The Foolish Guide to Personal Finance Ramsey Press

Using minimal tools and a simple technique of bending, interweaving, and fastening together sticks, artist Patrick Dougherty creates works of art inseparable with nature and the landscape. With a dazzling variety of forms seamlessly intertwined with their context, his sculptures evoke fantastical images of nests, cocoons, cones, castles, and beehives. Over the last twenty-five years, Dougherty has built more than two hundred works throughout the United States, Europe, and Asia that range from stand-alone structures to a kind of modern primitive architecture--every piece mesmerizing in its ability to fly through trees, overtake buildings, and virtually defy gravity. Stickwork, Dougherty's first monograph, features thirty-eight of his organic, dynamic works that twist the line between architecture, landscape, and art. Constructed on-site using locally sourced materials and local volunteer labor, Dougherty's sculptures are tangles of twigs and branches that have been transformed into something unexpected and wild, elegant and artful, and often humorous. Sometimes freestanding, and other times wrapping around trees, buildings, railings, and rooms, they are constructed indoors and in nature. As organic matter, the

stick sculptures eventually disintegrate and fade back into the landscape. Featuring a wealth of photographs and drawings documenting the construction process of each remarkable structure, Stickwork preserves the legend of the man who weaves the simplest of materials into a singular artistic triumph.

Every parent wants the best for their child. That's why they send them to college! But most parents struggle to pay for school and end up turning to student loans. That's why the majority of graduates walk away with \$35,000 in student loan debt and no clue what that debt will really cost them.¹ Student loan debt doesn't open doors for young adults—it closes them. They postpone getting married and starting a family. That debt even takes away their freedom to pursue their dreams. But there is a different way. Going to college without student loans is possible! In *Debt-Free Degree*, Anthony O'Neal teaches parents how to get their child through school without debt, even if they haven't saved for it. He also shows parents:

- *How to prepare their child for college
- *Which classes to take in high school
- *How and when to take the ACT and SAT
- *The right way to do college visits
- *How to choose a major

A college education is supposed to prepare a graduate for their future, not rob them of their paycheck and freedom for decades. *Debt-Free Degree* shows parents how to pay cash for college and set their child up to succeed for life.

What does the Bible really say about money? About wealth? How much does God expect you to give to others? How does wealth affect your friendships, marriage, and children? How much is "enough"? There's a lot of bad information in our culture today about wealth—and the wealthy. Worse, there's a growing backlash in America against our most successful citizens, but why? To many, wealth is seen as the natural result of

hard work and wise money management. To others, wealth is viewed as the ultimate, inexcusable sin. This has left many godly men and women confused about what to do with the resources God's put in their care. They were able to build wealth using God's ways of handling money, but then they are left feeling guilty about it. Is this what God had in mind?

In *Love Your Life, Not Theirs*, Rachel Cruze shines a spotlight on the most damaging money habit we have: comparing ourselves to others. Then she unpacks seven essential money habits for living the life we really want--a life in line with our values, where we can afford the things we want to buy without being buried under debt, stress, and worry. The Joneses are broke. Life looks good, but hidden beneath that glossy exterior are credit card bills, student loans, car payments, and an out-of-control mortgage. Their money situation is a mess, and they're trying to live a life they simply can't afford. So why exactly do we try so hard to keep up with the Joneses? Are we really living the lives we want, or are we chasing someone else's dream, just trying to keep up appearances on social media, at church, and in our community? Why are we letting other people set the pace for our own family's finances? In *Love Your Life, Not Theirs*, Rachel shows you how to buy and do the things that are important to you--the right way. That starts by choosing to quit the comparisons, reframing the way you think about money, and developing new habits like avoiding debt, living on a plan, watching your spending, saving for the future, having healthy conversations about money, and giving. These habits work, and Rachel is living proof. Now, she wants to empower you to live the life you've always dreamed of without creating the debt, stress, and worry that are all too often part of the deal. Social media isn't real life, and trying to keep up with the Joneses will never get you anywhere. It's time to live--and love--your life, not theirs. "I've never read a book about money that takes this approach--and that's a good thing! Comparison has a way of weaving itself throughout all aspects of our lives, including our money. In *Love Your Life, Not Theirs*, Rachel Cruze outlines the seven money habits that really matter--and they have nothing to do with keeping up with the Joneses!" Candace Cameron-Bure Actress, author, and co-host of *The View* "Love Your Life, Not Theirs is full of the kind of practical, straightforward advice we've come to expect from Rachel Cruze. She offers guidance on paying down debt, smart saving, and the right way to talk to your spouse about money. These indispensable tips can help with day-to-day spending decisions and put you on a path to establishing healthy financial habits." Susan Spencer Editor-in-Chief for *Woman's Day* "Cruze's self-deprecating and honest voice is a great resource for anyone wanting to take charge of their money. With humor and approachability, she helps her readers set themselves up for success and happiness, no matter what current financial state they may be in." Kimberly Williams-Paisley New York Times best-selling author of *Where the Light Gets In* "In today's world of social media, the temptation to play the comparison game is stronger than ever. *Love Your Life, Not Theirs* is the perfect reminder that, when it comes to money, comparison is a game you can't win.
