DEADCORE: 4 HARDCORE ZOMBIE NOVELLAS Join authors Randy Chandler, Ben Cheetham, Edward M. Erdelac, and David James Keaton as they unleash the carnage while breathing new life, and death, into the zombie

genre. FANGORIA MAGAZINE REVIEW "As the book's title indicates, DEADCORE achieves all extremes. Violent, perverse, depraved—and, as such, quite recommended." THE STORIES DEAD JUJU BY RANDY CHANDLER He's the mystery man on the news. Where he shows up, the shit goes down. The dead are rising, the immigration issue has reached the boiling point, the living are screwed, and unspeakable acts are being performed upon all involved. In this tale of Zombies Gone Wild, yes the dead walk but just where the hell are they going and why? Dead Juju gives you the hardcore truth, if you're ghoul enough to handle it. NIGHT OF THE JIKININKI BY EDWARD M. ERDELAC After a comet is observed in the western sky of feudal Japan, a murdered inmate rises from the dead and attacks his fellow prisoners. Three disparate men: a casteless

---

bandit, a mad, child-eating monk, and a renowned but sadistic samurai band together to escape the walled and moat-surrounded prison as it fills with the walking and ravenous dead. ZEE BEE & BEE (A.K.A. PROPELLER HATS FOR THE DEAD) BY DAVID JAMES KEATON At a "Zombie Bed & Breakfast" tourist trap, guests pay for the thrill of a staged zombie assault during an apocalyptic scenario, acted out by sluggish hotel workers who are well-versed in the zombie genre. But soon the script doesn't go as planned, the guests become uncooperative, and the actors are taking their roles very seriously these days. ZOMBIE SAFARI BY BEN CHEETHAM Survivors of a zombie apocalypse have carved out new existences on islands, only visiting the mainland to hunt zombies. But things start to go wrong. Zombies don't die as they should. Hunters go missing. A trip that's supposed to be fun turns into a struggle for survival as four men make a discovery that causes them to question not only what it means to be a zombie, but what it means to be human.

Errorless UPPSC General Studies Prelim Paper 1 - 10 Year-wise Solved Papers (2010 - 19) SAGE

At 8,000 miles away from home, a business professional delivers a polished presentation to a group of executives. And within two hours, she forgets how to walk. Talking becomes too strenuous. She is struck by an odd series of neurological deficits that baffle her and a dozen doctors ... for 27 months. Brain Wreck is a must read for anyone who has witnessed the frustration of a

mysterious illness. This is a story of determination and an unrelenting journey to save one's mind. With humor and unabashed honesty, the author restores a shattered spirit while striving to be "normal."

An Introduction to Social Policy explores essential welfare topics, themes and issues for students studying social policy or related disciplines such as sociology, social work, or nursing and social care. - Part One examines key concepts including welfare, social justice, diversity and health and well-being. - Part Two explores policy issues in relation to key stages of the lifecycle. - Part Three takes a comparative perspective, discussing the international issues and supranational bodies that impact on British and European social policy today. The concise chapters define the key terms and outline the central debates, giving students a fundamental foundation for their degree. Chapter overviews and summaries guide readers through the book, and questions for reflection conclude each chapter to test

---

readers' knowledge. This book is essential reading for all students of social policy and the social sciences, as well as those taking joint honours programmes in social work, sociology, criminology, politics and social care. Peter Dwyer is Professor of Social Policy at the University of Salford. Sandra Shaw is Senior Lecturer in Social Policy at the University of Salford.

The Doomsday Clock gauges the threat of nuclear war. Currently, the clock is set at six minutes before midnight. What happens after the hands reach midnight? Survivalist Leeland Dawcett finds out when he and his family are plunged into the nightmare of their country returned to a third-world state. No phones. No computers. No television. At first, Leeland thinks basic survival is the answer. Until he crosses the path of the wrong guy... Someone who wants to do more than just survive...

Suppose I were to begin by saying that I had fallen in love with a color . . . A lyrical, philosophical, and often explicit exploration of personal suffering and the limitations of vision and love, as refracted through the color blue. With *Bluets*, Maggie Nelson has entered the pantheon of brilliant lyric essayists. Maggie Nelson is the author of numerous books of poetry and nonfiction, including *Something Bright, Then Holes* (Soft Skull Press, 2007) and *Women, the New York School, and Other True Abstractions* (University of Iowa Press, 2007). She lives in Los Angeles and teaches at the California Institute of the Arts.

