrake ’ s vivid exploration takes us from yeast to psychedelics, to the fungi that range for miles underground and are the largest organisms on the planet, to those that link plants together in complex networks known as the “ Wood Wide Web, ” to those that infiltrate and manipulate insect bodies with devastating precision. Fungi throw our concepts of individuality and even intelligence into question. They are metabolic masters, earth makers, and key players in most of life ’ s processes. They can change our minds, heal our bodies, and even help us remediate environmental disaster. By examining fungi on their own terms, Sheldrake reveals how these extraordinary organisms—and our relationships with them—are changing our understanding of how life works. The Book of the Lion Independently Published

The Yaak Valley of northwestern Montana is one of the last great wild places in the United States, a land of black bears and grizzlies, wolves and coyotes, bald and golden eagles, wolverine, lynx, marten, fisher, elk, and even a handful of humans. It is a land of magic, but its magic may not be enough to save it from the forces threatening it now. The Yaak does have

one trick up its sleeve, though: a writer to give it voice. In *Winter* Rick Bass portrayed the wonder of living in the valley. In *The Book of Yaak* he captures the soul of the valley itself, and he shows how, if places like the Yaak are lost, we too are lost. Rick Bass has never been a writer to hold back, but *The Book of Yaak* is his most passionate book yet, a dramatic narrative of a man fighting to defend the place he loves.

“Vividly written...Their story is thrilling—the kind of tale that wild-animal lovers won't easily forget.”—People In this riveting real-life adventure, Mark and Delia Owens tell the dramatic story of their last years in Africa, fighting to save elephants, villagers, and—in the end—themselves. The award-winning zoologists and pioneering conservationists describe their work in the remote and ruggedly beautiful Luangwa Valley, in northeastern Zambia. There they studied the mysteries of the elephant population's recovery after poaching, discovering remarkable similarities between humans and elephants. A young elephant named Gift provided the clue to help them crack the animals' secret of survival. A stirring portrait of life in Africa, *Secrets of the Savanna* is a remarkable record of the Owens's unique passions.

Where the Wild Things Were Penguin

Winner of the SIBA Southern Book Prize for Fiction “ I loved it and devoured it with fury, straight to its blazing end. ” —Lily King, author of *Writers & Lovers* From the New York Times bestselling author of *A Land More Kind Than Home*, a tender and haunting story of a father and daughter, crime and forgiveness, race and memory. When the roar of a low-flying plane awakens him in the middle of the night, Sheriff Winston Barnes knows something strange is happening at the nearby airfield on the coast of North Carolina. But nothing can prepare him for what he

finds: a large airplane has crash-landed and is now sitting sideways on the runway, and there are no signs of a pilot or cargo. When the body of a local man is discovered—shot dead and lying on the grass near the crash site—Winston begins a murder investigation that will change the course of his life and the fate of the community that he has sworn to protect. Everyone is a suspect, including the dead man. As rumors and accusations fly, long-simmering racial tensions explode overnight, and Winston, whose own tragic past has followed him like a ghost, must do his duty while facing the painful repercussions of old decisions. Winston also knows that his days as sheriff may be numbered. He's up for re-election against a corrupt and well-connected challenger, and his deputies are choosing sides. As if these events weren't troubling enough, he must finally confront his daughter Colleen, who has come home grieving a shattering loss she cannot fully articulate. As the suspense builds and this compelling mystery unfolds, Wiley Cash delves deep into the hearts of these richly drawn, achingly sympathetic characters to reveal the nobility of an ordinary man struggling amidst terrifying, extraordinary circumstances.

For years, rumors of the “ Marsh Girl ” have haunted Barkley Cove, a quiet town on the North Carolina coast. So in late 1969, when handsome Chase Andrews is found dead, the locals immediately suspect Kya Clark, the so-called Marsh Girl. But Kya is not what they say. Sensitive and intelligent, she has survived for years alone in the marsh that she calls home, finding friends in the gulls and lessons in the sand. Then the time comes when she yearns to be touched and loved. When two young men from town become intrigued by her wild beauty, Kya opens herself to a new life—until the unthinkable happens. Through Kya's story, Owens reminds us that we are forever shaped by the children we once were, and that we are all subject to the beautiful and violent secrets that nature keeps.

A new edition of the #1 NYT's bestseller by Mark Nepo, who

has been called “one of the finest spiritual guides of our time” and “a consummate storyteller.” Philosopher-poet and cancer survivor Mark Nepo opens a new season of freedom and joy—an escape from deadening, asleep-at-the-wheel sameness—that is both profound and clarifying. His spiritual daybook is a summons to reclaim aliveness, liberate the self, take each day one at a time, and savor the beauty offered by life's unfolding. Reading his poetic prose is like being given second sight, exposing the reader to life's multiple dimensions, each one drawn with awe and affection. *The Book of Awakening* is the result of Nepo's journey of the soul and will inspire others to embark on their own. He speaks of spirit and friendship, urging readers to stay vital and in love with this life, no matter the hardships. Encompassing many traditions and voices, Nepo's words offer insight on pain, wonder, and love. Each entry is accompanied by an exercise that will surprise and delight the reader in its mind-waking ability.

