How did a Venice Beach T-shirt vendor become television's most successful producer? How did an entrepreneur who started in a garage create the most iconic product launches in business history? How did a timid pastor's son overcome a paralyzing fear of public speaking to captivate sold-out crowds at Yankee Stadium, twice? How did a human rights attorney earn TED's longest standing ovation, and how did a Facebook executive launch a movement to encourage millions of women to "lean in"? They told brilliant stories. In *The Storyteller's Secret: From TED Speakers to Business Legends, Why Some Ideas*

Catch on and Others Don't, keynote speaker, bestselling author, and communication expert Carmine Gallo reveals the keys to telling powerful stories that inspire, motivate, educate, build brands, launch movements, and change lives. The New York Times has called a well-told story "a strategic tool with irresistible power" - the proof lies in the success stories of 50 icons, leaders, and legends featured in *The Storyteller's Secret*: entrepreneurs like Richard Branson, Sara Blakely, Elon Musk, Steve Jobs, and Sheryl Sandberg; spellbinding speakers like Dr. Martin Luther King, Jr., Bryan Stevenson, and Malala Yousafzai; and business leaders behind famous brands such as Starbucks, Southwest Airlines, Wynn Resorts, Whole Foods, and Pixar. Whether your goal is to educate, fundraise, inspire teams, build an award-winning culture, or to deliver memorable presentations, a story is your most valuable asset and your competitive advantage. In *The Storyteller's Secret*, Gallo explains why the brain is hardwired to love stories - especially rags-to-riches stories - and how the latest science can help you craft a persuasive

narrative that wins hearts and minds. "The art of storytelling can be used to drive change," says billionaire entrepreneur Richard Branson. And since the next decade will see the most change our civilization has ever known, your story will radically transform your business, your life, and the lives of those you touch. Ideas that catch on are wrapped in story. Your story can change the world. Isn't it time you shared yours?

Finding the Next Steve Jobs
Viperion Publishing Corp
What if Life Wasn't About 50 Years of Wage-Slavery, Paying Bills and then Dying? Tired of sleepwalking through a mediocre life bribed by

mindless video-gaming, redemptive weekends, and a scant paycheck from a soul-suffocating job? Welcome to the SCRIPTED club—where membership is neither perceived or consented. The fact is, ever since you've been old enough to sit obediently in a classroom, you have been culturally engineered for servitude, unwittingly enslaved into a Machiavellian system where illusionary rules go unchallenged, sanctified traditions go unquestioned, and lifelong dreams go unfulfilled. As a result, your life is hijacked and marginalised into debt, despair, and dependence. Life's death sentence becomes the daily curse of the trivial and mundane. Fun fades. Dreams die. Don't let life's consolation prize become a car and a weekend. Recapture what is yours and make a revolutionary repossession of life-and-liberty through the pursuit of entrepreneurship. A paradigm shift isn't needed—the damn paradigm needs to be thrown-out altogether. The truth is, if you blindly follow conventional wisdom pushed by conventional people living

conventional lives, can you expect to be anything but conventional? Rewrite life's script: ditch the job, give Wall Street the bird, and escape the insanity of trading your life away for a paycheck and an elderly promise called retirement. UNSCRIPT today and start leading life—instead of life leading you.

In *The Icarus Deception*, Seth Godin's most inspiring book, he challenges readers to find the courage to treat their work as a form of art. Everyone knows that Icarus's father made him wings and told him not to fly too close to the sun; he ignored the warning and plunged to his doom. The lesson: Play it safe. Listen to the experts. It was the perfect propaganda for the industrial economy. What boss wouldn't want employees to believe

that obedience and conformity are the keys to success? But we tend to forget that Icarus was also warned not to fly too low, because seawater would ruin the lift in his wings. Flying too low is even more dangerous than flying too high, because it feels deceptively safe. The safety zone has moved. Conformity no longer leads to comfort. But the good news is that creativity is scarce and more valuable than ever. So is choosing to do something unpredictable and brave: Make art. Being an artist isn't a genetic disposition or a specific talent. It's an attitude we can all adopt. It's a hunger to seize new ground, make connections, and work without a map. If you do those things you're an artist, no matter what it says on your business card. Godin shows us how it's possible and convinces us why it's essential. 'If Seth Godin didn't exist, we'd need to invent him' Fast Company 'Seth Godin is a demigod on the web, a bestselling author, highly

sought-after lecturer, successful entrepreneur, respected pundit and high-profile blogger' Forbes Seth Godin is the author of thirteen international bestsellers that have changed the way people think about marketing, the ways ideas spread, leadership and change including *Permission Marketing*, *Purple Cow*, *All Marketers are Liars*, *The Dip* and *Tribes*.
