Breakfast lavishly, pre-book all your holidays years in advance, dress sensibly and obey the red man! « How to be German » presents all the little absurdities that make living in Germany such a pleasure. It ' s required reading for all Ausl ä nder and for Germans who sometimes have the feeling they don ' t understand their own country. We learn why the Germans speak so freely about sex, why they are so obsessed with « Spiegel Online » and why they all dream of being naked in a lake of Apfelsaftschorle. At the end, the only thing left to say to Adam Fletcher ' s love letter to Germany is « Alles klar! » This e-book is also available in German: « Wie man Deutscher wird in 50 einfachen Schritten. Eine Anleitung von Apfelsaftschorle bis Tsch ü ss » . The printed edition has been published as a bilingual turn-around book.

ISE DEUTSCH: NA KLAR! Bloomsbury Publishing USA
Often underestimated, lyric diction is a portal to powerful performance. It is through lyric diction that singers are able to communicate the wishes and desires of the poet, as well as the composer. Amanda Johnston takes a modernized approach in English and German Diction for Singers, making German increasingly accessible through the recognition that English and German are related languages, and thus have many things in common with regard to lyric diction. This comprehensive resource includes a thorough analysis of the German and English languages, as well as lists, tables, charts, musical examples, and even tongue twisters. Designed for both undergraduate and graduate courses in German and English lyric diction, this book is an invaluable resource for classical singers, vocal coaches, and voice teachers alike.
Workbook for Deutsch: Na klar! C.H.Beck
Publisher Description

Deutsch Nelson Thornes
A brilliantly brain-warping thriller and a love story that leaps back and forth in time — All Our Yesterdays is an amazing first novel, perfect for fans of The Hunger Games. Em is locked in a bare, cold cell with no comforts. Finn is in the cell next door. The Doctor is keeping them there until they tell him what he wants to know. Trouble is, what he wants to know hasn't happened yet. Em and Finn have a shared past, but no future unless they can find a way out. The present is torture — being kept apart, overhearing each other's anguish as the Doctor relentlessly seeks answers. There's no way back from here, to what they used to be, the world they used to know. Then Em finds a note in her cell which changes everything. It's from her future self and contains some simple but very clear instructions. Em must travel back in time to avert a tragedy that's about to unfold. Worse, she has to pursue and kill the boy she loves to change the future . . .

Deutsch: Na klar! engages students with its unique integration of authentic materials and targeted listening and speaking activities, contemporary culture and communicative building blocks, providing the tools they need to build a solid foundation in introductory German. Communicative Competence: The program supports the communicative goals of the course by engaging students with authentic materials in print, audio, and video and puts the students into the kinds of situations they would encounter in any German-speaking environment. The program has been carefully designed to get students to communicate in a controlled way at first, then in a progressively more open-ended fashion, on a variety of topics that affect their own lives. In Connect German, students have full access to the digitally enhanced eBook, the online Workbook/ Lab Manual activities, LearnSmart, and all of the accompanying audio and video resources, giving them the ability to interact with the materials as often as they wish. Cultural Competence: Deutsch: Na klar! engages students in cross-cultural comparisons and analysis- express opinions, summarize, and synthesize texts, and narrate events- throughout the program. The cultural program ' s meaningful and extensive exploration of the German-speaking world is fully supported in Connect German through audio and video resources and interactive activities. Mobile Tools for Digital Success: Connect German, McGraw-Hill ' s digital teaching and learning environment, is now mobile enabled for tablets, allowing students to engage in their course material via the devices they use every day. The digital tools available in the Connect German platform facilitate student progress by providing extensive opportunities to practice and hone their developing skills. These learning opportunities include online communicative activities, instant feedback, peer-editing writing tools, sophisticated reporting, and a complete e-book with embedded audio, video, and grammar tutorials. Connect is the only integrated learning system that empowers students by continuously adapting to deliver precisely what they need, when they need it, and how they need it, so that your class time is more engaging and effective. *Connect German, including but not limited to the workbook/lab manual, LearnSmart, the video program, and chat tools, is sold separately and does not come automatically with the purchase of the textbook.

