A pioneering revolutionary prescription for the health and long life of your pets For two decades, Dr. Martin Goldstein—America's most successful, renowned holistic veterinarian—has healed and helped his animal patients with the same natural therapies that benefit humans. The results have been so astounding that today critically sick pets are brought to him from across the country for a new chance at life and health. In this compelling, very accessible book, Dr. Goldstein explains exactly what holistic medicine is and how it works. By treating the root of a health problem instead of its symptoms, you too can help your animal to regain and maintain its own health, as nature intended. Dr. Goldstein also shares many remarkable true stories of supposedly terminally ill animals who have recovered to full wellness. Inside you'll discover

- Why our animals get sick, even when we strive to give them the best of care
- An exhaustive A to Z guide of pet ailments—and the best course of action
- Why vaccines can do more harm than good
- The link between diet and disease—and how the right diet can not only prevent disease but reverse it
- How acupuncture, homeopathy, chiropractic, and other alternative options work--safely and painlessly--to restore true health
- Specific guidance for the use of herbs, supplements, and natural remedies
- The good news (and the bad) about cancer in animals--including extraordinary new treatments and potential cures
- Coping with the inevitable death of your pet--both physically and psychologically
- And much, much more Plus—the ultimate resource for holistic pet care: an extensive guide to holistic product manufacturers and stores, books, newsletters, Web sites, veterinarians, and associations!

"Meat Planet explores the quest to grow meat in laboratories--a substance sometimes called "cultured meat"--And asks what it means to imagine that this is the future of food. This book takes the reader on a tour of the laboratories, kitchens, public debates, and media events that may launch this novel food technology. While pundits

and entrepreneurs promote cultured meat as a solution to the ethical and environmental problems of industrial meat, Meat Planet meditates on the philosophical, historical and anthropological meanings of future flesh"--Provided by publisher.

While on vacation in August 2011, Robyn Gardner and Gary Giordano were enjoying a beautiful Caribbean day together on Baby Beach located on the south end of Aruba when tragedy struck as both entered the water and only one returned. A few days later, headlines from around the world reported on Gary Giordano's arrest for murder, manslaughter, kidnapping and insurance fraud. He soon found himself in the center of a worldwide witch-hunt fueled by tabloid news, outrageous headlines, fame seekers, judicial corruption, revenge and betrayal. Unrealistic comparisons of Natalee Holloway and Joran van der Sloot became the foundation of the media circus. Murder for money became the punch line. Robyn Gardner was a beautiful woman who was just beginning to realize her full potential and Gary Giordano a successful businessman and world traveler. While still grieving for the loss of his good friend and lover, Gary, caged like an animal in solitary confinement, mentally and physically tortured and repeatedly interrogated for hours, days and months in the infamous Aruba KIA prison, never gave up hope. Back home in the United States, the media firestorm raged on as the FBI entered the frenzy in a highly televised search and seizure of Gary's Maryland home and a Grand Jury was convened to address allegations of insurance fraud. Gary Giordano was released from KIA prison on November 28, 2011, after four months of torture in KIA prison. No evidence of a crime ever existed and Gary was never charged with a crime. Now, in *The Aruba Files*, Gary Giordano breaks his silence to reveal for the very first time what really happened in Aruba and how and why the world media demonized him. In unprecedented fashion, Gary shares scores of confidential FBI reports and FBI e-mail correspondence usually sealed for decades, as well as Aruba interrogation reports and confidential recorded phone transcripts. He describes in detail the torture he endured and exposes who got away with lying to the FBI and Aruba government which resulted in prolonging his torture and ultimate destruction of his business, name and forever altering his and his three son's future. He describes in detail the media's continued manipulation of the truth following his release and the untold story of the Baby Beach cover-up and further unnecessary loss of life. As in Aruba, Gary remains a target for local law enforcement and continues to be harassed by those trying to make a name for themselves. Gary never gave up hope and remains stronger than ever. He hopes his story will empower others to

persevere in the face of overwhelming adversity and expose judicial corruption and media malice. Gary Giordano received no money or financial gains associated with Robyn's death and lost millions due to the real perpetrators revealed in this book. Gary is a staunch advocate of the wrongfully accused, continues to fight for the truth, and is dedicated to exposing judicial abuse of power in the United States and abroad. This book is dedicated to the memory and life of Robyn Gardner.

One day John Freyer decided to sell everything he owned on the internet. He invited his friends over to tag all the possessions in his apartment, and he systematically put them up for sale on eBay. An unopened box of taco shells, half a bottle of mouthwash, almost all of his clothes, his records, his sideburns (in a plastic bag), his family's Christmas presents (not yet given), furniture—John didn't let sentiment or utility stand in his way. Soon his belongings were sold all over the world, with a bag of Porky's BBQ Pork Skins making its way to Japan, and a chair ending up in the Museum of Modern Art. With almost all the objects in his life now gone, he started the second phase of his journey— to visit his onetime possessions in their new homes.

Identifying 'permissive populism', the trickle down of permissiveness into mass consumption, as a key feature of the 1970s, Leon Hunt considers the values of an ostensibly 'bad' decade and analyses the implications of the 1970s for issues of taste and cultural capital. Hunt explores how the British cultural landscape of the 1970s coincided with moral panics, the troubled Heath government, the three day week and the fragmentation of British society by nationalism, class conflict, race, gender and sexuality.

"Adam Rapp’s brilliant and haunting story will break your heart. But then his words will mend it. . . . Absolutely unforgettable." – Michael Cart On the run in a stolen car with a kidnapped baby in tow, Custis, Curl, and Boobie are three young people with deeply troubled pasts and bleak futures. As they struggle to find a new life for themselves, it becomes painfully clear that none of them will ever be able to leave the past behind. Yet for one, redemption is waiting in the unlikeliest of places. With the raw language of the street and lyrical, stream-of-consciousness prose, Adam Rapp hurtles the reader into a world of lost children, a world that is not for the faint of heart. Gripping, disturbing, and starkly illuminating, his hypnotic narration captures the voices of two damaged souls - a third speaks only through drawings - to tell a story of alienation, deprivation, and ultimately, the saving power of compassion.
