This engaging
textbook teaches
students about the

Middle Ages, from the
fall of Rome to the
Renaissance. Follow
this story-based
approach to world
history as you meet
numerous historical
figures (including
St. Patrick, Genghis
Khan, Richard the
Lionheart, Joan of
Arc, and Martin
Luther), visit
medieval sites around
the world, and trace
the rise and fall of
numerous empires and
kingdoms. Volume 2 in
this series for your

junior high students
includes: A
conversational
narrative that brings
medieval history to
lifeGorgeous
photographs, artwork,
and maps that help
students visualize
people, places, and
eventsEducational
features that dig
deeper into the
history of the
Christian Church
Throughout the
course, students will
see God's guiding
hand through history.

They will study the major events of the Middle Ages and delve into how society and culture developed and changed. Students will also study medieval civilizations spanning the whole globe, including the Byzantines, Anglo-Saxons, Muslims, Chinese, Japanese, Mongols, Mughals, Vikings, Normans, Russians, Songhai, and Aztecs!

knowledge, and are easy to incorporate into the classroom. In a world that is becoming more connected and globalized, 21st century students must have the skills necessary to understand their world and how geography affects them and others. Students will develop their map and spatial skills, learn how to answer	text- and photo- dependent questions, and study the 5 themes of geography. Each week covers a particular topic and introduces students to a new place or type of map. The first two weeks consist of a mini-unit that focuses entirely on map skills. For additional units, students will study various places, and	how culture and geography are related. With a focus on US states, students will explore various types of maps including physical maps, political maps, topographic maps, thematic maps, climate maps, and various topics including scale, legends, cardinal directions, latitude and longitude, and
