It is a DOHC, 12-valve inline three-cylinder water-cooled engine. An upgrade of this engine was made after the introduction of Daihatsu Mira Avy L250 series (Exported out of Japan Models)/ Perodua Viva & Perodua Myvi's First Generation in 2007, where the new engine was known as 'EJ-VE' which was included with a DVVT system for fuel efficiency ...

Daihatsu 327 Liquid Cooled Engine - Engine Parts - Engine

I heard some people on this forum say they are very good engines (daihatsu). Also heard negatives. Is their some design flaw of this engine or what? Assuming the engine was never abused, would it handle mowing in the summer (some light towing too), and snow blowing/plowing in the winter ok? I put around 120hrs a year on a tractor.
