**Daily Life in Ancient Rome** Evan-Moor Educational Publishers  
An insider's guide: how to join the Roman legions, wield a gladius, storm cities, and conquer the world Your emperor needs you for the Roman army! The year is AD 100 and Rome stands supreme and unconquerable from the desert sands of Mesopotamia to the misty highlands of Caledonia. Yet the might of Rome rests completely on the armored shoulders of the legionaries who hold back the barbarian hordes and push forward the frontiers of empire. This carefully researched yet entertainingly nonacademic book tells you how to join the Roman legions, the best places to serve, and how to keep your armor from getting rusty. Learn to march under the eagles of Rome, from training, campaigns, and battle to the glory of a Roman Triumph and retirement with a pension plan. Every aspect of army life is discussed, from drill to diet, with handy tips on topics such as how to select the best boots or how to avoid being skewered by enemy spears. Combining the latest archaeological discoveries with the written records of those who actually saw the Roman legions in action, this book provides a vivid picture of what it meant to be a Roman legionary.

**Stories of Daily Life from the Roman World**

Hachette Book Group

This book presents the legislation that formed the basis of Roman law - The Laws of the Twelve Tables. These laws, formally promulgated in 449 BC, consolidated earlier traditions and established enduring rights and duties of Roman citizens. The Tables were created in response to agitation by the plebeian class, who had previously been excluded from the higher benefits of the Republic. Despite previously being unwritten and exclusively interpreted by upper-class priests, the Tables became highly regarded and formed the basis of Roman law for a thousand years. This comprehensive sequence of definitions of private rights and procedures, although highly specific and diverse, provided a foundation for the enduring legal system of the Roman Empire.

Daily Life in Ancient Rome University of Michigan Press

What did Roman children do first when they arrived at school in the morning? What excuse for missing school could be counted on to stave off a whipping from the teacher? What did a Roman banker do when someone came to borrow money? What did a Roman wife say when her husband came home drunk? The answers to such questions can be found not in mainstream ancient literature (whose writers had their minds on higher things) but in language textbooks for ancient Latin learners. These 'colloquia' offer an ancient introduction to Roman culture, covering such areas as shopping, banking, bathing, dining, arguing, and going to school; recently rediscovered, they are here presented for the first time in a format aimed at readers with no prior knowledge of Latin, Greek, or the ancient world. They come complete with introductory material, extensive illustrations, and a full explanation of their fascinating history.

Everyday Life in Ancient Rome Read Books Ltd

This book introduces readers to lived experience in the Late Roman Empire, from c.250-600 CE.

The Twelve Tables Penguin Books India

I Wonder why Romans Wore Togas Weidenfeld & Nicolson  
What went wrong in imperial Rome, and how we can avoid it:

" If you want to understand where America stands in the world today, read this. " —Thomas E. Ricks The rise and fall of ancient Rome has been on American minds since the beginning of our republic. Depending on who ' s doing the talking, the history of Rome serves as either a triumphal call to action—or a dire warning of imminent collapse. In this " provocative and lively " book, Cullen Murphy points out that today we focus less on the Roman Republic than on the empire that took its place, and reveals a wide array of similarities between the two societies (The New York Times). Looking at the blinkered, insular culture of our capitals; the debilitating effect of bribery in public life; the paradoxical issue of borders; and the weakening of the body politic through various forms of privatization, Murphy persuasively argues that we most resemble Rome in the burgeoning corruption of our government and in our arrogant ignorance of the world outside—two things that must be changed if we are to avoid Rome ' s fate. " Are We Rome? is just about a perfect book. . . . I wish every politician would spend an evening with this book. " —James Fallows  
Daily Life in Ancient Rome - The People and the City at the Height of the Empire Thames & Hudson  
With the recent success of 'Rome' on BBC2, no one will look at the private lives of the Roman Emperors again in the same light. Anthony Blond's scandalous expose of the life of the Caesars is a must-read for all interested in what really went on in ancient Rome. Julius Caesar is usually presented as a glorious general when in fact he was an arrogant charmer and a swank; Augustus was so conscious of his height that he put lifts in his sandals. But they were nothing compared to Caligula, Claudius and Nero. This book is fascinating reading, eye-opening in its revelations and effortlessly entertaining.
