A new, broad, comprehensive view of the innovative poetry of the late, great Trappist monk and religious philosopher Thomas Merton. Poet, Trappist monk, religious philosopher, translator, social critic the late Thomas Merton was all these things. Until now, no selection from his great body of poetry has afforded a comprehensive view of his varied and largely innovative work. In the *Dark Before Dawn: New Selected Poems of Thomas Merton* is not only double the size of Merton's earlier *Selected Poems* (1967), it also arranges his poetry thematically and chronologically, so that readers can follow the poet's multifarious interrelated lines of thought as well as his poetic development over the decades, from his college days in the 1930s to his untimely accidental death in Bangkok in 1968 during his personal Eastern pilgrimage. The selections are grouped under eight thematic headings "Geography's Landscapes," "Poems from the Monastery," "Poems of the Sacred," "Songs of Contemplation," "History's Voices: Past and Present," "Engaging the World,"

"On Being Human," "Merton and Other Languages." *Anti-Intellectualism in American Life* Wipf and Stock Publishers

In this deeply learned book, poet and translator Robert Bly offers nothing less than a new vision of what it is to be a man. Bly's vision is based on his ongoing work with men and reflections on his own life. He addresses the devastating effects of remote fathers and mourns the disappearance of male initiation rites in our culture. Finding rich meaning in ancient stories and legends, Bly uses the Grimm fairy tale "Iron John," in which the narrator, or "Wild Man," guides a young man through eight stages of male growth, to remind us of archetypes long forgotten-images of vigorous masculinity, both protective and emotionally centered. Simultaneously poetic and down-to-earth, combining the grandeur of myth with the practical and often painful lessons of our own histories, *Iron John* is a rare work that will continue to guide and inspire men-and women-for years to come.

In this dazzling memoir, Richard Rodriguez reflects on the color brown and the meaning of Hispanics to the life of America today. Rodriguez argues that America has been brown since its inception-since the moment the African and the European met within the Indian eye. But more than

simply a book about race, Brown is about America in the broadest sense—a look at what our country is, full of surprising observations by a writer who is a marvelous stylist as well as a trenchant observer and thinker.

Life and Times of Frederick Douglass Simon and Schuster

NEW YORK TIMES BESTSELLER • From one of the world's most influential spiritual thinkers, a long-awaited book exploring what it means that Jesus was called "Christ," and how this forgotten truth can restore hope and meaning to our lives. "Anyone who strives to put their faith into action will find encouragement and inspiration in the pages of this book." —Melinda Gates In his decades as a globally recognized teacher, Richard Rohr has helped millions realize what is at stake in matters of faith and spirituality. Yet Rohr has never written on the most perennially talked about topic in Christianity: Jesus. Most know who Jesus was, but who was Christ? Is the word simply Jesus's last name? Too often, Rohr writes, our understandings have been limited by culture, religious debate, and the human tendency to put ourselves at the center. Drawing on scripture, history, and spiritual practice, Rohr articulates a transformative view of Jesus Christ as a portrait of God's constant, unfolding work in the world.

"God loves things by becoming them," he writes, and Jesus's life was meant to declare that humanity has never been separate from God—except by its own negative choice. When we recover this fundamental truth, faith becomes less about proving Jesus was God, and more about learning to recognize the Creator's presence all around us, and in everyone we meet. Thought-provoking, practical, and full of deep hope and vision, *The Universal Christ* is a landmark book from one of our most beloved spiritual writers, and an invitation to contemplate how God liberates and loves all that is.

