This book is a collection of blogs and reviews published on the net on various popular websites.

These essays function more like opinion essays dissecting the very nature of being, becoming, withdrawal and the attainment of perfection. The movie and book reviews don't touch upon the technicalities of movie-making, but they deal with an idea, thought, feeling or conflict the book or movie may have evoked in me. The book is divided into 2 parts. In the first part I have compiled my collected blogs, and in the second half, you get to read reviews of books and movies that I have watched and read. This non-fiction book tries to mock at tradition, and is subversive in its attempt to educate. I hope to prod the discreet reader and provoke strong reactions and emotions for all the touchy issues that I have written about.
