Now it seems like everyone around them is getting married, and Luc's feeling the social pressure to propose. "If there ' s one thing Reusing understands, it ' s the power of a remarkable ingredient." — O Magazine "[A] must-have title for both new and experienced cooks." --Publisher's Weekly (Starred Review) " Her enthusiasm is infectious, her approach, inviting. " —BookPage Top Pick and Cookbook of the Month " I love Andrea Reusing ' s Lantern in Chapel Hill. And her recipes in Cooking in the Moment are so approachable and her stories so insightful that they blaze a path toward great home cooking. " —David Chang " I ' ve had the pleasure of enjoying many fine meals at Lantern. Andrea Reusing ' s food is always fresh, seasonal, and as local as possible. Her recipes are creative and downright delicious. " —John Grisham For Andrea Reusing—an award-winning chef, a leader in the sustainable agriculture movement, and a working mother— " cooking in the moment " simply means focusing on one meal at a time. Tender spring broccoli given a smoky char on the grill, a summer berry pudding with cold cream, or a cider-braised pork shoulder served with pan-fried apples on a frosty night—cooking and eating this way allows food in season to become the foundation of a full life. Cooking in the Moment is a rich, absorbing journey through a year in Reusing ' s home kitchen as she cooks for family and friends using ingredients grown nearby. When seasonality is reimagined as a grocery list rather than a limitation, everyday meals become cause for celebration—a whole week of fresh sweet corn; a blue moon autumn asparagus harvest; a rich, spicy soup made with the last few sweet potatoes of winter. Reusing seamlessly blends down-to-earth kitchen advice with delicious, doable recipes, including childhood favorites (chicken and dumplings), simple one-pot dinners (shrimp, pea, and rice stew), as well as feasts to satisfy a crowd (roast fresh ham with cracklings). And while the action takes place in North Carolina, the kinds of producers and places that animate these pages—farmers, ranchers,

cheesemakers, butchers, bakers, orchards, backyard henhouses, and fishing holes—can be found all over, producing the flavors that we crave. With gorgeous photography throughout and more than 130 recipes, *Cooking in the Moment* will inspire cooks everywhere to embrace the flavors and bounty of each season.

A compassionate, shame-free guide for your darkest days “ A one-of-a-kind book . . . to read for yourself or give to a struggling friend or loved one without the fear that depression and suicidal thoughts will be minimized, medicalized or over-spiritualized. ” —Kay Warren, cofounder of Saddleback Church What happens when loving Jesus doesn ' t cure you of depression, anxiety, or suicidal thoughts? You might be crushed by shame over your mental illness, only to be told by well-meaning Christians to “ choose joy ” and “ pray more. ” So you beg God to take away the pain, but nothing eases the ache inside. Read chapter one of Nora Roberts's Come Sundown! The Bodine ranch and resort in western Montana is a family business, an idyllic spot for vacationers. A little over thirty thousand acres and home to four generations, it's kept running by Bodine Longbow with the help of a large staff, including new hire Callen Skinner. Say Yes to the Marquess Harper Collins  
Why is it so hard to make lasting changes in our companies, in our communities, and in our own lives? The primary obstacle is a conflict that's built into our brains, say Chip and Dan Heath, authors of the critically acclaimed bestseller Made to Stick. Psychologists have discovered that our minds are ruled by two different systems - the rational mind and the emotional mind—that compete for control. The rational mind wants a great beach body; the emotional mind wants that Oreo cookie. The rational mind wants to change something at work; the emotional mind loves the comfort of the existing routine. This tension can doom a change effort - but if it is overcome, change can come quickly. In Switch, the Heaths show how everyday people - employees and managers, parents and nurses - have united both minds and, as a result, achieved dramatic results: • The lowly medical interns who managed to defeat an entrenched, decades-old medical practice that was endangering patients • The home-organizing guru who developed a simple technique for overcoming the dread of housekeeping • The manager who transformed a lackadaisical customer-support team into service zealots by removing a standard tool of customer service In a compelling, story-driven narrative, the Heaths bring together decades of counterintuitive research in psychology, sociology, and other fields to shed new light on how we can effect transformative change. Switch

shows that successful changes follow a pattern, a pattern you can use to make the changes that matter to you, whether your interest is in changing the world or changing your waistline.