Hunger of Memory Riverhead Books

The award-winning life story of Wales national poet and vicar R.S. Thomas is "a biography touched by genius." (Craig Brown, *Mail on Sunday*) R.S. Thomas is widely considered as one of the twentieth-century's greatest English language poets. His bitter yet beautiful

collections on Wales, its landscape, people and identity, reflect a life of political and spiritual asceticism. Indeed, Thomas is a man who banned vacuum cleaners from his house on grounds of noise, whose first act on moving into an ancient cottage was to rip out the central heating, and whose attempts to seek out more authentically Welsh parishes only brought him more into contact with loud English holidaymakers. To Thomas's many admirers this will be a surprising, sometimes shocking, but at last humanising portrait of someone who wrote truly metaphysical poetry. "A masterpiece."
-Daily Express "A striking, vivid and tender reading of the man . . . Excellent."
-Observer "Riotiously funny."
-Rowan Williams, Sunday Times "It is precisely Byron Rogers' darkly comic sense of the ridiculous that melts the frost from the head of R.S. Thomas and humanizes a remote and bleakly beautiful writer."
-The Times "A chatty, disorderly but extremely good [biography] . . . A wonderfully comprehensive picture of the man." -Daily Telegraph "As revealing an account of a severely private person that anyone could hope to achieve." -Alan Brownjohn,

Times Literary Supplement
"Engagingly high-spirited and daring." -Andrew Motion, Guardian Book of the Week
"Charming and deftly written. . . . A very funny book."
-Literary Review "As readable and rounded a life of the man as could be written." -Tablet Winner of the James Tait Black prize for biography
The Crooked Mirror W. W. Norton & Company
A Finalist for the 2022 Edgar Award A Washington Post Best Nonfiction Book of the Year A vivid, deeply researched account of the tumultuous life of one of the twentieth century's greatest novelists, the author of *The End of the Affair*. One of the most celebrated British writers of his generation, Graham Greene's own story was as strange and compelling as those he told of Pinkie the Mobster, Harry Lime, or the Whisky Priest. A journalist and MI6 officer, Greene sought out the inner narratives of war and politics across the world; he witnessed the Second World War, the Vietnam War, the Mau Mau Rebellion, the rise of Fidel Castro, and the guerrilla wars of Central America. His classic novels, including *The Matter and The Quiet American*, are only pieces of a career that reads like a primer on the twentieth century itself. *The Unquiet Englishman* braids the narratives of

Greene's extraordinary life. It portrays a man who was traumatized as an adolescent and later suffered a mental illness that brought him to the point of suicide on several occasions; it tells the story of a restless traveler and unfailing advocate for human rights exploring troubled places around the world, a man who struggled to believe in God and yet found himself described as a great Catholic writer; it reveals a private life in which love almost always ended in ruin, alongside a larger story of politicians, battlefields, and spies. Above all, *The Unquiet Englishman* shows us a brilliant novelist mastering his craft. A work of wit, insight, and compassion, this new biography of Graham Greene, the first undertaken in a generation, responds to the many thousands of pages of letters that have recently come to light and to new memoirs by those who knew him best. It deals sensitively with questions of private life, sex, and mental illness, and sheds new light on one of the foremost modern writers.

Attending Others Simon & Schuster
A lyrical literary memoir that explores the exhilarating, discomfoting, and ultimately healing process of Polish-Jewish reconciliation taking place in Poland today "I'd grown up with the phrase 'Never forget' imprinted on my psyche. Its corollary was more elusive. Was it possible to remember—at

least to recall—a world that existed before the calamity?" In the winter of 2000, Louise Steinman set out to attend an international Bearing Witness Retreat at Auschwitz-Birkenau at the invitation of her Zen rabbi, who felt the Poles had gotten a "bum rap." A bum rap? Her own mother could not bear to utter the word "Poland," a country, Steinman was taught, that allowed and perhaps abetted the genocide that decimated Europe's Jewish population, including members of her own extended family. As Steinman learns more about her lost ancestors, though, she finds that the history of Polish-Jewish relations is far more complex. Although German-occupied Poland was the site of horrific Jewish persecution, Poland was for centuries the epicenter of European Jewish life. After the war, Polish-Jewish relations soured. For Poles under Communism, it was taboo to examine or discuss the country's Jewish past. Among Jews in the Diaspora, there was little acknowledgment of the Poles' immense suffering during its dual occupation. Steinman's research leads her to her grandparents' town of Radomsko, whose eighteen thousand Jews were deported or shot during the Nazi occupation. As she delves deeper into the town's and her family's history, Steinman discovers a prewar past where a lively community of Jews and Catholics lived shoulder to shoulder, where a Polish Catholic painted the blue ceiling of the Radomsko synagogue, and a Jewish tinsmith roofed the spires of the Catholic church. She also uncovers untold stories of Poles who rescued their Jewish neighbors in Radomsko and helps bring these heroes to the light of day. Returning time and again to Poland over the course of a decade, Steinman finds Poles who are seeking the truth about the past, however painful, and creating their own rituals to teach their towns about the history of their lost Jewish neighbors. This lyrical memoir chronicles her immersion in the exhilarating, discomfiting, sometimes surreal, and ultimately healing process of Polish-Jewish reconciliation.

