recovery, laying bare the harrowing realities of clinical depression and chronicling his triumph over the disease that had claimed so many great writers before him. His final words are a call for hope to all who suffer from mental illness that it is possible to emerge from even the deepest abyss of despair and " once again behold the stars. "

The great advantage about such books as 'Darkness Visible' lies in the way it makes the intensely private confession a public, shared experience. For many suffering from the unusual form of unipolar depression that overtook William Styron in the mid-1980s, that experience of 'the walking wounded' that he refers to becomes instantly accessible.
