Hunger of Memory Wipf and Stock Publishers

Hunger of Memory is the story of Mexican-American Richard Rodriguez, who begins his schooling in Sacramento, California, knowing just 50 words of English, and concludes his university studies in the stately quiet of the reading room of the British Museum. Here is the poignant journey of a "minority student" who pays the cost of his social assimilation and academic success with a painful alienation — from his past, his parents, his culture — and so describes the high price of "making it" in middle-class America. Provocative in its positions on affirmative action and bilingual education, Hunger of Memory is a powerful political statement, a profound study of the importance of language ... and the moving, intimate portrait of a boy struggling to become a man.

Since bursting onto the scene in the mid '70s, the pop duo Captain and Tennille have long defined the sparkling, optimistic idea of everlasting love, both in their music and through their image as a happy and, seemingly, unbreakable couple. They were an irresistible pair to millions of fans all over the world, further underscored by the rousing "yes, we can!" gospel of their biggest hit, "Love Will Keep Us Together." But underneath the image was an entirely different story that the fans never saw: a woman who fought a lonely struggle against

the controlling and often bizarre behavior of her emotionally inaccessible husband. Toni Tennille: A Memoir is a visceral account of Toni Tennille's life from her childhood in the segregated South to her thrilling rise to fame in the world of pop music to where she is now: no longer one-half of a famed couple, but a stronger woman for all she has experienced—both the good and the bad. Toni hopes that her story will help anyone who feels trapped in a toxic relationship realize that it is never too late to break away from it.

I You We Them: Volume 1 Vintage

An award-winning writer delivers a major reckoning with religion, place, and sexuality in the aftermath of 9/11 Hailed in The Washington Post as "one of the most eloquent and probing public intellectuals in America," Richard Rodriguez now considers religious violence worldwide, growing public atheism in the West, and his own mortality. Rodriguez's stylish new memoir—the first book in a decade from the Pulitzer Prize finalist—moves from Jerusalem to Silicon Valley, from Moses to Liberace, from Lance Armstrong to Mother Teresa. Rodriguez is a homosexual who writes with love of the religions of the desert that exclude him. He is a passionate, unorthodox Christian who is always mindful of his relationship to Judaism and Islam because of a shared belief in the God who revealed himself within an ecology of emptiness. And at the center of this book is a consideration of women—their importance to Rodriguez's spiritual formation and their centrality to the future of the desert religions. Only a mind as elastic and refined as Rodriguez's could bind these threads together into this wonderfully complex tapestry.

Mein Kampf Farrar, Straus and Giroux

Frank Schaeffer has a problem with Dawkins, Hitchens, Harris, Dennett, and the rest of the New Atheists - the self-anointed "Brights." He also has a problem with the Rick Warrens and Tim LaHayes of the world. The problem is that he doesn't see much of a difference between the two camps. As Schaeffer puts it, they "often share the same fallacy: truth claims that reek of false certainties. I believe that there is an alternative that actually matches the way life is lived rather than how we usually talk about belief." Sparing no one and nothing, including himself and his fiery evangelical past, and invoking subtleties too easily ignored by the pontificators, Schaeffer adds much-needed nuance to the conversation. "My writing has smoked out so many individuals who seem to be thinking about the same questions. I hope that this book will provide a meeting place for us, the scattered refugees of what I'll call The Church of Hopeful Uncertainty."

Rodriguez argues that America has been brown since its inception—since the moment the African and the European met within the Indian eye. But more than simply a book about race, Brown is about America in the broadest sense—a look at what our country is, full of surprising observations by a writer who is a marvelous stylist as well as a trenchant observer and thinker.

