Having clear boundaries is essential to a healthy, balanced lifestyle. A boundary is a personal property line that marks those things for which we are responsible. In other words, boundaries define who we are and who we are not. Boundaries impact all areas of our lives: Physical boundaries help us determine who may touch us and under what circumstances -- Mental boundaries give us the freedom to have our own thoughts and opinions -- Emotional boundaries help us to deal with our own emotions and disengage from the harmful, manipulative emotions of others -- Spiritual boundaries help us to distinguish God's will from our own and give us renewed awe for our Creator -- Often, Christians focus so much on being loving and unselfish that they forget their own limits and limitations. When confronted with their lack of boundaries, they ask: - Can I set limits and still be a loving person? - What are legitimate boundaries? - What if someone is upset or hurt by my boundaries? - How do I answer someone who wants my time, love, energy, or money? - Aren't boundaries selfish? - Why do I feel guilty or afraid when I consider setting boundaries? Dr. Henry Cloud and Dr. John Townsend offer biblically-based answers to these and other tough questions, showing us how to set healthy boundaries with our parents, spouses, children, friends, co-workers, and even ourselves.

Imagine . . . an interconnected group of people who entrust themselves to each other. You can speak of your pain, and someone responds with compassion and prayer. You can speak of your joys, and someone rejoices with you. You can ask for help with sinful struggles, and someone prays with you. The goal of this book is that these meaningful relationships will become a natural part of daily life in your church. With short chapters and discussion questions meant to be read in a group setting, Ed Welch guides small groups through eight lessons that show what it looks like when ordinary, needy people care for other ordinary, needy people in everyday life.

Every parent wants the best for their child. That's why they send them to college! But most parents struggle to pay for school and end up turning to student loans. That's why the majority of graduates walk away with \$35,000 in student loan debt and no clue what that debt will really cost them.1 Student loan debt doesn't open doors for young adults—it closes them. They postpone getting married and starting a family. That debt even takes away their freedom to pursue their dreams. But there is a different way. Going to college without student loans is possible! In Debt-Free Degree, Anthony O'Neal teaches parents how to get their child through school without debt, even if they haven't saved for it. He also shows parents: *How to prepare their child for college *Which classes to take in high school *How and when to take the ACT and SAT *The right way to do college visits *How to choose a major A college education is supposed to prepare a graduate for their future, not rob them of their paycheck and freedom for decades. Debt-Free Degree shows parents how to pay cash for college and set their child up to succeed for life.

In this faith-bolstering book, best-selling author Edward T. Welch investigates the roots of fear in the human heart and the ramifications of living in the grips of anxiety, worry, and dread. Running Scared explores how fear inescapably takes

root in all of our lives—and how our race for the good life finds us all too often “running scared.” Welch encourages readers to discover for themselves how the Bible is full of beautiful words of comfort and peace for fearful people. Everyone is afraid of something, and Welch guides readers to see how Jesus enters in to fear. Within thirty topical meditations, Welch offers sound biblical theology, gospel answers, and moment-by-moment, thoughtful encouragement for those in a heart and mind battlefield of rampant, panic-stricken fear. This comprehensive primer on the topic of fear, worry, and the rest of God will have readers retreating to Scripture for invariable constancy, stalwart care, and robust comfort rather than human independence, control, and self-protectiveness. Running Scared affirms that, through Scripture, God speaks directly to our fears, including: Money and possessions People and their judgments Death, pain, suffering, and punishment Welch's lively text provides convincing evidences that humanity's struggle against active and dormant fears are countless. He presents the good news that God provides both the remedy and the cure for this malady in the person of Jesus Christ, the work of the Holy Spirit, and through powerful, life-altering promises in Scripture. Far more than merely another psychology "self-help" guide, Running Scared serves as a biblical road map to a life of serenity and security.