The Book of Awakening Houghton Mifflin Harcourt

A hilarious, highly original collection of essays based on the Botswana truism: “only food runs!” With a new introduction and new material from the author in the tradition of Bill Bryson, a new writer brings us the lively adventures and biting wit of an African safari guide. Peter Allison gives us the guide's-eye view of living in the bush, confronting the world's fiercest terrain of wild animals and, most challenging of all, managing herds of gaping tourists. Passionate for the animals of the Kalahari, Allison works as a top safari guide in the wildlife-rich Okavango Delta. As he serves the whims of his wealthy clients, he often has to stop the impulse to run as far away from them as he can, as these tourists are

sometimes more dangerous than a pride of lions. No one could make up these outrageous-but-true tales: the young woman who rejected the recommended safari-friendly khaki to wear a more “fashionable” hot pink ensemble; the lost tourist who happened to be drunk, half-naked, and a member of the British royal family; establishing a real friendship with the continent's most vicious animal; the Japanese tourist who requested a repeat performance of Allison's being charged by a lion so he could videotape it; and spending a crazy night in the wild after blowing a tire on a tour bus, revealing that Allison has as much good-natured scorn for himself. The author's humor is exceeded only by his love and respect for the animals, and his goal is to limit any negative exposure to humans by planning trips that are minimally invasive—unfortunately it doesn't always work out that way! New story: People often ask safari guides about the experience that frightened them the most. In this story Peter Allison tells of the time he became aware of unseen danger, and knew that somewhere within meters of him was a hunting lioness. Peter Allison is originally from Sydney, Australia. His safaris have been featured in *National Geographic*, *Condé Nast Traveler*, and on television programs such as Jack Hanna's *Animal Adventures*. He travels frequently to speaking appearances, and splits most of his time between Botswana, Sydney, and San Francisco.

The Wilderness Family Hachette UK

When Kobie Krüger, her game-ranger husband and their three young daughters moved to one of the most isolated corners of the world - a remote ranger

station in the Mahlangeni region of South Africa's vast Kruger National Park - she might have worried that she would become engulfed with loneliness and boredom. Yet, for Kobie and her family, the seventeen years spent in this spectacularly beautiful park proved to be the most magical - and occasionally the most hair-raising - of their lives. Kobie recounts their enchanting adventures and extraordinary experiences in this vast reserve - a place where, bathed in golden sunlight, hippos basked in the glittering waters of the Letaba River, storks and herons perched along the shoreline, and fruit bats hung in the sausage trees. But as the Krugers settled in, they discovered that not all was peace and harmony. They soon became accustomed to living with the unexpected: the sneaky hyenas who stole blankets and cooking pots, the sinister-looking pythons that slithered into the house, and the usually placid elephants who grew foul-tempered in the violent heat of the summer. And one terrible day, a lion attacked Kobus in the bush and nearly killed him. Yet nothing prepared the Krugers for their greatest adventure of all, the raising of an orphaned prince, a lion cub who, when they found him, was only a few days old and on the verge of death. Reared on a cocktail of love and bottles of fat-enriched milk, Leo soon became an affectionate, rambunctious and adored member of the family. It is the rearing of this young king, and the hilarious

endeavours to teach him to become a 'real' lion who could survive with his own kind in the wild, that lie at the heart of this endearing memoir. It is a memoir of a magical place and time that can never be recaptured.

The Last Cowboys: A Pioneer Family in the New West Penguin Random House South Africa

Hunger ached in her belly... the lioness slid forward as close as she dared. The little boy seconds away from death was two, maybe three years old. He was lost in the heat-soaked sand that was the Kalahari desert. Toddler Alex Theron is miraculously rescued by a passing clan of Kalahari Bushmen. Over the ensuing years, the desert draws him back, for it hides a beautiful secret... diamonds. But nothing comes easily from within this turbulent continent and before Alex can ever hope to realise his dreams he will lose his mind to love and fight a bitter enemy who will stop at nothing to destroy him.

Cry of the Kalahari Rowman & Littlefield

In this fascinating account of scientific study among forbidding wilderness, a husband-and-wife team describe their trek to the Kalahari to study the little-known brown hyena. The details of the scientific inquiry are provided while the daily challenges of living with children 420 kilometers from the nearest town are described. Despite the hardships, the couple becomes so enchanted by these intelligent animals that they stay for 12 years, documenting many hyena clans and observing behavior only a handful of people have ever seen.

John Branch's epic tale of one American family struggling to

hold on to the fading vestiges of the Old West. For generations,

the Wrights of southern Utah have raised cattle and world-

champion saddle-bronc riders—many call them the most

successful rodeo family in history. Now they find themselves

fighting to save their land and livelihood as the West is

transformed by urbanization, battered by drought, and

rearranged by public-land disputes. Could rodeo, of all things,

be the answer? Written with great lyricism and filled with vivid

scenes of heartache and broken bones, The Last Cowboys is a

powerful testament to the grit and integrity that fuel the

American Dream.

