Lady Macbeth has haunted American history since the conflicts of Shakespeare s England spilled over into New England s real witch hunts. To reveal how Lady Macbeth entered American politics as an icon for the First Lady, this investigation focuses on the prominent actresses in the role, how they performed, and their effect on audiences anxious about the country s First Lady and her influence over the President - especially at times of war. Smith ably shows how the various Lady Macbeths have both reflected and shaped the image their contemporaries have of the ambitious political wife, producing parallels that converge dramatically in twentieth-century "witch hunts."

By the Tony-award winning authors of *Falsettos*, here is an energetic, sardonic, often comical musical about a composer during a medical emergency. Gordon collapses into his lunch and awakes in the hospital surrounded by his maritime-enthusiast lover, his mother, a co-worker, the doctor and the nurses. Reluctantly, he had been composing a song for a children's television show that features a frog - Mr. Bungee - and the spector of this large green character and the unfinished work haunts him throughout his medical ordeal. What was thought to be a tumor turns out to be something more operable and Gordon recovers, grateful for a chance to compose the songs he yearns to produce.

This text is a unique find for the aspiring conductor -- a sequenced approach to the many musical and extra-musical conducting skills that doesn't find itself mired in a complex presentation. Revised to include additional step-by-step exercises and examples, it remains rooted in its "Seven Disciplines for Excellence in Conducting." Promoting the kind of focused, dedicated study that conducting requires, these seven disciplines -- analyzing, internalizing, researching, marking and conducting the score, and planning and rehearsing the rehearsal -- build on each other to continually reinforce earlier disciplines. Well suited for both self study and use in a conducting course or seminar, *Precision Conducting* is also an excellent resource for those looking to refresh an existing skill set.

"We'd like to wrap this musical in gold paper with spangles all over it and attach a card saying Merry Christmas! Remember the wonderful Victor Herbert music? Remember the lyrics? "Toyland, toyland, little girl and boy land." There are wonderful roles for everyone: Mary, Mary, Quite Contrary; Tom-Tom, the Piper's Son; Jack and Jill; Little Miss Muffet; Wicked Uncle Barnaby who runs the toy shop (and his comic-ruffian assistants, Roderigo and Gonzorgo) and can turn children into dolls and sell them for gold; and lovable Jane and Alan who are his next victims. The adaptation uses the original music of Victor Herbert and much of Glen MacDonough's libretto and lyrics."--Publisher website.

From patriotic "God Bless America" to wistful "White Christmas," Irving Berlin's songs have long accompanied Americans as they fall in love, go to war, and come home for the holidays. Irving Berlin's *American Musical Theater* is the first book to fully consider this songwriter's immeasurable influence on the American stage. Award-winning music historian Jeffrey Magee chronicles Berlin's legendary theatrical career, providing a rich background to some of the great composer's most enduring songs, from "There's No Business Like Show Business" to "Puttin' on the Ritz." Magee shows how Berlin's early experience singing for pennies made an impression on the young man, who kept hold of that sensibility throughout his career and transformed it into one of the defining attributes of Broadway shows. Magee also looks at darker aspects of Berlin's life, examining the anti-Semitism that Berlin faced and his struggle with depression. Informative, provocative, and full of colorful details, this book will delight song and theater aficionados alike as well as anyone interested in the story of a man whose life and work expressed so well the American dream.
