## *Garden Tractors*

America's favorite small farm tractor is retrieved from the shed and shined up for duty in this essential guide by tractor repair expert Rachel Gingell and long-time writer Kenneth Updike. The Farmall Cub Encyclopedia is a comprehensive manual for any self-starter, at-home historian, or backyard farmer. Providing step-by-step instruction for maintenance and repair from oil changes to charging system snags, as well as user tips and a buyer's checklist, the Farmall Cub Encyclopedia will give you the confidence and know-how to buy, repair, and use your very own Farmall Cub. With instructional photographs, vintage advertisements, and contemporary images, this illustrated companion is at home on both the workshop bench and the living room coffee table. The book also includes an in-depth history of all models and a vast list of implements to adapt your tractor to any need, making it

both an introduction and an authoritative resource for the novice and experienced tractor owner alike.

**John Deere Shop Manual 655 755 756 855 856&955**

A detailed Reference Guide to Metal Pedal Tractors with full color pictures. Small model toy tractors have been on the market since the 1920's but pedal tractors were not produced until the late 1940's. The first pedal tractor, a John Deere Model A was produced by Eska in 1949. It is prized by collectors and can bring a high price in good condition. Ertl came out with pedal tractors shortly after Eska and continues to produce them today. Scale Models has also manufactured pedal tractors since the 1980's in their U.S. based plant. Since the 1970's pedal tractors have enjoyed renewed popularity mostly due to their collectability. Today approximately sixty percent of all pedal tractors are sold to collectors. The other forty percent are sold for use by children. Collecting and use of these mini tractors as riding toys are not mutually exclusive. Kids can enjoy riding them and the value will still increase over time if they are not abused. Kids love pedal tractors, in part because they are much like the real thing. Children age's three to seven are the perfect age to enjoy these special toy tractors. One popular event at many county fairs is the kiddie tractor pull. These pulls are just like tractor pulls for adults but with pedal tractors they operate under kid power only. The following tractors are included in the new book: Agco Allis, All American, Allis Chalmers, Case, Case International, Caterpillar, Cub Cadet, Duetz-Allis, Farmall, Farmer Boy, Ford, Heisler,

Heston, International, John Deere, Kubota, Massey Harris, Massey Ferguson, Minneapolis Moline, New Holland, Oliver, Tractol, White, & White Oliver. Also includes custom models, parts, scale model private issues, trailers, and umbrellas.

**Operator, Organizational, Direct and General Support, and Depot Maintenance Manual (including Repair Parts)**