Italy Ever After HarperCollins

What happened when one of today's best-loved food writers had a change of appetite? Here are the dishes that Diana Henry created when she started to crave a different kind of diet - less meat and heavy food, more vegetable-, fish-, and grain-based dishes - often inspired by the food of the Middle East and Far East, but also drawing on cuisines from Georgia to Scandinavia. In her year of good eating, Diana lost weight, but this was about much more than weight loss - lead by taste, it was about discovering a healthier, fresher way of eating. From a Cambodian salad of shrimps, grapefruit, toasted coconut, and mint or North African mackerel with cumin to blood orange and cardamom sorbet, the magical dishes in this book are bursting with flavor, with goodness and with color. Peppering the recipes is Diana's inimitable writing on everything from the miracle of broth to the great carbohydrate

debate. Above all, this is about opening up our palates to new possibilities. There is no austerity here, simply fabulous food that nourishes body and soul.

**BOOKER PRIZE WINNER • NATIONAL BESTSELLER •** A novel that follows a middle-aged man as he contends with a past he never much thought about—until his closest childhood friends return with a vengeance: one of them from the grave, another maddeningly present. Tony Webster thought he left his past behind as he built a life for himself, and his career has provided him with a secure retirement and an amicable relationship with his ex-wife and daughter, who now has a family of her own. But when he is presented with a mysterious legacy, he is forced to revise his estimation of his own nature and place in the world.

E. H. Gombrich's *Little History of the World*, though written in 1935, has become one of the treasures of historical writing since its first publication in English in 2005. The Yale edition alone has now sold over half a million copies, and the book is available worldwide in almost thirty languages. Gombrich was of course the best-known art historian of his time, and his text suggests illustrations on every page. This illustrated edition of the *Little History* brings together the pellucid humanity of his narrative with the images that may well have been in his mind's eye as he wrote the book. The two hundred illustrations—most of them in full color—are not simple embellishments, though they are beautiful. They emerge from the text, enrich the author's intention, and deepen the pleasure of reading this remarkable work. For this edition the text is reset in a spacious format, flowing around illustrations that range from paintings to line drawings, emblems, motifs, and symbols. The book incorporates freshly drawn maps, a revised preface, and a new index.

Blending high-grade design, fine paper, and classic binding, this is both a sumptuous gift book and an enhanced edition of a timeless account of human history.

The Country Ballantine Books

The definitive book on sensory branding, shows how companies appeal to consumers' five senses to sell products. Did you know that the gratifying smell that accompanies the purchase of a new automobile actually comes from a factory-installed aerosol can containing "new car" aroma? Or that Kellogg's trademarked "crunch" is generated in sound laboratories? Or that the distinctive click of a just-opened jar of Nescafé freeze-dried coffee, as well as the aroma of the crystals, has been developed in factories over the past decades? Or that many adolescents recognize a pair of Abercrombie & Fitch jeans not by their look or cut but by their fragrance? In perhaps the most creative and authoritative book on how our senses affect our everyday purchasing decisions, global branding guru Martin Lindstrom reveals how the world's most successful companies and products integrate touch, taste, smell, sight, and sound with startling and sometimes even shocking results. In conjunction with renowned research institution Millward Brown, Lindstrom's innovative worldwide study unveils how all of us are slaves to our senses—and how, after reading this book, we'll never be able to see, hear, or touch anything from our running shoes to our own car doors the same way again. An expert on consumer shopping behavior, Lindstrom has helped transform the face of global marketing with more than twenty years of hands-on experience. Firmly grounded in science, and disclosing the secrets of all our favorite brands, *Brand Sense* shows how we consumers are unwittingly seduced by touch, smell, sound, and more.
