In this magically evocative novel, William Maxwell explores the enigmatic gravity of the past, which compels us to keep explaining it even as it makes liars out of us every time we try. On a winter morning in the 1920s, a shot rings out on a farm in rural Illinois. A man named Lloyd Wilson has been killed. And the tenuous friendship between two lonely teenagers—one privileged yet neglected, the other a troubled farm boy—has been shattered. Fifty years later, one of those boys—now a grown man—tries to reconstruct the events that led up to the murder. In doing so, he is inevitably drawn back to his lost friend Cletus, who has the misfortune of being the son of Wilson's killer and who in the months before witnessed things that Maxwell's narrator can only guess at. Out of memory and imagination, the surmises of children and the destructive passions of their parents, Maxwell creates a luminous American classic of youth and loss.

"The gorgeous and empathetic story of one couple's search for hope and a peaceful future Hannah is a thirty-something wife, home-health worker, and antiwar activist. Her husband, Johnny, is a stay-at-home pothead working—or ""working""—on building them a house before the winter chill sets in. They're currently living and screwing in the back of a truck, hoping for a pregnancy, which seems like it will never come. Legs in the air for a better chance at conception, Hannah scans fertility Reddits while Johnny dreams about propagating plants—kale, tomatoes—to ensure they have sufficient sustenance should the end-times come, which, given their fragile democracy strained under the weight of a carceral state and the risk of horrible war, doesn ’ t seem so far off. Helping Hannah in her fight for the future is her best friend, Gabby, a queer naturalist she idolizes and who adores her. Helping Johnny build the house is Tyler, an off-the-grid conspiracy theorist driven sick by his own cloudy notions of reality. Told with tenderness and care in an undefined near future, Eleanor Davis's The Hard Tomorrow blazes unrestrained, as moments of human connection are doused in fear and threats. Her astute projections probe at current anxieties in a cautionary tale that begs the question: What will happen after tomorrow?"

We were halfway up the spur when we heard it. Homer and Gavin and I, just the three of us... I'd say there were fifteen shots in the first volley, evenly spaced, lasting about twenty-five seconds... All the way down the spur I'd heard the scattered shots, getting closer as I got closer, and all the way down I tried to think of reasonable explanations for them, and I couldn't think of a single thing that made sense. The town of Wirrawee is emerging from war, slowly, like a flower after a cold snap. Businesses are starting to reopen, the school has re-commenced classes, and local farmers are gradually repossessing their land. But it's not the same Australia as before the war. A new nation exists just a few miles away, a new border that separates Australia from its invaders. Or does it? For Ellie Linton, being back on the farm with her parents is what makes the terrible things that happened during the war - the things she, Homer, Lee, Fi and the others had to do - all worthwhile. It's where she belongs. But the war won't let her go. A devastating tragedy has shattered any hope she ever had to reclaim her life, or herself. It's a new kind of fight. And the enemy isn't always from the other side of the border. Fans of Veronica Roth, Suzanne Collins and John Flanagan will love John Marsden. Fahrenheit 451 HarperCollins

Since their home was invaded by enemy soldiers and transformed into a war zone, Ellie and her friends have been fighting for their lives. They have learned survival skills out of necessity and taken care of each other through impossibly dark times. Now, with a roar like a train in a tunnel, the war has entered its final days. There ’ s no more sitting around, no more waiting. There ’ s only fast decisions, fast action, fast thinking—and no room to get it wrong. As the enemy forces close in on their hideout in Hell, Ellie, Fi, Homer, Lee, and Kevin, and their adopted group of orphaned children, find themselves facing the last chapter of their struggle for freedom. But it may just be the most dangerous yet. And not everyone will survive. Darkness, be My Friend. (Tomorrow Series Book 4). Hex Publishers LLC

