first victim—and FBI profiler Karen Vail is on the case. As Vail races through the streets of Washington, DC, to chase down a promising lead that may help her catch the killer, a military-trained sniper takes aim at his target, a wealthy businessman's son. But what brings these two unrelated offenders together is something the nation's capital has never before experienced. Alan Jacobson received several years of personalized training from two senior FBI	profilers at the behavioral analysis unit in Quantico. Fatal Twist, like Jacobson's Karen Vail novels The 7th Victim, Crush, Velocity, and Inmate 1577, brings real characters to the page—and in the process takes readers on a thrilling ride that culminates in an ending that leaves them satisfied . . . and wanting more. Remains of Innocence Kings Road Publishing At first glance, it appears to be an accident . . . A car carrying an elderly couple goes off the side of a mountain	and tumbles into oblivion on a beautiful sunny day in the Coronado National Monument. A note pulled from the twisted wreckage suggests the tragedy may have been a double suicide—but an autopsy later suggests something different. A deadly fire and a fatal home invasion may or may not have some connection to the terrible crash. And miles away in the desert, a savage rain has revealed something grisly and terrifying: two trash bags filled with human remains. It's just

fireworks happen. Fire and Ice is not to be missed. Damage Control LP Brookings Institution Press One-in-seven adults and one-in-five children in the United States live in poverty. Individuals and families living in poverty not only lack basic, material necessities, but they are also disproportionately afflicted by many social and economic challenges. Some of these challenges include the increased possibility of an unstable home situation, inadequate education opportunities at all levels, and a high chance of crime

and victimization. Given this growing social, economic, and political concern, The Hamilton Project at Brookings asked academic experts to develop policy proposals confronting the various challenges of America ' s poorest citizens, and to introduce innovative approaches to addressing poverty. When combined, the scope and impact of these proposals has the potential to vastly improve the lives of the poor. The resulting 14 policy memos are included in The Hamilton Project ' s Policies to Address Poverty in America. The

main areas of focus include promoting early childhood development, supporting disadvantaged youth, building worker skills, and improving safety net and work support. bars, that he has damning evidence of a plot to frame him. Claire is no longer the naïve teenager who arrived home to find her mother and her mother's lover shot dead and her father holding the murder weapon. She's a successful fraud investigator who assumes everyone lies. Though Claire is convinced of her father's guilt, curiosity propels her to look into the disappearance of a law student who claimed to have proof of Tom's innocence. But seeking answers only leads to more questions, reinforcing Claire's belief that there's no one left to trust. Obsessed with the O'Brien case, FBI agent Mitch Bianchi befriends Claire under false pretenses, certain that Tom is not only innocent but in grave danger – and not just from the cops. As the three race toward the truth, a murderous conspiracy tightens its noose – and Claire becomes the target of an ice-cold psychopath who will kill to protect his secrets.
