With her passion for fine food and, above all, her appetite for love and life, Gael Greene traces her rise from a Velveeta cocoon in the Midwest to powerful critic of New York magazine. Love and food, foreplay and fork play, haute cuisine and social history--all become inextricably linked as the author lifts the lid on her most provocative subject yet--herself. Along the way there are tales of her saucy erotic adventures and intimate portraits of the culinary icons of our time--Julia Child, André Soltner, James Beard, among others--and revealing dissections of New York's legendary "in" spots, including Elaine's, Le Bernardin, Le Cirque, Odeon, and Balthazar.

STARBUCKED will be the first book to explore the incredible rise of the Starbucks Corporation and the caffeine-crazy culture that fueled its success. Part Fast Food Nation, part Bobos in Paradise, STARBUCKED combines investigative heft with witty cultural observation in telling the story of how the coffeehouse movement changed our everyday lives, from our evolving neighborhoods and workplaces to the ways we shop, socialize, and self-medicate. In STARBUCKED, Taylor Clark provides an objective, meticulously reported look at the volatile issues like gentrification and fair trade that distress activists and coffee zealots alike. Through a cast of characters that includes coffee-wild hippies, business sharks, slackers, Hollywood trendsetters and more, STARBUCKED explores how America transformed into a nation of coffee gourmets in only a few years, how Starbucks manipulates psyches and social habits to snare loyal customers, and why many of the things we think we know about the coffee commodity chain are false.
