An army veteran with deep expertise in military and international affairs makes his fiction debut with this electrifying international thriller—the first volume in a blistering hot series in the tradition of Brad Thor, Tom Clancy, and Daniel Silva. In *Shadow War*, an elite American mercenary on a secret mission to save a businessman’s family in Eastern Europe must navigate perilous setbacks and deadly enemies that threaten to tip the balance of power between Russia and the United States. Tom Locke is an elite warrior working for Apollo Outcomes, one of the world’s most successful private contracting firms. Pulled out of a mission in Libya, he is tapped for an

unusual and risky assignment: a top secret black op in Ukraine. He is given one week to rescue an oligarch’s family and pull off a spectacular assault that could have long-lasting repercussions for this imperiled Eastern European nation and the world. What Locke doesn’t know is that the operation comes with a dangerous complication: Brad Winters. Locke’s ambitious and enigmatic boss is engaged in a secretive, high-stakes geopolitical chess game with several influential powerbrokers in capitals around the world. One misstep could cost him—and Locke—everything. While Locke has methodically planned the mission and hand-picked a team of trusted operatives to pull it off—and save his ass if things

go south—he doesn't count on running into a former love, war correspondent Alie MacFarlane, who impulsively makes a move that risks both their lives. Locke is an intelligent, iconoclastic soldier who specializes in pulling off the impossible. But all his brilliant preparation can't prevent the kind of backstabbing and deception that could lead to catastrophe . . . and tip the balance of power toward Putin's Russia.

The Walk-On Method

features 31 underdog athletes who parlayed their college experience into habits that led to career and business success. While each walk-on's individual path is unique, the mindset, skills, and behaviors they developed and the post-college outcomes they achieved are similarly remarkable. These athletes applied The Walk-On Method first to college football, basketball, rowing, golf, or track & field, and then they parlayed that behavior pattern into success in business ownership, engineering,

coaching, law, finance, broadcasting, medicine, insurance, film, management, education, banking, acting, and ministry. These former walk-ons were behaving subconsciously, unaware that scrambling to make a college sports team and fighting to keep their roster spot was foundational to their life's work. Going the extra mile in their profession is second nature, and they wonder why others don't take that same (and seemingly obvious) path. Most people don't realize they're in control of their career trajectory. When we read about a successful person, their accomplishments are often painted as a one-in-a-billion anomaly, a lightning strike of genius or opportunity. This book destroys those myths one

walk-on success story at a time and reveals this important reality: your professional success is within your control. Ordinary people will accomplish extraordinary feats when their energy is properly channeled. *The Walk-On Method To Career & Business Success* shows you how through inspiring stories and the proven five-step Walk-On Method. founder of the iconic Knitting Factory music venue in New York, Michael Dorf became one of the earliest pioneers of digital music in the 1990s and found himself addicted to the seductive promise of the Internet. But losing everything in the dot-com bust led to a renewed appreciation for the sensory pleasures of life and inspired him to gamble big with his latest crazy idea: Launching a wine-making facility in the middle of Manhattan for patrons who could also have dinner in a cozy three-hundred-seat venue while watching concerts by artists such as Elvis Costello, Steve Earle, Suzanne Vega, and Esperanza

Spalding. After surviving another economic cataclysm—the Great Recession of 2008—Dorf found that his City Winery concept worked beautifully and he expanded it into a national network of clubs that continues to grow rapidly. Along the way, he realized why his venues are sold out nearly every night, from Boston to Nashville: Trapped in a digital bubble, increasingly separate from the real world, people are eager for the visceral, sensory experiences he offers. In *Indulge Your Senses: Scaling Intimacy in a Digital World*, Dorf tells riveting tales from his wild ride through three

decades of business escapades and dispenses invaluable wisdom for readers—entrepreneurs, executives, students, professionals, lovers of music and wine—who are struggling to balance the virtual and the real in a world awash in technology.

“ Music, wine, food, and community—not only has Michael Dorf cracked the code on a recipe so many of us crave most in an increasingly disconnected world, he ’ s also managed to grow a brilliantly successful business while listening to his gut and sticking to his values. It ’ s a feat that all entrepreneurs would be wise to study

closely. ” —Danny Meyer, CEO, Union Square Hospitality Group; Founder, Shake Shack; and author, *Setting the Table: The Transforming Power of Hospitality in Business*

“ The lessons learned in Michael Dorf ’ s fascinating career make this as much a business book about how to thrive by indulging a customer ’ s senses in our digital age as it is a gripping tale from an insider in the New York rock and jazz world during a period of massive technological change. ” —Steve Case, co-founder of the investment firm Revolution LLC and former CEO of AOL

“ Sonic Youth, Beck, John Zorn, Cecil

Taylor—Michael Dorf showcased them all at his cutting-edge Knitting Factory. Neil Young, Aaron Neville, Macy Gray, Shawn Colvin—those artists and more have graced his upscale City Winery. It ' s hard to imagine anyone in New York who has presented more great live music over the past thirty years. This book is the colorful story of how Dorf pulled it off, both before and after the Internet upended the music industry and changed our lives forever. It ' s inspiring reading for anybody who cares about music, culture, and wine, and explains how to thrive by offering people a live experience they
