I took the CPT twice and sadly I still did not pass (even after getting an A in chem 101/L.. long story). The study guide on the csun's website is completely useless to study out of, mainly because there's only 6 questions. I suggest try and google other study guides from other school's chemistry placement exams. They're helpful, to an extent.

Refer to your CPT Access Pass for the exact test date and reporting time. Prior to reporting to the test location, you must carefully read all pages of your access pass. Only page one of the access pass should be brought to the test. Your access pass may be used only for the test date printed on it. All test takers can reprint their CPT access pass if it is misplaced. Visit the Testing Center Online Registration page and log in with your CSUN username and password.

Hi everyone! So I am planning to take the CPT on June 15th in order to skip CHEM100, but I do have a few questions regarding the test itself. I'm aware that the questions are based on basic chemistry (and I do have my older brother's textbook from when he took CHEM100 as study material), but I genuinely don't know what portions of the textbook I should focus on for this test or if I should ...