A Washington Post notable nonfiction book of 2020 "I You We Them is a uniquely gripping journey around the landscapes of mass murder." --Philippe Sands, author of East West Street: On the Origins of Genocide and Crimes against Humanity A Spectator (UK) Best Book of 2019 A landmark historical investigation into crimes against humanity and the nature of evil Vast and revelatory, Dan Gretton's I You We Them is an unprecedented study of the perpetrators of crimes against humanity: the "desk killers" who

ordered and directed some of the worst atrocities of the modern era. From Albert Speer's complicity in Nazi barbarism to Royal Dutch Shell's role in the murders of the Nigerian activist Ken Saro-Wiwa and the rest of the Ogoni Nine, Gretton probes the depths of the figure "who, by giving orders, uses paper or a phone or a computer to kill, instead of a gun." Over the past twenty years, Gretton has interviewed survivors and perpetrators, and pored over archives and thousands of pages of testimony. His insight into the psychology of the desk killer is contextualized by the journey he took to penetrate it. Woven into the narrative are his contemplative interludes—perspectives gleaned during walks in the woods, reminiscences about a lost love, and considerations of timeless moral conundrums. The result is a genre-bending work steeped as much in personal reflection as it is in literature and historical and psychological illumination. A synthesis of history, reportage, and memoir, I You We Them is the first volume of a groundbreaking journal of discovery that bears witness to and reckons with the largest and most pressing questions before humanity.

In Melville's Wisdom: Religion, Skepticism, Literature in Nineteenth-Century America, Damien B. Schlarb explores the manner in which Herman Melville responds to the spiritual crisis of modernity by using the language of the biblical Old Testament wisdom books to moderate contemporary discourses on religion, skepticism, and literature. Schlarb argues that attending to Melville's engagement with the wisdom books (Job, Proverbs, and Ecclesiastes) can help us understand a paradox at the heart of American modernity: the simultaneous displacement and affirmation of biblical language and religious culture. In wisdom, which addresses questions of theology, radical skepticism, and the nature of evil, Melville finds an ethos of critical inquiry that allows him to embrace modern analytical techniques, such as higher biblical criticism. In the medium of literature, he articulates a new way of accessing the Bible by marrying the moral and spiritual didacticism of its language with the intellectual distance afforded by critical reflection, a hallmark of modern intellectual style. Melville's Wisdom joins other works of post secular literary studies in challenging its own discipline's constitutive secularization narrative by rethinking modern, putatively secular cultural formations in terms of their reciprocity with religious concepts and texts. Schlarb foregrounds Melville's sustained, career-spanning concern with biblical wisdom, its formal properties, and its knowledge-creating potential. By excavating this project from his oeuvre, Melville's Wisdom shows how Melville celebrates intellectually rigorous, critical inquisitiveness, an attitude that we often associate with modernity but which Melville saw augured by the wisdom

books. He finds in this attitude the means for avoiding the spiritually corrosive effects of skepticism.

The Crooked Mirror Oxford University Press

A lyrical literary memoir that explores the exhilarating, discomfiting, and ultimately healing process of Polish-Jewish reconciliation taking place in Poland today “I’d grown up with the phrase ‘Never forget’ imprinted on my psyche. Its corollary was more elusive. Was it possible to remember—at least to recall—a world that existed before the calamity?” In the winter of 2000, Louise Steinman set out to attend an international Bearing Witness Retreat at Auschwitz-Birkenau at the invitation of her Zen rabbi, who felt the Poles had gotten a “bum rap.” A bum rap? Her own mother could not bear to utter the word “Poland,” a country, Steinman was taught, that allowed and perhaps abetted the genocide that decimated Europe’s Jewish population, including members of her own extended family. As Steinman learns more about her lost ancestors, though, she finds that the history of Polish-Jewish relations is far more complex. Although German-occupied Poland was the site of horrific Jewish persecution, Poland was for centuries the epicenter of European Jewish life. After the war, Polish-Jewish relations soured. For Poles under Communism, it was taboo to examine or discuss the country’s Jewish past. Among Jews in the Diaspora, there was little acknowledgment of the Poles’ immense suffering during its dual occupation. Steinman’s research leads her to her grandparents’ town of Radomsko, whose eighteen thousand Jews were deported or shot during the Nazi occupation. As she delves deeper into the town’s and her family’s history, Steinman discovers a prewar past where a lively community of Jews and Catholics lived shoulder to shoulder, where a Polish Catholic painted the blue ceiling of the Radomsko synagogue, and a Jewish tinsmith roofed the spires of the Catholic church. She also uncovers untold stories of Poles who rescued their Jewish neighbors in Radomsko and helps bring these heroes to the light of day. Returning time and again to Poland over the course of a decade, Steinman finds Poles who are seeking the truth about the past, however painful, and creating their own rituals to teach their towns about the history of their lost Jewish neighbors. This lyrical memoir chronicles her immersion in the exhilarating, discomfiting, sometimes surreal, and ultimately healing process of Polish-Jewish reconciliation.

