You've done all the right things to lose weight and balance your blood

sugar. You've counted calories, exercised, and switched to a low-glycemic diet-all with no long-term success. In *Belly Fat Effect*, Mike Mutzel provides the missing links that are standing between you and weight control and blood sugar management. New research has proved that the 'calories in-calories out' path to weight loss is obsolete. It just doesn't work for good reason: Eating fewer calories and exercising more doesn't account for the waist-busting influence of inflammatory foods, gut bacteria, and other metabolic influences. *Belly Fat Effect* translates the new science into useable information that will give you a winning edge over your excess pounds and roller-coaster blood sugar levels. Learn now how to burn fat, not store it.

### **Hellbound**

The acclaimed investigative reporter and author of *Confronting*

*Collapse* examines the global forces that led to 9/11 in this provocative exposé. The attacks of September 11, 2001 were accomplished through an amazing orchestration of logistics and personnel. *Crossing the Rubicon* examines how such a conspiracy was possible through an interdisciplinary analysis of petroleum, geopolitics, narco-traffic, intelligence and militarism—without which 9/11 cannot be understood. In reality, 9/11 and the resulting "War on Terror" are parts of a massive authoritarian response to an emerging economic crisis of unprecedented scale. Peak Oil—the beginning of the end for our industrial civilization—is driving the elites of American power to implement unthinkably draconian measures of repression, warfare and population control. *Crossing the Rubicon* is more than a story of corruption and greed. It is a map of the perilous terrain through which we are all now making our way.

### The Standing Stone
