QSK23 | Cummins

Inc.

Overview: Cummins
QSK23 shares the
proven power
cylinder design of
our QST30 and QSK78

engines, for reliability and durability you can count on. Every day and every year.

Here are just some of the heavy-duty components that make the QSK23 an excellent choice for the largest construction equipment. Cummins Construction Engine QSK23

Cummins QSK78-G9 Industrial Diesel Generator Engine - Advanced

The QSK23 uses the Cummins High Pressure Injection (HPI) PT full authority electronic fuel system. The HPI PT fuel system is managed by a G-Drive Governor Control System (GCS) controller, which is provided for off-engine mounting in the genset control panel. The Quantum Control has a specific fuel system board to interface with the HPI-PT fuel ...

QSK60 | Cummins Inc. Cummins is the world ' s largest independent engine manufacturer, with a range of diesel and gas engines extending from 37 to 3132 kW (49 to 4200 hp), from the smallest (2.8 litres) to the largest (95 litres). With global manufacturing and support, Cummins serves customers around the world

offering power solutions for the following market sectors:

Diesel QSK60-Series | Cummins Inc.

The QSK95 engine is one of the most advanced technology engines designed with the end user applications in mind to achieve cleaner and more efficient performance.

Featuring advanced technology fuel injection that works to deliver faster power delivery and combined with a quad-turbocharging system to boost transient response.

CUMMINS QSK60 ENGINE SPARE PARTS CATALOG.xlsx

Cummins will be the leading provider of electrified power in our commercial and industrial markets just as we are the leader in diesel and natural gas powered

products. Cummins will provide the entire electrified power solution, as well as some of the most critical components that have the largest impact on performance, quality and power of the system to deliver the most value to our customers.
