and repair manual more comprehensive than the factory manual, making it an indispensable part of their toolbox. A typical Haynes manual covers: general information; troubleshooting; lubrication and routine maintenance; engine top end; engine lower end; primary drive, clutch and external shift mechanism; transmission and internal shift mechanism; engine management system; electrical system; wheels, tires and drivebelt; front suspension and steering; rear suspension; brakes; body, and color wiring diagrams. An index makes the manual easy to navigate.

#### Vehicle-dependent Expedition Guide Trail Blazer Publications

This book is written to help adventuresome motorcyclists buy, ride, and enjoy dual sport motorcycles, those versatile machines that are equally at home on the street and in the dirt. It is organized into four sections covering motorcycle

selection, setup, riding technique, and specialized activities such as off-road touring and rallies. Several chapters include exercises designed to improve riding and impart new skills. Over 250 full-color photographs illustrate the many options for gear, clothing, and aftermarket accessories which can add comfort, safety, and convenience to any motorcycle adventure. The book also contains many references and sources to orient enthusiasts to the sometimes overwhelming sea of information that is available. New riders will benefit from the clear explanations of dual sport gear, accessories, and techniques, while experienced riders coming to dual sport from a street riding background will find chapters covering advanced dirt riding skills, GPS navigation, and preparing for multi-day trips. Riders at all levels will gain a broader

---

perspective of the dual sport experience, from which they can begin their journey to new motorcycle adventures.

Riding dirt bikes solo in remote areas is not conducive to safety. The two most basic rules of safety are: don't go out alone, and always tell someone your itinerary. But most of the time, Rex Taylor rode alone. That greatly increased the danger, but

simplified his logistics. And it was just not possible to tell anyone his plans, because he rarely had more than a general idea himself, of his route or destination. The risks were worth the thrill of riding a high-powered machine, across landscapes of unsurpassed natural beauty, in total isolation. He could rely on nothing but pluck, and a lot of luck. And his luck held, to an unlikely degree. A flat tire, a broken bike part, a broken body part, or running out of gas, could have meant disaster, or death. But he tried not to think about that too much.

Riding Towards Me is the epic  
adventure story of Jay Kannaiyan  
who dropped everything he had  
in the US to ride his motorcycle  
back home to India by the  
longest possible route. The  
journey took him three years and  
three months as he rode through  
Latin America, Europe and  
Africa, finally reaching New  
Delhi in 2013. Jay and his  
motorcycle, sanDRina,  
encountered mechanical  
meltdowns, remote Mayan  
villages, weeks of high altitude  
desert isolation, Caribbean and  
Atlantic voyages, humility,

friendship, and landscapes that  
almost destroyed the bike and  
Jay's spirit. His go-with-the-flow  
attitude and engineering  
background deliver a story of  
global trails and an adventuring  
insight that brought him fame  
amongst the off-road  
motorcycling fraternity before his  
journey was even complete.

own chapter. Written by a leading expert in the field. **Riding the Line** Greystone Books Ltd

A radiant, unforgettable memoir of one woman's 450 days spent in captivity, and her defiant refusal to have her humanity stripped away. When Edith meets Luca in a small Northern town, the two connect instantly. Under the Northern Lights, they develop a deep friendship over their shared passions: travel, living off the land, a bohemian life. In search of wanderlust, they embark on an epic road trip from Italy to Togo, where they will join their friend's sustainable farming project. Upon arriving on the African continent, they change their itinerary and drive through Africa's Sahel region, a haven for

militant groups, where they are surrounded and captured. Little was known about Edith's and Luca's fate until they reappeared in Mali more than one year later, having mysteriously escaped their captors. Now, Edith shares her harrowing story with the world for the first time—complete with the poems that became a lifeline for her in captivity, which she wrote in secret with a pen borrowed from another hostage. Against the stunning but cruel backdrop of the desert, Edith recounts her months as a hostage: the oppressive heat, violent sandstorms, constant relocations, hunger strikes, and her eventual heart-pounding escape. Separated from Luca early on, she finds solidarity and comfort with a group of other female hostages, who lend her a pen

---

to write poetry, a creative outlet that helps save her life. Edith is steadfast in her will to remain sane: she reveals her dedication to her art, and her striking ability to unsettle her captors and identify their vulnerabilities. A compelling descent into a strange, brutal universe, *The Weight of Sand* is ultimately a life-affirming book and a poetic celebration of one woman's resilience.

Great Warm Deserts of the World Haynes Manuals N.

America, Incorporated

As you travel Africa, you will find the way of ubuntu – the universal bond that connects all of humanity as one. At the age of twenty-eight, while sitting in a friend's backyard in the remote mining township of Jabiru, Heather Ellis has a light-bulb moment: she is going to ride a motorcycle across Africa. The idea just feels right – no matter that she's never done any long-distance motorcycle travelling

before, and has never even set foot on the African continent. Twelve months later, Heather unloads her Yamaha TT600 at the docks in Durban, South Africa, and her adventure begins. Her travels take her to the dizzying heights of Mt Kilimanjaro and the Rwenzori Mountains, to the deserts of northern Kenya where she is befriended by armed bandits and rescued by Turkana fishermen, to a stand-off with four Ugandan men intent on harm, and to a voyage on a 'floating village' on the mighty Zaire River.

Everywhere she goes Heather is aided by locals and travellers alike, who take her into their homes and hearts, helping her to truly understand the spirit of ubuntu – a Bantu word meaning 'I am because you are'. Ubuntu is the extraordinary story of a young woman who, alone and against all odds, rode a motorcycle to some of the world's most remote, beautiful and dangerous places.
