No one can deny that situations in the world today are become more catastrophic, and the end-times seem to be drawing closer with each new day. However, all hope is not lost, whether for Christians or non-Christians, as confidence for the future ahead can be regained again in complete surrender to the Creator of each person: the Almighty God. So, how does one go about giving everything in his/her life over to God in surrender? It's easier said than done; but to Crystal Archibald, author of the new book Total Surrender, it is possible to lovingly give God one's life to be used for His purposes. Our everything needs to be surrendered to God. All of our hopes and aspirations should be totally embedded in God's will for our lives and although its much easier said than done, it is a much better perspective... Crystal pinpoints several avenues of sin where people can fall into temptation and agree to the devil's promptings to give into their fleshy desires and wishes. She compares these examples of present-day temptations people struggle with to what people from the Bible endured, people who handled similar enticements but sought God for redemption. Think of King David and his overwhelming desire to commit adultery with the married Bathsheba, which led him down a dangerous path that was later redeemed by God. The same with Paul, as his sin-led pursuit of killing Christians guided him to be saved by God and continue on a new path bringing people to Christ. These miracles happen only when the person came to God in total surrender, wanting His will for life instead of personal will. Surrender doesn't have to be seen as giving up, but giving towards a greater reason for life in God's ultimate plan for the world.

How the NSA manipulated the U.S. Navy, Pentagon, White House, Congress, tricked the North Koreans, Russians and Chinese, almost caused a war, and concealed the truth for over 40 years. On January 23, 1968, the North Koreans seized the U.S.S. Pueblo. The incident sent shock waves around the world--almost started a war--and has been the focus of controversy and contradiction ever since. Investigative reporter Robert Liston uncovered startling information to support a remarkable conclusion: The Pueblo was purposely surrendered in a covert mission conceived and carried out by the National Security Agency, a super-secret branch of U.S. intelligence. Liston produces documented evidence to show that the Pueblo, controlled by NSA operatives, was used as bait to draw the Soviet Union and Red Chinese into an NSA trap--an operation that enabled the NSA to break the Soviet system of codes, put the KGB on the defensive for years, and stop a possible war between the Soviets and Chinese. For the first time, author Liston brings to light a true story of international intrigue hidden from the American public, from Congress, even from the White House. He goes inside the U.S. intelligence apparatus and reveals how the Pueblo incident may have shaped and controlled American foreign policy and superpower politics for more than twenty years.

You have a plan for the rest of your life. God has a plan for the rest of your life. Are they the same? Say Yes to God—formerly titled *Dangerous Surrender*—will help you find the answer. You have expectations for how your life will play out, and you hope those plans will become realities. But what if God's plan for your life is far different from what you had in mind? Can you accept that? Will you surrender your goals for God's? Kay Warren had a plan. Together with her husband, Rick Warren, author of the megaseller *The Purpose Driven Life*, she planned that after her kids were grown, she'd travel the world, teaching and encouraging couples in ministry. It was a good plan. But it wasn't what God had in mind for her. In her own startling wake-up call, Kay discovered the shocking realities of the AIDS pandemic in Africa while reading a magazine. "I want to use you!" she heard God say. That began the struggle—first to avoid God's call and then to surrender herself to God. She cried out to God, "Why are you bothering me with this? There's nothing I can do about it. I'm just an ordinary person. What could one person do about such a gigantic problem?" But God had grabbed her attention and wouldn't let go. If you've ever struggled with knowing and doing God's will, this book is for you. With raw honesty, Kay goes straight to the heart of the matter: the bottom line is surrender. Will you say yes to God? Along the way she'll introduce you to others—people like you—who have said yes to God and have made a difference in the world. Using their skills, energy, faith, and a willingness to take risks, they became powerful instruments of change and tools in God's hands. Giving in to God isn't easy. It's not for cowards. It's the boldest, riskiest step you'll ever take. This dangerous surrender can bring both joy and pain, both heartache and ecstasy, but it enables you to know God in a far deeper way than ever before. "I had to make a conscious decision. Would I retreat to my comfortable life and to my settled plans? Or would I surrender to God's call and let my heart engage with the cause to which he called me one that I was pretty sure would include buckets of pain and sorrow? I felt like I was standing on the edge of a giant precipice; I couldn't go back, and yet the way forward looked like stepping into a void." Kay Warren took that step, choosing to say yes to God. That decision transformed her life and reshaped her future. She invites you to do the same. You'll benefit most by discussing this book with others.