General Studies Paper I Kalinjar Publications

Émile Durkheim is one of the founding fathers of sociology and *Professional Ethics and Civic Morals* is one of his most neglected yet insightful works. Durkheim's view that the instability of industrial society was connected to the decline of religion and his characterization of the state as the ultimate moral force in society reveal his lifelong engagement with the relationship between the individual and society. In *Professional Ethics and Civic Morals* Durkheim poses a major question: given the negative social consequences of unfettered markets, which caused what he termed 'anomie', how is the state to reconcile morality with the market? Durkheim argues that the answer is to be found in the evolution of a civil religion, in the form of professional codes and civic values, which would counteract the effects of individualism, just as guilds had regulated medieval economic life. Arguing that the state

---

has a vital role to play in moral life and that morals are at bottom social facts – a controversial position which drew considerable criticism – Durkheim also argues that the state had a duty to protect the rights of the individual, via a form of cosmopolitan patriotism. Durkheim also articulates a highly original and critical interpretation of the rules around property and inheritance – a perspective which resonates with debates about inequality and the redistribution of wealth today. Included in this Routledge Classics edition is a new introduction by Bryan S. Turner, placing Durkheim in contemporary context and outlining the key tenets of Professional Ethics and Civic Morals.

Imagine what it would be like to go back in time to the 15th century Venice. And imagine what it would be like to meet

your lifelong hero, Michelangelo. And imagine what it would be like if, on first meeting, you spill a tray of pasta and wine on that very same hero. Well, that's what happens to serious young artist Mark Breen. As the result of a drunken bet, Mark knocks out a painting of a toilet bowl. Much to his amazement, he sells it. In short order he's hailed as the new Andy Warhol and becomes an overnight sensation-and a very wealthy man. Soon, images of his toilet bowls are on more t-shirts, mugs, and calendars than Edvard Munch's The Scream. His friend and mentor, Hugh Connelly, afraid that Mark is in danger of losing his "artistic soul," advises him to go back to Italy and acquaint himself with the "old masters." In Venice, Mark falls in love with Alexandra, a beautiful art restorer, but it's a one-sided affair. One night, hoping to win her over, he climbs up on a roof to find out who painted her favorite fresco. He falls off the roof and wakes up in 15th century Venice where he meets an innkeeper named Francesca, who looks exactly like Alexandra. And it gets curiouser and curiouser from there. During his stay-which is sometimes zany and sometimes frightening-he meet his hero, Michelangelo, who teaches him the true meaning of art.

Spartacus Rose Garden Press

This is true story about real people is set in Edinburgh City and Dundee, where a petite Scottish Lassie called Rosie Gilmour, mother to Finlay Sinclair, receives news of the death of her son - who tragically has taken his own life by hanging. Rosie pretends her son is still alive by talking to him, for that takes away the unbearable pain of her loss. But once she begins to face up to the fact that Finlay is not coming back, her conversations become more of a challenge than she can handle. When memories of her past are triggered by everyday life events, they take her mind back and forth in time - back to her own childhood days in 1960, when she flirted with the fairground boys, and to the day she gave birth to Finlay - "ME LADDIE". Rosie's Scottish accent becomes more apparent whenever her emotions are heightened and she begins to recite poetry. She goes on to reveal doubts about her own self-worth and how she re-unites her role as mother - a role she had denied herself for seven years prior to Finlay's death. Rosie learns how to forgive herself and how to accept her loss with using practical coping strategies that sometimes but not always work for her. Many voices of different natures and walks of life appear in Rosie's, story with each one offering a part of their own belief to try and console her in her misery - except that she turns her back on any advice or support offered. Rosie is convinced that she can cope with her loss on her own and "needs no help from anyone, thank you" - until a sweet, gentle, soft-spoken voice begins to travel with her throughout her ordeal,

---

leaving her no other choice but to listen. Eventually moving to the countryside in Angus, Rosie finds the isolation gives her life a new meaning offering her the opportunity to re-value her belief's about her own self values and decides the time has come to give her son a memorial service and invite a chosen few dance companions whom she met on a regular basis in Edinburgh to honour this day. Rosie begins to accept she will never be the same person she once had been and shall never be again, believing now her journey through grief taught her many lessons making her a stronger and better person than she imagined she could ever be.