A controversial, award-winning story about the passionate but untenable affair between an Israeli woman and a Palestinian man, from one of Israel ’ s most acclaimed novelists When Liat meets Hilmi on a blustery autumn

afternoon in Greenwich Village, she finds herself unwillingly drawn to him. Charismatic and handsome, Hilmi is a talented young artist from Palestine. Liat, an aspiring translation student, plans to return to Israel the following summer. Despite knowing that their love can be only temporary, that it can exist only away from their conflicted homeland, Liat lets herself be enraptured by Hilmi: by his lively imagination, by his beautiful hands and wise eyes, by his sweetness and devotion. Together they explore the city, sharing laughs and fantasies and pangs of homesickness. But the unfettered joy they awaken in each other cannot overcome the guilt Liat feels for hiding him from her family in Israel and her Jewish friends in New York. As her departure date looms and her love for Hilmi deepens, Liat must decide whether she is willing to risk alienating her family, her community, and her sense of self for the love of one man. Banned from classrooms by Israel ’ s Ministry of Education, Dorit Rabinyan ’ s remarkable novel contains multitudes. A bold portrayal of the strains—and delights—of a forbidden relationship, All the Rivers (published in Israel as Borderlife) is a love story and a war story, a New York story and a Middle East story, an unflinching foray into the forces that bind us and divide us. “ The land is the same land,” Hilmi reminds Liat. “ In the end all the rivers flow into the same sea.” Praise for All the Rivers “ Rabinyan ’ s book is a sort of Romeo and Juliet, a forbidden love affair between a Jewish girl from Tel Aviv and a Palestinian boy from Hebron. . . . [A] beautiful novel.” —The Guardian “ A fine, subtle, and disturbing study of the ways in which public events encroach upon the private lives of those who attempt to live and love in peace with each other, and, impossibly, with a riven and irreconcilable world.” —John Banville, Man Booker Prize–winning author of The Sea “ I ’ m with Dorit Rabinyan. Love, not hate, will save us. Hatred sows hatred, but love can break down barriers.” —Svetlana Alexievich, winner of the Nobel Prize for Literature “ Astonishing . . . [a] precise and elegant love story, drawn with the finest of lines.” —Amos Oz “ Rabinyan ’ s writing reflects the honesty and modesty of a true artisan.” —Haaretz “ Because the novel strikes the right balance between the personal and the political, and because of her ability to tell a suspenseful and satisfying story, we decided to award Dorit Rabinyan ’ s [All the Rivers] the 2015 Bernstein Prize.” —From the 2015 Bernstein Prize judges ’ decision “ [All the Rivers] ought to be read like J. M. Coetzee or Toni Morrison—from a distance in order to get close.” —Walla! “ Beautiful and sensitive . . . a human tale of rapprochement and separation . . . a noteworthy human and literary achievement.” —Makor Rishon “ A captivating (and heartbreaking) gem, written in a spectacular style, with a rich, flowing, colorful and addictive language.” —Motke “ A great novel of love and peace.” —La Stampa “ A novel that truly speaks to the heart.” —Corriere della Sera

Tomorrow, When The War Began Ridgecrest Books

From the mid-1950s to the mid-1970s, Japan experienced an unprecedented level of economic growth, transforming itself from a war-devastated country to a global economic power. Our image of postwar Japan has been shaped by this event, and we tend to see its history as a story of great national success. *Cinema of Discontent* challenges this view and details the tensions generated by massive and intense capitalist development through analyses of popular cinema produced during the era of high-speed growth. The films discussed in this book, directed by Kawashima Yūzō, Masumura Yasuzō, Inoue Akira, Ezaki Mio, and Kumashiro Tatsumi, attracted broad audiences yet remain understudied. *Cinema of Discontent* contextualizes these films in relation to the politics, economy, intellectual discourse, and cultural texts of the time. By doing so, it demonstrates how these films address problems immanent to Japan's postwar capitalism, including uneven development, increasing corporate control over individuals, precarious and contingent work, and militarized peace and prosperity.
