similar engines utilized in similar applications, and will therefore not necessarily match the values derived using the foregoing codes. GENERAL INFORMATION ENGINE MODEL This is a three cylinder, water cooled engine. MODEL SERIES 430447, 433447 2017 New DAIHATSU Mira e:s 4WD - Exterior & Interior

I heard some people on this forum say they are very good engines (daihatsu). Also heard negatives. Is there some design flaw of this engine or what? Assuming the engine was never abused, would it handle mowing in the summer (some light towing too), and snow blowing/plowing in the winter ok? I put around 120hrs a year on a tractor.