Model-Driven Engineering Languages and Systems  
Oswaal Books and Learning Private Limited

This book constitutes the refereed proceedings of the 16th International Conference on Model Driven Engineering Languages and Systems, MODELS 2013, held in Miami, FL, USA, in September/October 2013.

The 47 full papers presented in this volume were carefully reviewed and selected from a total of 180 submissions. They are organized in topical sections named: tool support; dependability; comprehensibility; testing; evolution; verification; product lines; semantics; domain-specific modeling languages; models@RT; design and architecture; model transformation; model analysis; and system synthesis.

The play Manfred is one of Byron ' s most famous and

influential works. It established him throughout Europe as a bold, blasphemous genius. It inspired music by Tchaikovsky and Schumann, and was admired by, and influenced, Richard Wagner, whose uncle made one of its eighteen German translations. Going back to the primary manuscripts, Peter Cochran has created a new text of Manfred, so that it can at last be read as it left Byron ' s pen, untouched by professional polishers, too anxious to impose a formal syntax on his fluent and spontaneous style. Cochran has – through a careful study of the original texts – decoded one hitherto-illegible note which throws light on Byron ' s strange and elaborate demonology. Several essays cover the myriad sources of the play, and there are sections on its production history. Cochran ends with an amusing essay on how to, and how not to, bring Byron ' s Manfred to the stage.

Topic-wise Solved Papers are known as the best preparatory material. IAS GS Topic-wise Solved Papers (1995 - 2010) consists of last 16 years solved papers of the General Studies Paper distributed in around 49 topics. The book has been divided into 8 broad UNITS, which have been further divided into topics. The units are: History of India; Geography; Indian Polity & Governance; Economic & Social Development; General Science; Mental Ability; General Knowledge; Current Affairs; Just revise a

---

topic and then solve previous year questions on that topic. The strength of the book lies in the Errorless Solutions. The book is 100% useful for both CSAT 2011 - Paper 1 & Paper 2. The book also contains the Mental Ability section of the GS paper which will be useful for Paper 2. **ULTIMATE BOOK FOR STEP BY STEP LEARNING & PRACTICE.**

Manfred Springer

This book constitutes the joint refereed proceedings of the 15th International Workshop on Approximation Algorithms for Combinatorial Optimization Problems, APPROX 2012, and the 16th International Workshop on Randomization and Computation, RANDOM 2012, held in Cambridge, Massachusetts, USA, in August 2011. The volume contains 28 contributed papers, selected by the APPROX Program Committee out of 70 submissions, and 28 contributed papers, selected by the RANDOM Program Committee out of 67 submissions. APPROX focuses on algorithmic and complexity issues surrounding the development of efficient approximate solutions to computationally difficult problems. RANDOM is concerned with applications of randomness to computational and combinatorial problems.

Oswaal 35 Year's NEET UG Solved Papers 1988-2022 + NCERT Textbook Exemplar Physics, Chemistry, Biology (Set of 6 Books) (For 2023 Exam) Oswaal Books and Learning Private Limited

Austerity has become the new principle for public policy in

Europe and the US as the financial crisis of 2008 has been converted into a public debt crisis. However, current austerity measures risk losing past progress towards gender equality by undermining important employment and social welfare protections and putting gender equality policy onto the back burner. This volume constitutes the first attempt to identify how the economic crisis and the subsequent austerity policies are affecting women in Europe and the US, tracing the consequences for gender equality in employment and welfare systems in nine case studies from countries facing the most severe adjustment problems. The contributions adopt a common framework to analyse women in recession, which takes into account changes in women's position and current austerity conditions. The findings demonstrate that in the immediate aftermath of the financial crisis, employment gaps between women and men declined — but due only to a deterioration in men's employment position rather than any improvements for women. Tables are set to be turned by the austerity policies which are already having a more negative impact on demand for female labour and on access to services which support working mothers. Women are nevertheless reinforcing their commitment to paid work, even at this time of increasing demands on their unpaid domestic labour. Future prospects are bleak. Current policy is reinforcing the same failed mechanisms that caused the crisis in the first place and is stalling or even reversing the long term growth in social investment in support for care. This book makes the case for gender equality to be placed at the centre of any progressive plan for a route out of the crisis.