African Dawn Bloomsbury Publishing USA

In the tradition of Bill Bryson, a new writer brings us the lively

adventures and biting wit of an African safari guide. Peter

Allison works as a top safari guide in the Okavango Delta, an

oasis of wetland in the middle of the Kalahari desert, rich with

wildlife. As he caters to the whims of his wealthy clients, he

often has to overcome the impulse to run as far away from

them as he can, as these tourists are sometimes more

dangerous than a pride of lions! Full of outrageous-but-true

tales of the people and animals he has encountered -- the

young woman who rejected the recommended safari-friendly

khaki to wear a more fashionable hot pink ensemble; the drunk,

half-naked missing tourist who happened to be a member of

the British royal family; the squirrel that overdosed on malaria

pills; the monkeys with an underwear fetish; and last, but by no

means least, Spielberg the Japanese tourist who wanted a

repeat performance of Allison's narrow escape from a pair of

charging lionesses so he could videotape it -- these hilarious stories reveal Allison's good-natured scorn for himself, as well as others. Allison's humour is exceeded only by his love and respect for the animals, and his goal is to limit any negative exposure to humans by planning trips that are minimally invasive - unfortunately it doesn't always work out that way, as he and his clients discover to their cost when they find themselves up to their necks in a hippo-infested watering hole! Full of essential wisdom like don't run, whatever you do, and never stand behind a frightened zebra (they are prone to explosive flatulence when scared!), this is a wonderfully vivid portrait of what the life of a safari guide is really like. "Allison's writing is high on colour and is packed with engaging accounts of the sort of things that are just another day at the office for the average safari guide. If you love the thrill of safaris this book is for you. It is full of hair-raising stories of escape and adventure in the bush. Having worked for more than twenty years in Botswana, South Africa, Namibia and Mozambique, the stars of Allison's show are hungry lions and territorial hippos. There are some white-knuckle tales of dodging landmines too..." -- Sunday Telegraph "Peter is the perfect storyteller with the ability to poke fun at himself. Witty, exciting, and ultimately unmissable." -- Real Travel "He writes beautifully and viscerally about the rhythm of bush life ... This is an absorbing book: as a reader you can't help but get caught up in the author's infectious enthusiasm for Africa's beauty and its beasts. On turning the last page, booking the first plane out to Botswana was most tempting." -- TNT

Torn Trousers: A True Story of Courage and Adventure:
How A Couple Sacrificed Everything To Escape to
Paradise Houghton Mifflin Harcourt
On Safari, B.E.A., 16th October 1909. To Sir Alfred E.

Pease. Dear Sir Alfred,—I am very much pleased that you are to write a book about lion-hunting. Very, very few people have an experience which better justifies such a book. It is the king of all sports when carried on as you have carried it on, especially when you gallop the lion, and then kill him on foot as he charges or prepares to charge as a lion thus rounded up will generally do. I am peculiarly pleased to have you write the book, for it was under your guidance that I first tried lion-hunting. Sincerely yours, Theodore Roosevelt. This hunting classic contains the following chapters: Foreword by Theodore Roosevelt I. Lions and Lion Land II. About Courage III. Of the Courage of Lions IV. Of Dangerous Game V. Of Sport VI. The Lion VII. The Distribution of Lions VIII. Lion Cubs and Tame Lions IX. The Haunts of Lions X. The Lion 's Voice and the Lion 's Eye XI. Some Ways of Lions XII. In the Lion 's Jaw XIII. The Food and Drink of Lions XIV. Lion-Hunting XV. Hunting with Dogs and Hunting with Horses XVI. Night-Shooting XVII. Hints for the Beginner

What could possibly go wrong in paradise? Tired of mortgage payments, thirty-something Andrew and Gwynn sold nearly everything they owned but their Siamese cat and escaped their humdrum nine-to-five existence for life in paradise—a tiny island in one of the remotest spots on Earth: the Okavango Delta in Botswana. Woefully inexperienced, they took control of a luxury game lodge that catered to the likes of French aristocrats, Hollywood directors, Mafia lawyers, and the captain of the England cricket team. Not forgetting the hippos who liked to crash cocktail hour. Trouble soon followed as the reality of running a hotel on an island accessible only by boat or plane burst upon them. Andrew and Gwynn learned it's one thing for guests to wake up with gentle giraffes outside their windows, but it's quite another to keep them safe from poisonous snakes, temperamental elephants, and a hyena with a taste for plastic. All that was child's play compared to figuring out how to feed their guests when a 'quick run' to the grocery store required a plane, a bush pilot, and moderate risk to life, limb, and property. By turns funny, touching, and suspenseful, *Torn Trousers* is a real modern fairytale about getting exactly what you wished for...and then having to live with it. Scroll up and buy to escape to
