Patricia Briggs - 10 Best Books

It's up to Charles to take care of the problem and since Anna is an omega wolf, the alpha sends her along on the hunt. Omega's are extremely rare and are capable of calming even the most enraged wolf-a handy talent to have when hunting a rogue wolf for sure. That would be enough of a premise for a book already, but add to that an evil witch with an agenda

focused on an ancient wolf who is also part of the pack, and the book just gets even more mega exciting and fast paced.

Lists That Contain Cry Wolf (Alpha & Omega, #1) by ...

Anna, the Omega, is a very different character from most of the other wolves in Mercy's world, and definitely has a different relationship with Charles, than Mercy has with Adam. However, this is what makes the stories entertaining and not just a copy-cat.
