DAYTON Drill Press,

Presses -  
3Z919|3Z919 -  
Grainger Industrial  
Supply If you're  
going to run it a  
lot, I would  
recommend a motor  
that is designed to  
run vertically and  
not eat its  
bearings. The VFD

option is great (I  
recommend  
sensorless vector  
VFD on a drill  
press).
