REA's CSET: English Subtests I-IV with Online Tests Gets You

Certified and in the Classroom! California requires all prospective English teachers to take the CSET: English Test. Recently, the CSET: English subtests were revised to align more closely with the California Common Core State Standards. The subtests also include new material in the areas of writing across the curriculum, reading and analyzing a variety of informational texts, and

---

analyzing the details of dramatic works and performance. This third edition of our CSET (California Subject Examinations for Teachers) English Subtests I-IV test prep has been expanded to address these changes. It includes:

- \* A complete overview of the four CSET: English subtests
- \* A comprehensive review of every domain, with updated material
- \* Two full-length practice tests for each subtest (in the book and online), with online diagnostic tools to help you personalize your study

Our book is perfect for teacher education students and career-changing professionals who are looking to teach English in California. The skills required for all four subtests fulfill the objectives set by the California Common Core State Standards for English Language Arts and Literacy and the California Commission on Teacher Credentialing. This all-new test prep contains an in-depth review of all the competencies tested on the CSET English Subtests I-IV: Literature and Reading Informational Texts; Composition and Rhetoric; Language, Linguistics, and Literacy; Communication, Speech, Media and Creative Performance. The book includes 2 full-length practice exams based on actual CSET questions. Both practice tests are also available online with instant scoring, diagnostic feedback, and detailed answer explanations. Automatic scoring and instant reports help you zero in on the topics and types of questions that give you trouble now, so you will succeed when it counts. REA's CSET: English Subtests I-IV test prep is a must-have for anyone who wants to teach English in California!

Give your child a smart start with the revised and updated *What Your First Grader Needs to Know*. What will your child be expected to learn in the first grade? How can you help him or her at home? How can teachers foster active, successful learning in the classroom? This book answers these all-important questions and more, offering the specific shared knowledge that hundreds of parents and teachers across the nation have agreed upon

for American first graders.

Featuring a new Introduction, filled with opportunities for reading aloud and fostering discussion, this first-grade volume of the acclaimed Core Knowledge Series presents the sort of knowledge and skills that should be at the core of a challenging first-grade education. Inside you'll discover • Favorite poems—old and new, such as “The Owl and the Pussycat,” “Wynken, Blynken, and Nod,” and “Thirty Days Hath September” • Beloved stories—from many times and lands, including a selection of Aesop’s fables, “Hansel and Gretel,” “All Stories Are Anansi’s,” “The Tale of Peter Rabbit,” and more • Familiar sayings and

---

phrases—such as “Do unto others as you would have them do unto you” and “Practice makes perfect”

- World and American history and geography—take a trip down the Nile with King Tut and learn about the early days of our country, including the story of Jamestown, the Pilgrims, and the American Revolution
- Visual arts—fun activities plus reproductions of masterworks by Leonardo da Vinci, Vincent van Gogh, Paul Cézanne, Georgia O’Keeffe, and others
- Music—engaging introductions to great composers and music, including classical music, opera, and jazz, as well as a selection of favorite children’s songs
- Math—a variety of activities to help your child learn to count, add and subtract, solve problems, recognize geometrical shapes and patterns, and learn about telling time
- Science—interesting discussions of living things and their habitats, the human body, the states of matter, electricity, our solar system, and what’s inside the earth, plus stories of famous scientists such as Thomas Edison and Louis Pasteur
