## The Military Balance 2020

Legare Street Press

Set in the early 1950s,

"Grandpa's Christmas Tree  
Story" is about a young boy's  
struggle to bring a Christmas  
tree to his school. In a letter to  
his grandchildren, this true  
story is based on the  
recollections of a grandfather  
many years later. The scene  
unfolds in a small rural  
community along the Hudson  
River... celebrating many of  
the traditions of the times...

How to Become a Law

Enforcement Professional: From  
the Written Test to the  
Psychological Evaluation  
provides readers with valuable,  
practical information to help them  
prepare for law enforcement  
qualification and entrance exams.  
Opening chapters provide readers  
with an overview of the history of  
law enforcement testing and help  
them carefully consider if law  
enforcement is the right career  
path for them. The majority of the  
book focuses on the various tests  
individuals are required to take

and pass prior to entering the  
force. Dedicated chapters cover  
the written exam, physical fitness  
test, oral board interview,  
background investigation, and lie  
detector test. Readers learn about  
assessment centers and the  
components of the psychological  
evaluation, medical examination,  
and final interview. The  
concluding chapter prepares  
readers for what they are likely to  
experience in police academy  
training. How to Become a Law  
Enforcement Professional is an  
ideal textbook for courses in  
policing and law enforcement. It  
is also a valuable resource for any  
individual preparing to take the  
requisite exams to join the force.

 If there is only one book about Mohandas Karamchand Gandhi that you need to read today, make **Gandhian Thought**, New World, New Dimensions by Ravindra Kumar be the book. There are many Gandhian scholars around the world but Kumar is peerless. What sets Kumar apart from the other scholars is that like Gandhi he is Indian, and he understands the culture and customs behind the teachings and the philosophy. One can never study Gandhi and try to separate him from his ethnology. He is a noteworthy researcher. Kumar's interpretation of Gandhi and his ideas is outstanding. Kumar, an educator who has authored over a hundred books, has emerged as one of the great thinkers of our time, and a leading Gandhian scholar. In this book he articulates on Satyagraha, the Sustainable

Culture of Peace and how the Gandhian philosophy applies in current international conflicts, Sudan, Myanmar, Iraq, Iran, and outer countries. The book also addresses the fundamental question, is Gandhi relevant today? This book should be a required reading for all individuals who are interested in peace and the Gandhian theory. This book is a necessary read.

**Bubble Head** is a Crested Polish Banty — One Slick Chick — and a strange-looking chicken that takes on a crafty fox in the first part of this children's adventure book. "I happen to be a stunning chicken. I allow these humans to pet my lovely feathers and tell me I'm one hot chicken, but of course I know this. It's obvious I'm a chicken worth pick-en." Whether she's strange-looking or lovely, this hip chick will delight young readers as she takes on some worthy adversaries, including a killer fox, and a large snapping spider that appears on Halloween (and if it bites, you become the spider). Does **Bubble Head** come out on top?

 U.S. citizens fought and died in WW II long before the Japanese attacked Pearl Harbor. Among them were the pilots of the Eagle Squadrons, three fighter squadrons of Britain's Royal Air Force manned by young U.S. flyers. This book tells how the Eagle squadrons were formed and summarizes the history of the units and evaluates their deeds,

motivations, and contributions. Draws on interviews from more than 35 surviving Eagles, their letters and memoirs, and official records. Depicts their daily lives along with special heroes and amazing sacrifices. "An important contribution to the study of American involvement in WWII. Highly recommended."

 Named one of the Best Romance of 2020 by EW, Washington Post, NPR, and Bookpage! Meet the **SOCIETY OF SIRENS**—three radical, libertine ladies determined to weaponize their scandalous reputations to fight for justice and the love they

deserve... She 's a Rakes on a quest for women 's rights... Seraphina Arden 's passions include equality, amorous affairs, and wild, wine-soaked nights. To raise funds for her cause, she 's set to publish explosive memoirs exposing the powerful man who ruined her. Her ideals are her purpose, her friends are her family, and her paramours are forbidden to linger in the morning. He 's not looking for a summer lover... Adam Anderson is a wholesome, handsome, widowed Scottish architect, with two young children, a business to protect, and an aversion to scandal. He could never, ever afford to fall for Seraphina. But her indecent proposal—one month, no strings, no future—proves too tempting for a man who strains to keep his passions buried with the losses of his past. But one night changes everything... What began as a fling soon forces them to confront painful secrets—and yearnings they thought they 'd never have again. But when Seraphina discovers Adam 's future depends on the man she 's about to destroy, she must decide what to protect... her desire for justice, or her heart.

The reissue of this definitive biography heralds the one-hundredth anniversary of the Wright brothers' first flight. Brilliant, self-trained engineers, the Wright brothers had a unique blend of native talent, character, and family experience that perfectly suited them to the task of invention but left them ill-prepared to face a world of skeptics, rivals, and officials. Using a treasure trove of Wright family correspondence and diaries, Tom Crouch skillfully weaves the story of the airplane's invention into the drama of a unique and unforgettable family. He shows us exactly how and why these two obscure bachelors from Dayton, Ohio, were able to succeed where so many better-trained, better-financed rivals

had failed.

Flash Max

This book not only records the significant events of Canadian aviation but also pays tribute to the 'forgotten flyers who flew by guess and by God or with calculating caution - for the sheer love of flying - in the early days.' The opening chapter recounts the first tentative experiments with that overgrown monster, the flying machine - at this stage, the glider. Next come the Barnstormers, the first professional airmen, trying desperately to wrest a living from the air, pioneering in the field of practical flying as little more than vaudeville performers. These were the days of daring aero-acrobatics and tense and crowded air-meets. The First World War saw a tremendous advance in technical manoeuvres and in pilot skill; the first aviation school was established in Toronto, where the War Birds learned to fly. An unparalleled boom in aviation followed the war. Public interest had been aroused by the celebrated achievement of Canada's Air Force, and many young men, the restlessness of the war still in them, were obsessed by the itch to fly again. The dollar-a-minute days marked the beginning of passenger travel and a steady increase in experimental flying, to bear its practical fruit in days to come. The next chapter is one of heroic enterprise - the conquest of the Atlantic and the spanning of the Continent. No less epic is the history of the bush pilots who tamed the Canadian North. We must be grateful to Mr. Ellis for rescuing from obscurity this important chapter