The Man Who Went into the West Macmillan

An English aristocrat's WWII letters "illuminate British history . . . [and] offer an indelible portrait of an extraordinary woman and her vanished world." (Kirkus Reviews) Aristocrat, socialite, actress and wife of Duff Cooper, Churchill's wartime Minister for Information, later Ambassador to France and Viscount Norwich, Diana Cooper was also an inveterate letter-writer. Gathered here, her missives to her only son John Julius Norwich during the Second World War and its

aftermath provide a vivid picture of the age and its personalities, and a woman of great intelligence, happiest on her country smallholding but able to cope with the demands on a politician's wife. "While *Darling Monster* is a showcase of Diana's debonair wit, it is also a unique chronicle of wartime Britain. Her vivid descriptions, the sense of bravery in the face of impending doom, make these letters the kind of primary source material historians drool over." —The Guardian

"Cooper is always quick with a turn of phrase, and the collection reminds us of a time, not so long ago, when letters were a natural part of life." —Publishers Weekly

God's Little Acre Penguin

Winner of the 1964 Pulitzer Prize in Nonfiction *Anti-Intellectualism in American Life* is a book which throws light on many features of the American character. Its concern is not merely to portray the scorners of intellect in American life, but to say something about what the intellectual is, and can be, as a force in a democratic society. "As Mr. Hofstadter unfolds the fascinating story, it is no crude battle of eggheads and fatheads. It is a rich, complex, shifting picture of the life of the mind in a society dominated by the ideal of practical success." —Robert Peel in the *Christian Science Monitor*

A day after José Ángel N. first crossed the United States border from Mexico, he was caught and then released onto the streets of Tijuana. Undeterred, N. crawled back through a tunnel to San Diego, where he entered the United States to stay. *Illegal: Reflections of an Undocumented Immigrant* is his timely and compelling memoir of building a new life in America. Arriving in the 1990s with a ninth grade education, N. traveled to Chicago where he found access to ESL and GED classes. He eventually attended college and graduate school and became a professional translator. Despite having a well-paying job, N. was isolated by a lack of legal documentation. Travel concerns made promotions impossible. The simple act of purchasing his girlfriend a beer at a Cubs baseball game caused embarrassment and shame when N. couldn't produce a valid ID. A frustrating contradiction, N. lived in a luxury high-rise condo but couldn't fully live the American dream. He did, however, find solace in the one gift America gave him—his education. Ultimately, N.'s is the story of the triumph of education over adversity. In *Illegal*, he debunks the stereotype that undocumented immigrants are freeloaders without access to education or opportunity for advancement.

With bravery and honesty, N. details the constraints, deceptions, and humiliations that characterize alien life "amid the shadows."

The Crusades of Cesar Chavez

Harvard psychologist and philosopher William James' *The Varieties of Religious Experience: A Study in Human Nature* explores the nature of religion and, in James' observation, its divorce from science when studied academically. After publication in 1902 it quickly became a canonical text of philosophy and psychology, remaining in print through the entire century. "Scientific theories are organically conditioned just as much as religious emotions are; and if we only knew the facts intimately enough, we should doubtless see 'the liver' determining the dicta of the sturdy atheist as decisively as it does those of the Methodist under conviction anxious about his soul. When it alters in one way the blood that percolates it, we get the Methodist, when in another way, we get the atheist form of mind."