“This gentle, gorgeously written book may be one of my favorites ever.” —Jenna Bush Hager (A Today show “Read with Jenna” Book Club Selection!) This “moving portrait of love and friendship set against a backdrop of social change” (The New York Times Book Review, Editor’s Choice) traces two married couples whose lives become entangled when the husbands become copastors at a famed New York city congregation in the 1960s. Charles and Lily, James and Nan. They meet in Greenwich Village in 1963 when Charles and James are jointly hired to steward the historic Third Presbyterian Church through turbulent times. Their personal differences however, threaten to tear them apart. Charles is destined to succeed his father as an esteemed professor of history at Harvard, until an unorthodox lecture about faith leads him to ministry. How then, can he fall in love with Lily—fiercely intellectual, elegantly stern—after she tells him with certainty that she will never believe in God? And yet, how can he not? James, the youngest son in a hardscrabble Chicago family, spent much of his youth angry at his alcoholic father and avoiding his anxious mother. Nan grew up in Mississippi, the devout and beloved daughter of a minister and a debutante. James’s escape from his desperate circumstances leads him to Nan and, despite his skepticism of hope in all its forms, her gentle, constant faith changes the course of his life. In *The Dearly Beloved*, Cara Wall reminds us of “the power of the novel in its simplest, richest form: bearing intimate witness to human beings grappling with their faith and falling in love,” (Entertainment Weekly, A-) as we follow these two couples through decades of love and friendship, jealousy and understanding, forgiveness and commitment. Against the backdrop of turbulent changes facing the city and the church’s congregation, Wall offers a poignant meditation on faith and reason, marriage and children, and the ways we find meaning in our lives. *The Dearly Beloved* is a gorgeous, wise, and provocative novel that is destined to become a classic.

Toni Tennille Liveright Publishing

One of the most respected journalists in the United States and the bestselling author of *The Future Church* uses his unparalleled knowledge of world affairs and religious insight to investigate the troubling worldwide persecution of Christians. From Iraq and Egypt to Sudan and Nigeria, from Indonesia to the Indian subcontinent, Christians in the early 21st century are the world’s most persecuted religious group. According to the secular International Society for Human Rights, 80 percent of violations of religious freedom in the world today are directed against Christians. In effect, our era is witnessing the rise of a new generation of martyrs. Underlying the global war on Christians is the demographic reality that more than two-

thirds of the world’s 2.3 billion Christians now live outside the West, often as a beleaguered minority up against a hostile majority-- whether it’s Islamic fundamentalism in the Middle East and parts of Africa and Asia, Hindu radicalism in India, or state-imposed atheism in China and North Korea. In Europe and North America, Christians face political and legal challenges to religious freedom. Allen exposes the deadly threats and offers investigative insight into what is and can be done to stop these atrocities. “This book is about the most dramatic religion story of the early 21st century, yet one that most people in the West have little idea is even happening: The global war on Christians,” writes John Allen. “We’re not talking about a metaphorical ‘war on religion’ in Europe and the United States, fought on symbolic terrain such as whether it’s okay to erect a nativity set on the courthouse steps, but a rising tide of legal oppression, social harassment and direct physical violence, with Christians as its leading victims. However counter-intuitive it may seem in light of popular stereotypes of Christianity as a powerful and sometimes oppressive social force, Christians today indisputably form the most persecuted religious body on the planet, and too often its new martyrs suffer in silence.” This book looks to shatter that silence.
