Another thing ever I like was the ending line...that made me smile and laugh when I read it. I can't wait for the second book to come out and I just hope that it's as good as this book was. Something else I'd like to say is that if I was a producer, I'd probably do anything to make this into a movie and if they

do...they will have a lot of weight on their shoulders because it'd be hard to make a movie as good as this book." Amy's review Apr 10, 2011 5 of 5 stars "Wow! The story line was great, and the concept of the book was something I've never read before. There were so many twists that

I couldn't predict anything that happened. I was kept guessing the entire time. Books like this are a rare find, especially when not that many people know about them. So I'm spreading the word! Read this book! You won't regret it! The sequel can't come out soon enough!" Allie B.'s
