What happens when a former Zen Buddhist monk and his feminist wife experience an apparition of the Virgin Mary? “ This book could not have come at a more auspicious time, and the message is mystical perfection, not to mention a courageous one. I adore this book. ” —Caroline Myss, author of *Anatomy of the Spirit* Before a vision of a mysterious “ Lady ” invited Claire Strand and Perdita Finn to pray the rosary, they were not only uninterested in becoming Catholic but finished with institutional religion altogether. Their main spiritual concerns were the fate of the planet and the future of their children and grandchildren in an age of ecological collapse. But this Lady barely even referred to the Church and its proscriptions. Instead, she spoke of the miraculous power of the rosary to transform lives and heal the planet, and revealed the secrets she had hidden within the rosary ’ s prayers and mysteries—secrets of a past age when forests were the only cathedrals and people wove rose garlands for a Mother whose loving presence was as close as the ground beneath their feet. She told Strand and Finn: The rosary is My body, and My body is the body of the world. Your body is one with that body. What cause could there be for fear? Weaving together their own remarkable story of how they came to the rosary, their discoveries about the eco-feminist wisdom at the heart of this ancient devotion, and the life-changing revelations of the Lady herself, the authors reveal an ancestral path—available to everyone, religious or not—that returns us to the powerful healing rhythms of the natural world.

'Observant and witty.' -Muriel Gray In Come By The Hills Cameron McNeish shares his journeys through Scotland on foot, by bike and in his wee red campervan. He is still an adventurer, but these days things are a bit different. Reaching summits is still enjoyed, but no longer a priority. Instead, he takes us on a wide exploration of Scotland's hills, forests, and coastlines, and the ancient tales that bring a turbulent history to life. He takes us into the loveliest of glens, Etive and Lyon, to our most distant islands in the Hebrides and Shetland, and reminisces on wonderful characters such as Dick Balharry, Finlay MacRae, and the early working-class climbers when they first took to the hills.

The Complete Messianic Aleph Tav Scriptures (C-MATS) is a study bible which focuses on the study of the Aleph/Tav Character Symbol used throughout the old testament (Tanakh) by both Moses and the Prophets and is the most exhaustive and unique rendition of its kind in the world. Over 5 years in the making, this English rendition reveals every place the Hebrew Aleph Tav symbol was used as a "free standing" character symbol believed to express the "strength of the covenant" in its original meaning. The Aleph/Tav was also believed to be the "mark" of the "divine hand" for thousands of years by such famous rabbis as Nahum of Gimzo, Akiva, and R. S. Hirsch as well as the Apostle John who claimed in the book of Revelation that the symbol also incorporated Y'shua haMashiach (Jesus the Messiah) because of His divinity. Also revealed in C-MATS is the use of the Aleph/Tav as it is incorporated into the creation of hundreds of Hebrew words used thousands of times, thus taking our understanding of the scriptures to a whole new level. C-MATS comes in your choice of either Paleo or Modern Hebrew, Large Print 8.5x11 editions and include the New Testament.

This story of the modern South, of love denied and love fulfilled, is a powerful account of the potential for violence that underlies this country's passionate history. Ellen Douglas, a native of Mississippi and a prize-winning novelist of rare distinction, reveals the turbulent changes that rocked the South in the sixties and continue to this day. No event is predictable in this powerful novel. A young man who has spent several years in the North returns to his native Mississippi seeking rural peace. But solitude is not to be his, for soon he is caught up again in a traumatic event that happened seven years before in 1964--the death in an auto accident of the beautiful young cousin whom he loved. As the story unfolds, the people who were involved in that senseless tragedy reveal their part in it, and as they do, the reader becomes intensely involved not only in their lives but in what it means to be black or white in the modern South.

Written in response to the Hawk's Nest Tunnel disaster of 1931 in Gauley Bridge, West Virginia, The Book of the Dead is an important part of West Virginia's cultural heritage and a powerful account of one of the worst industrial catastrophes in American history. The poems collected here investigate the roots of a tragedy that killed hundreds of workers, most of them African American. They are a rare engagement with the overlap between race and environment in Appalachia. Published for the first time alongside photographs by Nancy Naumburg, who accompanied Rukeyser to Gauley Bridge in 1936, this edition of The Book of the Dead includes an introduction by Catherine Venable Moore, whose writing on the topic has been anthologized in Best American Essays.
