Children benefit from the sensitive and supportive engagement of both their parents from the earliest of ages, but involving dads can be challenging. This book is designed to provide simple and accessible activities for practitioners looking to engage dads. Both June and Alice work with dads on a daily basis, helping them to understand their contribution to their children's development and

longer term educational success.

Realising how they can add to what the mums or other carers do in a different but complementary way, and how simple activities can enrich their children's lives, helps strengthen the bond between father and child. Each simple but effective idea in this book has been developed and written with the intention of promoting child and family well being, helping both children and families grow together.

Ghostly new home. Potentially adulterous husband... Not quite the fresh start in the country she was promised. A fixer-upper in the sticks was the last place city girl Ro Skews expected to live. But her husband, Marcus, wants it—and all the arguments are on his side, namely a better life for Tod, their wonderboy, who has developed social problems in London. Of

course, the five-year-old has never been the most...conventional child. While Ro (grudgingly) makes a life for herself in stuffy Chetsley (if you can count suffering the side effects of floor sanding and playing Suburban Lawn Warfare with her sexy neighbor as a life), Marcus starts spending more nights in the city with his cell phone switched off. And Tod, whose fascination with mazes seems to have blossomed into a full-blown obsession, treads the worrying line between eccentric and problematic. Ro searches for the right path in a few mazes of her own—her marriage, motherhood, country customs—but when she unearths a shattering secret, more than one truth is revealed and Ro is left wondering: Is the country any place to raise a family?

After Eric Davis spent over 16 years in the military, including a decade in the SEAL Teams, his family was more than used to

his absence on deployments and secret missions that could obscure his whereabouts for months at a time. Without a father figure in his own life since the age of fifteen, Eric was desperate to maintain the bonds he 'd fought so hard to forge when his children were young—particularly with his son, Jason, because he knew how difficult it was to face the challenge of becoming a man on one 's own. Unfortunately, Eric learned the hard way that Quality Time doesn 't always show up in Quantity Time. Facebook, television, phones, video games, school, jobs, friends—they all got in the way of a real, meaningful father-son relationship. It was time to take action. As a SEAL, Eric learned to innovate and push boundaries, allowing him to function at levels beyond what was expected, comfortable, ordinary, and even imaginable, and he knew that as a father he needed to do the same with his

son. Meeting extreme with extreme was the only answer. Using a unique blend of discipline, leadership, adventure, and grace, Eric and his SEAL brothers will teach you how to connect, and reconnect, with your sons and learn how to raise real men—the Navy SEAL way.
