Do or Die is the first insider account of teenage gangs--the lives, loves, and battles of children who kill--from the only journalist ever allowed inside this closed and dangerous world. This is no West Side Story. Welcome to a world where teenagers wear colostomy bags and have scrapbooks filled with funeral invitations; where a young man, after being shot in the chest, drives himself to the hospital; where another youngster, caught in crossfire, uses his girlfriend as a human shield; where teenage gangsters are kidnapped, tortured, and held for six-figure ransoms; where kids hum the latest movie's theme music while killing people. It's a world of clickheads, sherms, bangers, ballers, and mummyheads; a world where the strongest feelings of family come from other gang members; a world where the most potent feelings of self-worth come from murder.

The REAL STORY AS TOLD BY THE FIRST COUSIN. A young woman

Butch Cassidy, My Brother Rmsw Press

StreetCreds is a look inside the world of street gangs and the cops that work them. I worked the street for many years before I entered the Gang Task Force, joining it with the idea that I could rise to the level of violence of any banger I encountered - a really stupid idea. I grew up in this city, and I worked its streets the best way I knew how, feeling that I had a firsthand understanding of what the citizens were experiencing. The increasing frustration at gang crimes, drive bys, robberies, never feeling safe with your kids in your own neighborhood - I wanted to do what I could to make that fear go away. Once I was inside the task force, though, the reality was a rude awakening. The task force was poorly managed and staffed by detectives mostly out for themselves, and the internal politics made success incredibly difficult and almost impossible - almost, but not quite. Witnessing bad cops, brutal crimes, and realizing the department had been compromised. I left the unit two years later, severely broken, edgy, and dangerously damaged. StreetCreds is the story of how all that came to be. Hold on for a reality check. ~ Zach

Chakana Harper Collins

The founder of Blackwater offers the gripping true story of the world's most controversial military contractor. In 1997, former Navy SEAL Erik Prince started a business that would recruit civilians for the riskiest security jobs in the world. As Blackwater's reputation grew, demand for its services escalated, and its men eventually completed nearly 100,000 missions for both the Bush and Obama administrations. It was a huge success except for one problem:

Blackwater was demonized around the world. Its employees were smeared as mercenaries, profiteers, or worse. And because of the secrecy requirements of its contracts with the Pentagon, the State Department, and the CIA, Prince was unable to correct false information. But now he's finally able to tell the full story about some of the biggest controversies of the War on Terror, in a memoir that reads like a thriller.

The classic memoir of life as a Crip, written in solitary confinement: "A shockingly raw, frightening portrait of gang life in South Central Los Angeles." —Michiko Kakutani, The New York Times After pumping eight blasts from a sawed-off shotgun at a group of rival gang members, twelve-year-old Kody Scott was initiated into the L.A. gang the Crips. He quickly matured into one of the most formidable Crip combat soldiers, earning the name "Monster" for committing acts of brutal violence that repulsed even

his fellow gang members. When the inevitable jail term confined him to a maximum-security cell, a complete political and personal transformation followed: from Monster to Sanyika Shakur, black nationalist, member of the New Afrikan Independence Movement, and crusader against the causes of gangsterism. In a work that has been compared to *The Autobiography of Malcolm X* and Eldridge Cleaver's *Soul on Ice*, Shakur makes palpable the despair and decay of America's inner cities and gives eloquent voice to one aspect of the black ghetto experience.

The infamous Suge Knight, former Death Row Records CEO, and Keffe D are the only living eyewitnesses to the deadly confrontation on the Las Vegas strip between the occupants of our two vehicles. A violent confrontation that led to the deaths of two of Hip-Hop's biggest stars (Tupac Shakur & Christopher 'Notorious B.I.G.' Wallace) and changed Hip-Hop history forever. There's a strict code on the streets. One that real street players live, kill, and die by. *Compton Street Legend* reveals the street-level code violations and the explosive consequences when the powerful worlds of the streets, entertainment, and corrupt law enforcement collide. More than twenty years after the premature deaths of Tupac and Biggie there have been numerous TV specials, documentaries, books, magazine and newspaper, and social media dedicated to the subject. But at the end of the day, none of the private investigators, retired police officers, informants, Hip-Hop heads, actors, or academics that have weighed in on the topic truly know what happened and the reasons behind it, because none of them were there. Duane 'Keffe D' Davis, a native of Compton, California, admittedly lived most of his life as a gangster; a real gangster that did the shit that real gangsters do. He rose up the gang-banging ranks to become a shot-caller for the notorious Southside Compton Crips, while running a multi-million dollar, multi-state drug empire. Keffe D has been a central figure in both the Tupac Shakur and Biggie murders for the past 20 years. *COMPTON STREET LEGEND* will add valuable information about two of the biggest "unsolved" crimes in American history. It will serve as the missing piece of the puzzle that Hip-Hop Fans have been waiting for. On the surface, *COMPTON STREET LEGEND* will look like a story based on violence and hate, it is actually a story about Love, Family, Brotherhood, Loyalty, Trust, and Honor. It's time to set the story straight. Fasten your seatbelts.