Anaphora Resolution and Text Retrieval Routledge
It's true that some people spend years studying German before they finally get around to speaking the language. But here's a better idea. Skip the years of study and jump right to the speaking part. Sound crazy? No, it's language hacking. Unlike most traditional language courses that try to teach you the rules of German, #LanguageHacking shows you how to learn and speak German through proven memory techniques, unconventional shortcuts and conversation strategies perfected by one of the world's greatest language learners, Benny Lewis, aka the Irish Polyglot. Using the language hacks -shortcuts that make learning simple - that Benny mastered while learning his 11 languages and his 'speak from the start' method, you will crack the language code and exponentially increase your language abilities so that you can get fluent faster. It's not magic. It's not a language gene. It's not something only "other people" can do. It's about being smart with how you learn, learning what's indispensable, skipping what's not, and using what you've learned to have real conversations in German from day one. The Method #LanguageHacking takes a modern approach to language learning, blending the power of online social collaboration with traditional methods. It focuses on the conversations that learners need to master right away, rather than presenting language in order of difficulty like most courses. This means that you can have conversations immediately, not after years of study. Each of the 10 units culminates with a speaking 'mission' that prepares you to use the language you've learned to talk about yourself. Through the language hacker online learner community, you can share your personalized speaking 'missions' with other learners - getting and giving feedback and extending your learning beyond the pages of the book . You don't need to go abroad to learn a language any more.

All Our Yesterdays Nelson Thornes
This book shows how accessible communication, and especially easy-to-understand languages, should be designed in order to become instruments of inclusion. It examines two well-established easy-to-understand varieties: Easy Language and Plain Language, and shows that they have complementary profiles with respect to four central qualities: comprehensibility, perceptibility, acceptability and stigmatisation potential. The book introduces Easy and Plain Language and provides an outline of their linguistic, sociological and legal profiles: What is the current legal framework of Easy and Plain Language? What do the texts look like? Who are the users? Which other groups are involved in the production and use of Easy and Plain Language offers? Which qualities are a hazard to acceptability and, thus, enhance their stigmatisation potential? The book also proposes another easy-to-understand variety: Easy Language Plus. This variety balances the four qualities and is modelled in the present book.

This book covers anaphora resolution for the English language from a linguistic and computational point of view. First, a definition of anaphors that applies to linguistics as well as information technology is given. On this foundation, all types of anaphors and their characteristics for English are outlined. To examine how frequent each type of anaphor is, a corpus of different hypertexts has been established and analysed with regard to anaphors. The most frequent type are non-finite clause anaphors - a type which has never been investigated so far. Therefore, the potential of non-finite clause anaphors are further explored with respect to anaphora resolution. After presenting the fundamentals of computational anaphora resolution and its application in text retrieval, rules for resolving non-finite clause anaphors are established. Therefore, this book shows that a truly interdisciplinary approach can achieve results which would not have been possible otherwise.

Cass and her brother Wilbur scavenge in the ruins of a future London seeking an artifact for their Russian masters, but the search takes on a new urgency after the arrival of Erin and Peyto, strangers from afar who claim to hold the key to locating the mysterious object.
CALICO Journal Nelson Thornes
Amy Lennox doesn't know quite what to expect when she and her mother pick up and leave Germany for Scotland, heading to her mother's childhood home of Lennox House on the island of Stormsay. Amy's grandmother, Lady Mairead, insists that Amy must read while she resides at Lennox House—but not in the usual way. It turns out that Amy is a book jumper, able to leap into a story and interact with the world inside. As thrilling as Amy's new power is, it also brings danger: someone is stealing from the books she visits, and that person may be after her life. Teaming up with fellow book jumper Will, Amy vows to get to the bottom of the thefts—at whatever cost.
