Toyota D4d Engine Problems
The D4D, sorry, 1KD-FTV is not immune to seizing, even though it ' s 99 percent avoidable if you know where to look. The problem is caused by the oil pick-up in the sump becoming choked up with carbon and debris, restricting the flow of oil, thus destroying any chance of the motor getting the vital lubrication it so rightfully deserves. D4D HiLux common problems and solutions - Unsealed
How to change the Engine Oil on Toyota Hilux MK6 - YouTube
The pistons are cooled and

lubricated with motor oil sprayed by any chance of the motor getting oil jets at the bottom of the engine block. The aluminum 16-valve DOHC cylinder head is mounted on top of the engine block. There is a steel-laminate type head gasket between them. The engine has a timing belt for driving the intake camshaft only.

Piston Overhaul
Hello there, i have a rav4 d4d diesel, reg number: RE58XZA .
The car did over 125k miles. Last time i serviced the car the engine sound became weird, i used the Shell helix ultra 5w30 which was the best recommended oil for this engine!
D4D HiLux common problems and solutions - Unsealed 4X4 ...
This engine uses Toyota's D-4D Common Rail fuel injection technology operating at ultra high pressures of up to 1,350 bar (19,600 psi) which is about 8 times more than the pressure of conventional fuel injection systems within a "common rail" that feeds the injectors on all four cylinders.

Toyota D4d Engine Problems
But 8 years down and a few D4D's I can tell you that any thing between 500ml and 1.2 Liters in 10000km is normal. Nothing to worry about. Never had a D4D's that used more than 1200ml between services....anything more than that I dont know. Last edited by PHR; 2015/04/24 at 04:31 PM .

Engine Oil for Toyota Hilux Diesel - cars-care.net
Engine (Volume and Code) Years of Production
Recommended oil How

much (L.) 1.6 (4AFE)

1997-2000 : Synthetic 5w30

Toyota specify Castrol SF for the engine, the minimum

requirement spec for the d4d though and a mineral based oil.

You can change to synthetic, BUT then make sure you stick to it! Do not chop and change between synthetic and mineral from one service to another.
