Data Structures multiple choice questions answers are useful for IT students. Take a test of Data Structures! MCQ Sorting algorithms in data structures.

Data Structure Questions and Answers - Sanfoundry

1) What is data structure? Data structure refers to the way data is organized and manipulated. It seeks to find ways to make data access more efficient. When dealing with data structure, we not only focus on one piece of data, but rather different set of data and how they can relate to one another in an organized manner.
