"Everyone gets mad at hustlers,

especially if you're on the victim side of the hustle. And Miles knew hustling was in his veins." Miles Morales is just your average teenager. Dinner every Sunday with his parents, chilling out playing old-school video games with his best friend, Ganke, crushing on brainy, beautiful poet Alicia. He's even got a scholarship spot at the prestigious Brooklyn Visions Academy. Oh yeah, and he's Spider Man. But lately, Miles's spidey-sense has been on the fritz. When a misunderstanding

leads to his suspension from school, Miles begins to question his abilities. After all, his dad and uncle were Brooklyn jack-boys with criminal records. Maybe kids like Miles aren't meant to be superheroes. Maybe Miles should take his dad's advice and focus on saving himself. As Miles tries to get his school life back on track, he can't shake the vivid nightmares that continue to haunt him. Nor can he avoid the relentless buzz of his spidey-sense every day in history class, amidst his teacher's lectures on the historical "benefits" of slavery and the importance of the modern-day prison system. But after his scholarship is threatened, Miles uncovers a chilling plot, one that puts his friends, his

neighborhood, and himself at risk. It's time for Miles to suit up.

The stunning new thriller from one of the fastest-growing stars of the genre. 2008: deep in the mountain forests of Wyoming, Julian Cooke stumbles across the rotting remains of a wooden wagon. He's discovered what's left of the Preston Group, a convoy of settlers that vanished in the winter of 1856. It's clear that something horrific happened here all those years ago, but Cooke can only find a few tantalising clues. 1856: as early snows descend, the eclectic group of settlers that form the Preston wagon train are forced to dig in. Miles from any kind of civilisation, they see the group of Native Americans also trapped nearby as their greatest threat. But they soon realise what true danger is. When a woman is found murdered, one of the Indian party struggles wounded back to camp, whispering of unspeakable evil as he dies. United by fear, the settlers and the Indians must protect themselves against whatever is lurking in the woods. But as suspicion and panic grow, perhaps their own terror will be just as dangerous. Or maybe, whatever's out there is worse than anything they can imagine. Back in the present day, as Cooke unravels the mystery, he must question if the horror he is uncovering was in fact only the start of something much worse...

Jake Ransom and the Howling Sphinx Penguin UK
Book one in the blockbuster Darkest Minds series —now with key art from the major motion picture that's hitting theaters September 2018! When Ruby woke up on her tenth birthday, something about her had changed. Something alarming enough to make her parents lock her in the garage and call the police. Something that got her sent to Thurmond, a brutal government "rehabilitation camp." She might have survived the mysterious disease that killed most of America's children, but she and the others emerged with something far worse: frightening abilities they cannot control. Now sixteen, Ruby is one of the dangerous ones. But when the truth about Ruby's abilities—the truth she's hidden from everyone, even the camp authorities—comes out, Ruby barely escapes Thurmond with her life. On the run, she joins a group of kids who escaped their own camp: Zu, a young girl haunted by her past; Chubs, a standoffish brainiac; and Liam, their fearless leader, who is falling hard for Ruby. But no matter how much she aches for him, Ruby can't risk getting close. Not after what happened to her parents. While they journey to find the one safe haven left for kids like them—East River—they must evade their determined pursuers, including an organization that will stop at nothing to use Ruby in their fight against the government. But as

they get closer to grasping the things they've dreamed of, Ruby will be faced with a terrible choice, one that may mean giving up her only chance at a life worth living.

apocalyptic thriller from the one of the brightest stars of the genre... 'Chillingly plausible' DAILY TELEGRAPH It seems to be a very normal Monday morning. But in the space of only a few days, the world's oil supplies have been severed and at a horrifying pace things begin to unravel everywhere. And this is no natural disaster: someone is behind this. Jenny is stuck in Manchester, fighting desperately against the rising chaos to get back to London, where her children are marooned as events begin to spiral out of control: riots, raging fires, looting, rape and murder. In the space of a week, London is transformed into a lawless and anarchic vision of hell. Jenny's estranged husband, oil engineer Andy Sutherland, is stranded in Iraq with a company of British soldiers, desperate to find a way home to his family, trapped as transport links and the very infrastructure of daily life begin to collapse around him. And against all this, a mysterious man is tracking Andy's family. He'll silence anyone who might be able to reveal the identities of those behind this global disaster. It seems that the same people who now have a stranglehold

on the future of civilisation have flexed their muscles before, at other significant tipping points in history, and they are prepared to do anything to keep their secret - and their power - safe.

... When Maddy mistakenly opens a time window where and when she shouldn't, Liam is marooned sixty-five million years in the past, in the hunting ground of a deadly, and until now undiscovered, species of prehistoric predator. Can Liam make contact with Maddy and Sal before he's hunted down by dinosaurs, and without changing history so much that the world is overtaken by a terrifying new reality? The second book in the thrilling TimeRiders series is just as fast-paced, intelligent, and mind-bending as the first.

TimeRiders: City of Shadows (Book 6) Tundra Books

This pivot analyzes the historical emergence of legal graffiti and how it has led to a new ethos among writers. Examining how contemporary graffiti writing has been brought into new relationships with major social institutions, it explores the contemporary dynamics between graffiti, society, the art world and social media, paying particular attention to how New York

City's political elite has reacted to graffiti. Despite its major structural transformation, officials in New York continue to construe graffiti writing culture as a monolithic, criminal enterprise, a harbinger of economic and civic collapse. This basic paradox — persistent state opposition to legal forms of graffiti that continue to gain social acceptance — is found in many other major cities throughout the globe, especially those that have embraced neoliberal forms of governance. The author accounts for the cultural conflicts that graffiti consistently engenders by theorizing the political and economic advantages that elites secure by endorsing strong 'anti-graffiti' positions.
